Manufacturer: RF ELEMENTS

Referention number: DNXGFMQMRMNGJ

Full product description

TwistPort functions

The TwistPort adapter transforms a third party's coaxial radio interface into the patented Elements TwistPort RF waveguide connector. Adaptation of third party devices to the TwistPort guarantees **excellent performance, resistance to interference and network scalability, radio integration is smooth and does not require tools for assembly**. It is possible to use the radio with any available TwistPort antenna.

Compatibility

TwistPort to ePMP adapter is compatible with **Cambium Networks ePMP 1000 AP/CSM, ePMP Force 300 CSM and ePMP 3000L AP**.
