Product features

Product type	Antenna base
Height	49 mm
Width	91 mm
Depth	185 mm
Compatibility	UBNT Rocket M2, UBNT Rocket M3, UBNT Rocket M365, UBNT Rocket M5, UBNT Rocket M900
Package depth	200 mm
Package height	55 mm
Package width	95 mm
Product colour	Grey
Watch case material	Acrylonitrile butadiene styrene (ABS)
Product weight	300 g

Full product description

Case for Ubiquiti Rocket

RockShield is a robust enclosure dedicated to Ubiquiti Rocket, a Ubiquiti Networks product. It is extremely lightweight, easy to install and provides maximum protection.

RockShield is the easiest to use shielding enclosure on the market. It is the perfect choice for any installer. The LEDs are visible and the sliding cover makes access to cables easier. The enclosure is protected by a safety screw.

Compatibility with the Rocket Ubiquiti installation system

RockShield is fully compatible with the **Rocket** assembly system of **Ubiquiti**. Shielded Rocket radio can be attached directly to the antenna. RockShield is a **unparalleled** screening solution at an attractive price.

The simple RockShield design makes the enclosure blend in seamlessly with its surroundings, it is virtually **unnoticeable**.
