Full product description

Risen Energy photovoltaic panels

Risen Energy is a leading global manufacturer of high-performance tier 1 photovoltaic products and a provider of end-to-end business solutions for residential, commercial and consumer power generation.

Key features

- Excellent performance at low radiation intensity
- Less internal losses
- Positive power tolerance of 3%
- Industry-leading lowest thermal power factor
- Industry-leading 12-year product warranty

- Guaranteed reliability and strict quality guarantees going well beyond certified requirements

Certificate confirming resistance to harsh environmental conditions

- Anti-reflective and anti-soiling surface minimizes power loss due to dirt and dust
- Resistance to heavy salt spray, ammonia and blown sand, for coastal, agricultural and desert environments
- Excellent resistance to mechanical loads 2400Pa and snow load 5400Pa
