Price: **886.83 zł** gross / 721.00 zł net

Manufacturer: QUWIRELESS

Referention number: DNXXGKPNRMMJL

Product features

Height	99 mm
Antenna type	Directional antenna
Width	392 mm
Depth	392 mm
Antenna gain level (max)	6 gain
Impedance	50 Ω
Country of origin	Poland
Operating temperature (T-T)	-40 - 75 °C
Mounting	Wall/Pole
International Protection (IP) code	IP67
Product colour	White
Voltage Standing Wave Ratio (VSWR)	1.3 - 1.8
Horizontal beam width (5 GHz)	360 °
Vertical beam width (5 GHz)	25 °
Horizontal beam width (2.4 GHz)	360
Vertical beam width (2.4 GHz)	25
Horizontal beam width	90 °
Vertical beam width	90 °
Polarization	Vertical polarization
Antenna gain (2.4 GHz)	6
Antenna gain (5 GHz)	7 gain
Gain	4 gain

Antenna connector type	PoE/LAN
Watch case material	Acrylonitrile butadiene styrene (ABS)
Designation	Indoor & outdoor
Product weight	3700 g

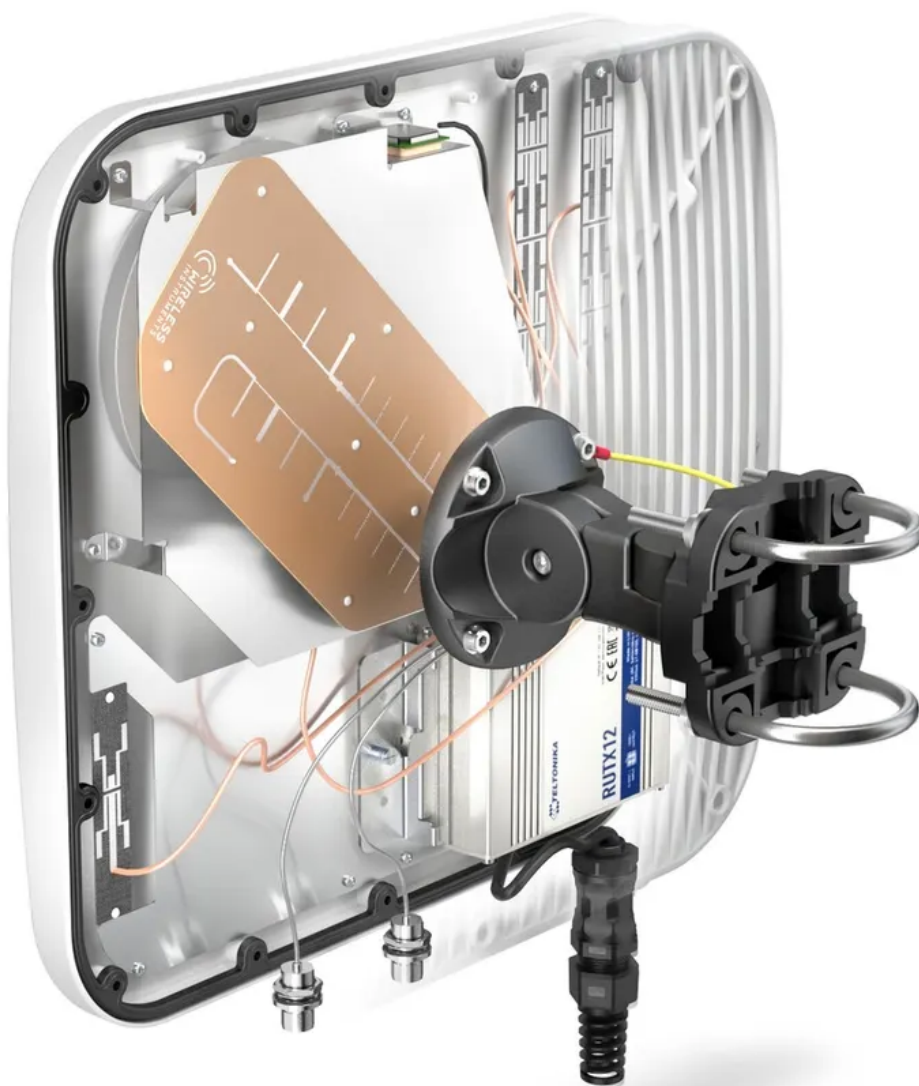

Full product description

QuWireless QuMax AX12M end-to-end communications solution

Discover the QuWireless QuMax AX12M, a unique antenna designed specifically for Teltonika's RUTX12 and RUTX14 routers. This advanced Wi-Fi, LTE, GPS and Bluetooth antenna combines all the necessary features to ensure stable and fast connections in all conditions. An ideal choice for professionals and home users who demand reliability and performance.

