Price: **1,814.13 zł** gross / 1,474.90 zł net

Manufacturer: ROBOROCK

Referention number: DNXXGGHKNGRMLPQ

Product features

Power source	Battery
Product type	Stick vacuum
Height	221 mm
Width	284 mm
Depth	111 mm
Cleaning type	Dry
Runtime	90 min
Battery voltage	22.2 V
Engine power	420 W
AC input frequency	50 Hz
AC input voltage	100 V
Number of batteries supported	1
Removable handheld vacuum	Yes
Product colour	Anthracite
Dust container type	Bagless
Product weight	1400 g

Full product description

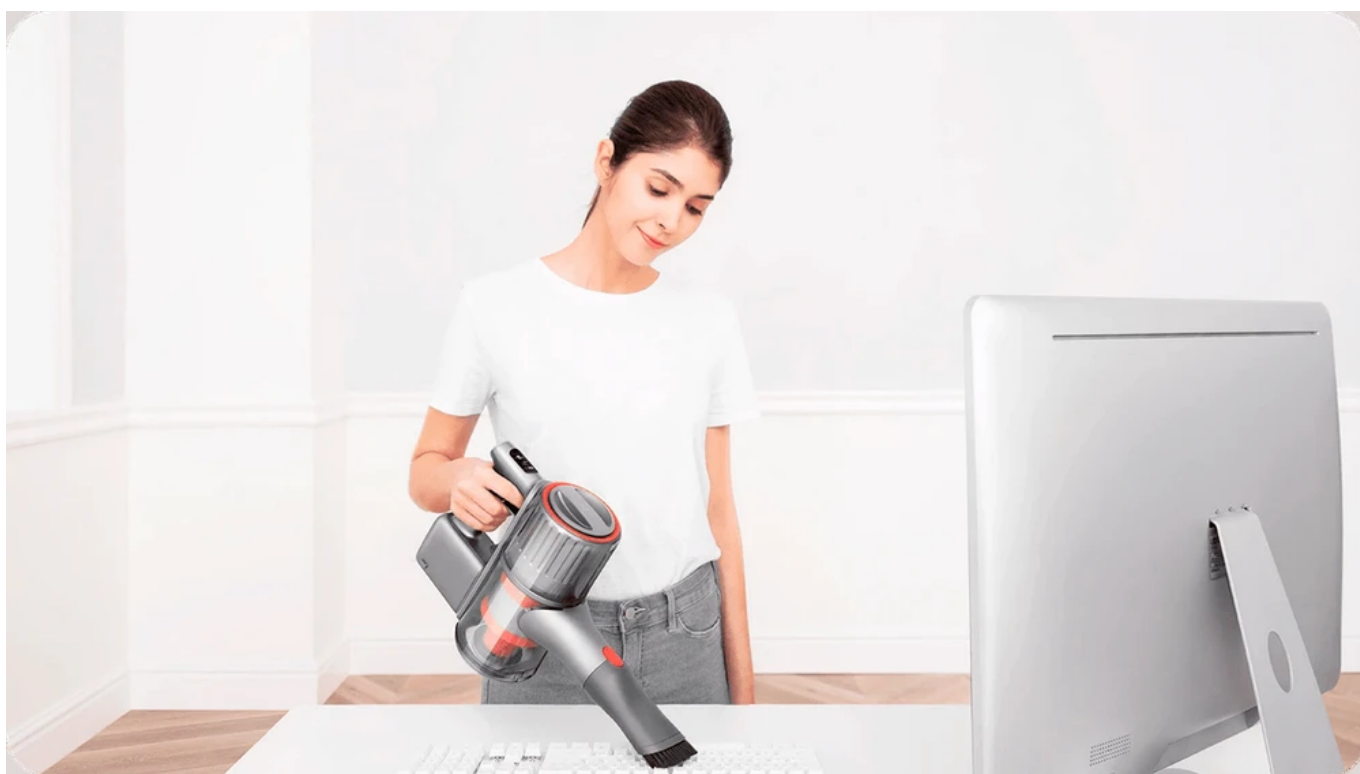

Handheld Vacuum Cleaner, Cordless Xiaomi Roborock H6

The Roborock H6 draws on all of the **advancements and technologies** the company has used to create vacuum robots, resulting in a **new, more powerful cleaning solution** that can be used alone or in conjunction with a vacuum robot.

