Price: **675.27 zł** gross / 549.00 zł net

Manufacturer: QUWIRELESS

Referention number: DNXXGKPNFRMMKK

Product features

Height	99 mm
Antenna type	Directional antenna
Width	392 mm
Depth	392 mm
Mounting kit	Yes
Antenna gain level (max)	7 gain
Impedance	50 Ω
Protection features	Dust resistant
Operating temperature (T-T)	-40 - 75 °C
Mounting	Wall/Pole
Water-resistant	Yes
International Protection (IP) code	IP67
Product colour	White
Voltage Standing Wave Ratio (VSWR)	1.7 - 2
Horizontal beam width	70 °
Vertical beam width	70 °
Polarization	Dual polarization
Gain	7 gain
Antenna connector type	PoE/LAN
Watch case material	Acrylonitrile butadiene styrene (ABS)
Designation	Outdoor
Product weight	3700 g

Full product description

QuWireless QuMax XR AXRL - the perfect LTE connection for your network

This advanced product provides unparalleled performance and reliability, enabling stable and high-speed connections in all conditions. An ideal choice for professionals and home users who expect superior service.

High Performance and Stable Connections

The QuMax XR AXRL provides an impressive energy gain of up to 7 dBi for LTE, ensuring strong and stable connections. The X-Pol dual-polarized directional antenna enables **a wide radiation angle** for optimal signal coverage. It's ideal for users who are looking for reliable connections in all conditions.

Resistance to harsh conditions

The QuMax XR AXRL is designed to withstand the harshest weather conditions. With a rugged ABS, aluminum and fiberglass housing and an IP67 rating, the antenna is resistant to dust and water. This makes it **ideal for outdoor applications** where reliability is key.

Ease of installation and versatility

The QuWireless QuMax XR AXRL antenna is easy to install and fully compatible with Teltonika's RUT240, RUT950, RUT955, RUTX09 and RUTX11 routers. Thanks to PoE technology, **installation is quick and no additional power cables are required**. It is a versatile product that will meet the needs of both professionals and home users.
