Full product description

If you're looking for a reliable antenna that provides a stable connection and excellent performance, the QuWireless QuMini A140I is for you.

This state-of-the-art antenna, specially developed for Teltonik TRB140, guarantees the highest quality LTE signal regardless of the conditions. You find the perfect solution for your LTE network!

Exceptional LTE performance

The QuWireless QuMini A140I provides excellent LTE signal enhancement with its advanced technology. With a maximum antenna gain of up to 3 dBi, you can count on **a stable and fast connection**. The antenna operates over a wide frequency range of 0.7 to 2.7 GHz for versatility and reliability.

Resistance to outdoor conditions

The QuMini A140I is an IP67-rated omnidirectional antenna, which means it is **fully dust and water resistant**. Regardless of the weather conditions, this antenna will work flawlessly, guaranteeing an uninterrupted connection. Ideal for indoor and outdoor applications, it ensures reliability in any situation.

Easy installation and compatibility

The antenna is easy to install, and can be mounted on a wall or pole. Thanks to the special design dedicated to the Teltonik TRB140, **installation is quick and hassle-free**. The QuWireless QuMini A140I is an excellent choice for anyone who needs a reliable LTE antenna for their TRB140.