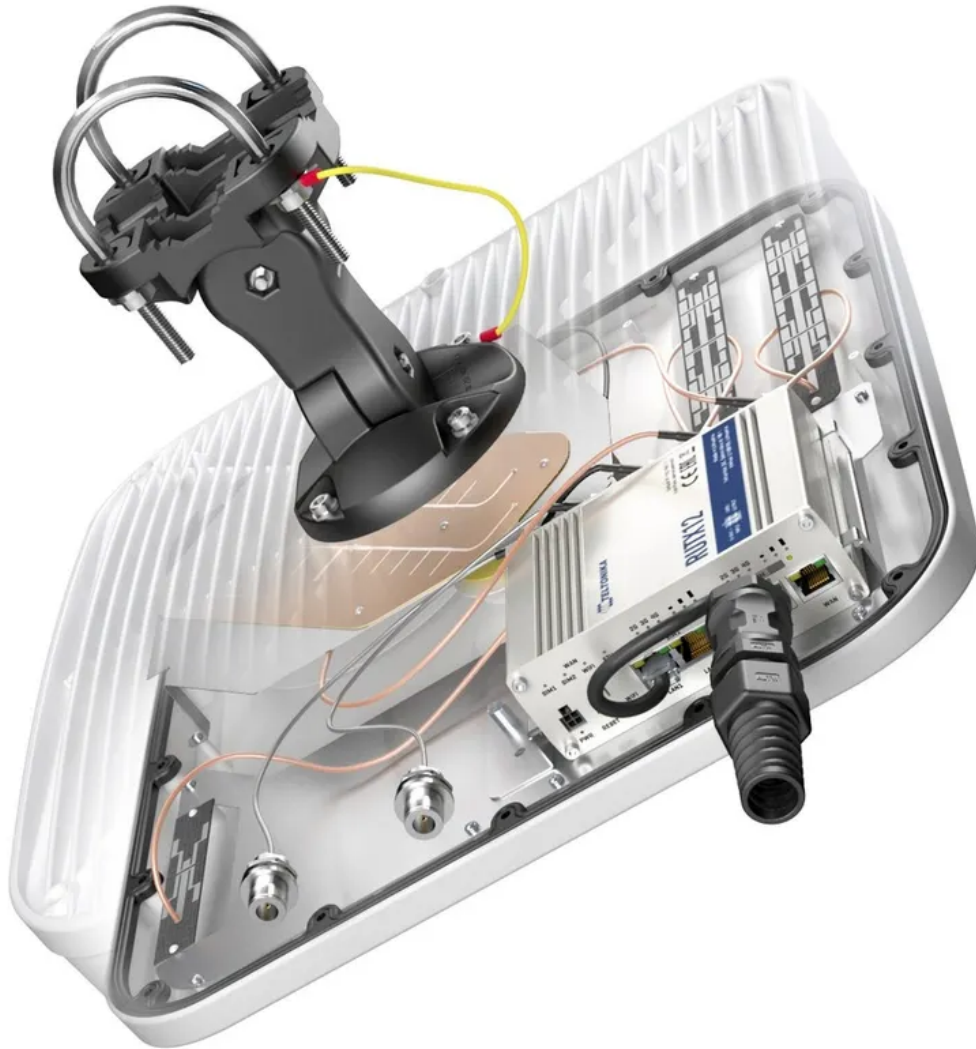

Exceptional connection performance

The QuMax AX12M offers impressive energy gain, reaching 6 dBi for LTE band and 3 dBi for Wi-Fi. The directional antenna provides a wide radiation angle, guaranteeing **strong and stable connections even in the most demanding conditions**. So you can enjoy fast and reliable Internet access, as well as GPS and Bluetooth services.

Weather resistance

The QuMax AX12M is designed to withstand the harshest weather conditions. A housing made of ABS, aluminum and fiberglass materials, along with an IP67 rating, provide **protection from dust and water**. This makes the antenna ideal for outdoor applications where reliability is key.

Compatibility and ease of installation

The QuWireless QuMax AX12M antenna is fully compatible with Teltonika's RUTX12 and RUTX14 routers, ensuring **easy integration and quick deployment**. Thanks to PoE (Power over Ethernet) technology, installation of the antenna is simple and requires no additional power cables. This saves time and reduces installation costs, making it an ideal choice for both professionals and home users.
