Price: **736.77 zł** gross / 599.00 zł net

Manufacturer: QUWIRELESS

Referention number: DNXXGKPMKRMMOH

Product features

Height	276 mm
Antenna type	Directional antenna
Width	272 mm
Depth	96 mm
Harmonized System (HS) code	85177100
Antenna gain level (max)	6 gain
Impedance	50 Ω
IFU / User manual	Yes
Country of origin	Poland
Operating temperature (T-T)	-40 - 75 °C
Mounting	Wall/Pole
International Protection (IP) code	IP67
Product colour	White
Voltage Standing Wave Ratio (VSWR)	1.8
Horizontal beam width (2.4 GHz)	360
Vertical beam width (2.4 GHz)	25
Horizontal beam width	90 °
Vertical beam width	90 °
Polarization	Vertical polarization
Antenna gain (2.4 GHz)	6
Gain	4 gain
Antenna connector type	PoE/LAN

Watch case material	Acrylonitrile butadiene styrene (ABS)
Designation	Indoor & outdoor
Product weight	1800 g

Full product description

QuWireless QuMax A955M - your one-stop solution

Meet the QuWireless QuMax A955M, an advanced LTE, Wi-Fi and GPS antenna specifically designed for Teltonika's RUT956 and RUT955 routers. This reliable device guarantees the highest quality connections in all conditions. Ideal for indoor and outdoor applications, the antenna will work wherever you need stable and fast internet.

