Price: **661.74 zł** gross / 538.00 zł net

Manufacturer: QUWIRELESS

Referention number: DNXXGKPMRMMP

Product features

Height	276 mm
Antenna type	Directional antenna
Width	272 mm
Depth	96 mm
Mounting kit	Yes
Antenna gain level (max)	14 gain
Impedance	50 Ω
IFU / User manual	Yes
Country of origin	Poland
Operating temperature (T-T)	-40 - 75 °C
Mounting	Wall/Pole
International Protection (IP) code	IP67
Product colour	White
Voltage Standing Wave Ratio (VSWR)	2
Horizontal beam width (5 GHz)	90 °
Vertical beam width (5 GHz)	16 °
Horizontal beam width (2.4 GHz)	90
Vertical beam width (2.4 GHz)	30
Polarization	Dual polarization
Antenna gain (2.4 GHz)	12
Antenna gain (5 GHz)	14 gain
Antenna connector type	PoE/LAN

Watch case material	Acrylonitrile butadiene styrene (ABS)
Designation	Indoor & outdoor
Product weight	1800 g

Full product description

QuWireless QuMax AX10M - performance and reliability in your network

Meet the QuWireless QuMax AX10M, a Wi-Fi and Bluetooth antenna designed specifically for the Teltonika RUTX10 V2 router. This advanced sector antenna offers exceptional performance and connection stability, regardless of conditions. With the QuWireless QuMax AX10M, your network will perform at the highest level, providing a reliable connection for all your devices.

High performance connections

The QuMax AX10M offers an impressive energy gain of up to 7 dBi for the Wi-Fi band, ensuring **strong and stable connections**. Thanks to its advanced sector antenna technology, you can enjoy fast and reliable Internet throughout your network. It's the ideal solution for users who require superior network services.

Resistance to harsh conditions

The QuMax AX10M antenna is designed to operate in the harshest weather conditions. Made of durable materials such as ABS, aluminum and PTFE, and with an IP67 rating, it is **dust and water resistant**. So you can rest assured that your connection will remain stable, regardless of the weather.

Easy installation and versatility

The QuWireless QuMax AX10M is **easy to install with PoE technology**, eliminating the need to run additional power cables. The antenna is fully compatible with Teltonika's RUTX10 V2 router for seamless integration. It is a versatile product that will meet the needs of both home users and professionals.
