Price: **736.77 zł** gross / 599.00 zł net

Manufacturer: QUWIRELESS

Referention number: DNXXGKPNDRMMIM

Product features

Height	276 mm
Antenna type	Directional antenna
Width	272 mm
Depth	96 mm
Antenna gain level (max)	6 gain
Impedance	50 Ω
IFU / User manual	Yes
Country of origin	Poland
Operating temperature (T-T)	-40 - 75 °C
Mounting	Wall/Pole
International Protection (IP) code	IP67
Product colour	White
Voltage Standing Wave Ratio (VSWR)	1.8
Horizontal beam width (5 GHz)	360 °
Vertical beam width (5 GHz)	25 °
Horizontal beam width (2.4 GHz)	360
Vertical beam width (2.4 GHz)	25
Horizontal beam width	90 °
Vertical beam width	90 °
Polarization	Vertical polarization
Antenna gain (2.4 GHz)	6
Antenna gain (5 GHz)	7 gain

Gain	4 gain
Antenna connector type	PoE/LAN
Watch case material	Acrylonitrile butadiene styrene (ABS)
Designation	Indoor & outdoor
Product weight	1800 g

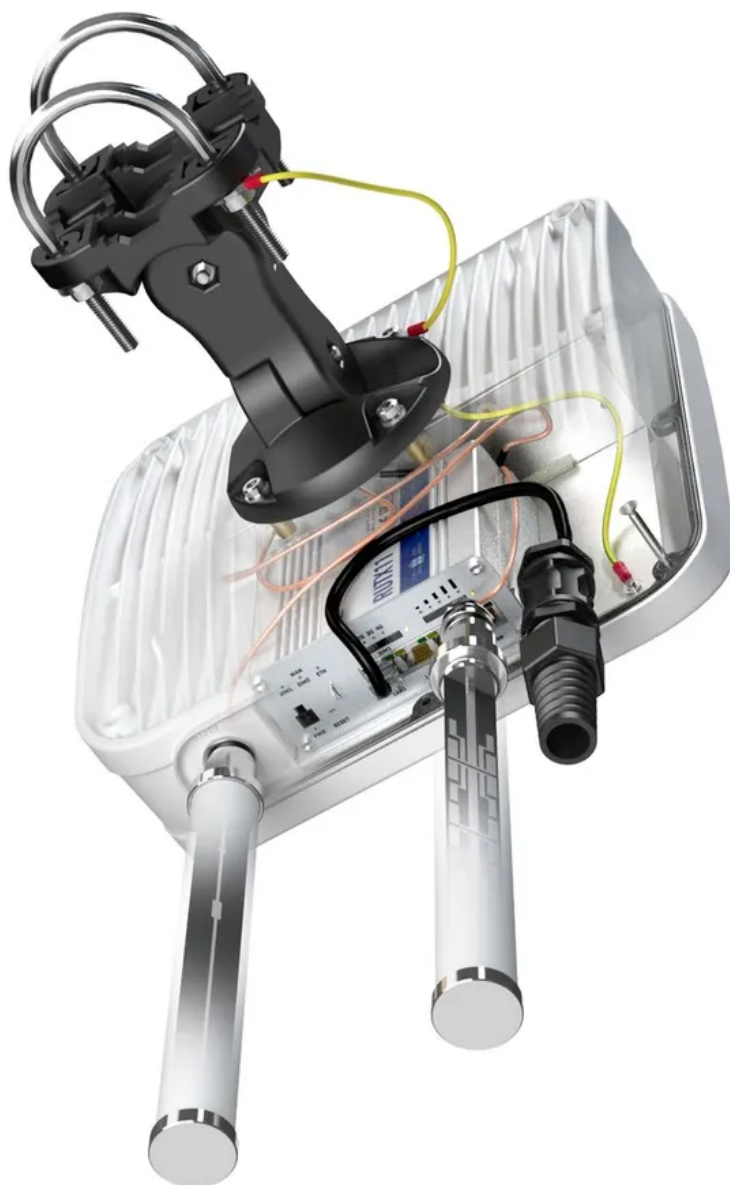

Full product description

QuWireless QuMax AX11M end-to-end communications solution

This innovative product provides unmatched performance and reliability, enabling stable and fast connections in all conditions. An ideal choice for professionals and home users who expect the highest quality of service.

Performance and coverage

The QuWireless QuMax AX11M offers **an impressive energy gain of up to 7 dBi**, providing strong and stable Wi-Fi and LTE connections. The directional antenna allows a wide radiation angle, guaranteeing optimal signal coverage. This allows you to enjoy fast and reliable Internet access, as well as GPS and Bluetooth services.

Resistance to harsh conditions

The QuMax AX11M antenna is designed to operate in the toughest conditions. **Its housing is made of durable materials** such as ABS, aluminum and fiberglass, and its IP67 rating provides protection against dust and water. This makes it ideal for outdoor applications where reliability is key.

Ease of installation and versatility

The QuWireless QuMax AX11M is easy to install and fully compatible with Teltonika's RUTX11 router. Thanks to PoE technology, installation of the antenna is quick and does not require additional power cables. It is a versatile product that will meet the needs of both professionals and home users.