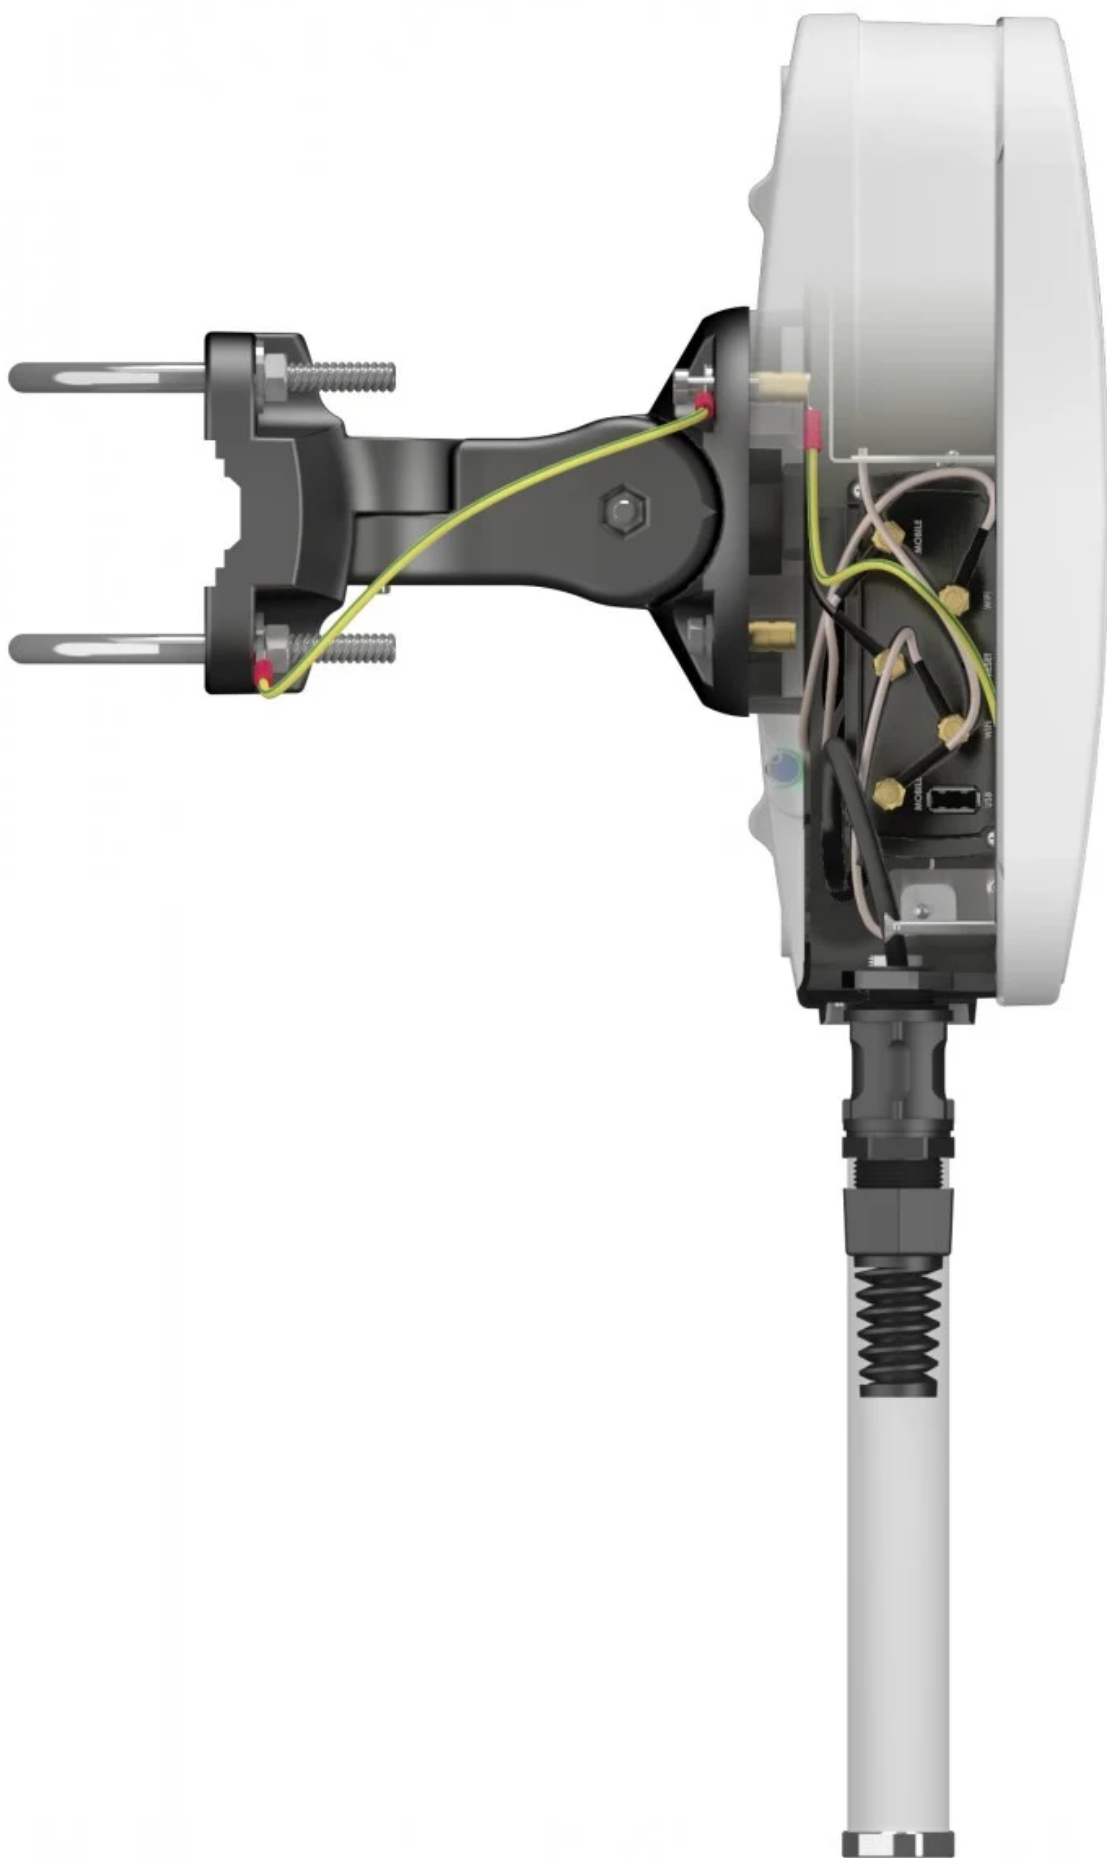

Exceptional performance

QuWireless offers an antenna gain level of 7 dBi for Wi-Fi and LTE, providing exceptional connection performance. Thanks to the advanced technology, **you can transfer data at maximum speed**, regardless of external conditions. The antenna guarantees **stable and fast connections**, ideal for demanding users.

Resistance to outdoor conditions

The QuMax A955M antenna is extremely weatherproof, thanks to its IP67 rating. Rugged construction with materials such as ABS, aluminum and fiberglass ensures longevity and reliability. The QuMax A955M operates over a wide temperature range from -40°C to 75°C, making it an ideal choice for outdoor applications.

Easy installation and use

With compact dimensions of 272 x 276 x 96 mm and a weight of 1.8 kg, the antenna is **easy to install**. The ability to be powered by PoE simplifies installation, eliminating the need for additional power cables. The antenna is fully compatible with Teltonika's RUT956 and RUT955 routers for seamless integration.
