Price: **505.53 zł** gross / 411.00 zł net

Manufacturer: QUWIRELESS

Referention number: DNXGGKPLJRMMMK

Product features

Height	240 mm
Antenna type	Omni-directional antenna
Width	160 mm
Depth	160 mm
Antenna gain level (max)	7 gain
Impedance	50 Ω
IFU / User manual	Yes
Country of origin	Poland
Operating temperature (T-T)	-40 - 75 °C
Mounting	Wall/Pole
International Protection (IP) code	IP67
Product colour	White
Voltage Standing Wave Ratio (VSWR)	2
Horizontal beam width (5 GHz)	360 °
Vertical beam width (5 GHz)	25 °
Horizontal beam width (2.4 GHz)	360
Vertical beam width (2.4 GHz)	25
Polarization	Vertical polarization
Antenna gain (2.4 GHz)	6
Antenna gain (5 GHz)	7 gain
Antenna connector type	PoE/LAN
Watch case material	Acrylonitrile butadiene styrene (ABS)

Designation	Indoor & outdoor
Product weight	1500 g

Full product description

QuWireless QuSpot AX10S - Your one-stop communications solution

This innovative omni-directional antenna provides exceptional performance and reliability, allowing you to enjoy fast and stable connections in any situation. The QuWireless QuSpot AX10S is the ideal product for users who demand the highest quality networks and services.

High performance and range

The QuWireless QuSpot AX10S offers an impressive energy gain of up to 7 dBi for Wi-Fi and 2 dBi for Bluetooth. The Wi-Fi antenna operates over a wide frequency range from 2.40 to 6.00 GHz, providing **excellent signal coverage throughout the space**. With its vertical polarization and 360° radiation angle, users can enjoy a reliable connection in all conditions.

Resistance to harsh conditions

The QuSpot AX10S is designed to operate in the harshest weather conditions. Made of materials such as ABS, aluminum and PTFE, and with an

IP67 rating, the antenna is resistant to dust and water. This makes **the product suitable for outdoor use regardless of the weather**, guaranteeing stable connections.

Easy installation and compatibility

The antenna from QuWireless is easy to install and fully compatible with Teltonika's RUTX10 router. PoE technology eliminates the need to run additional power cables, simplifying the installation process. It is a versatile product that meets the needs of both home users and professionals.