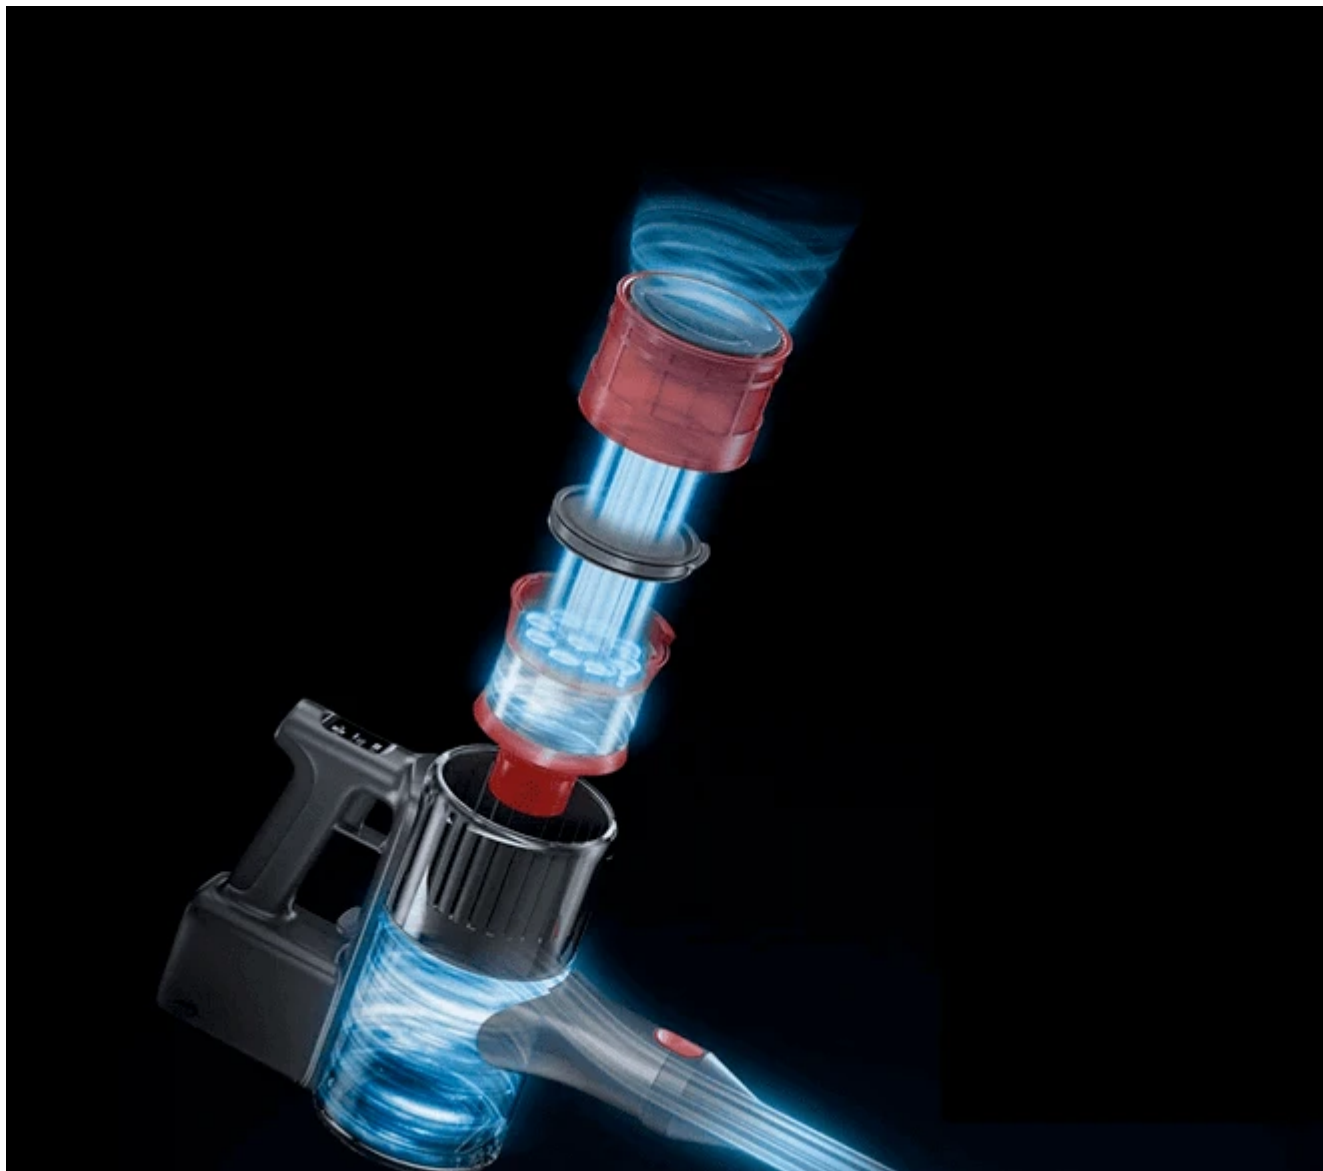

Long operating time

Roborock H6 is the world's first **cordless vacuum cleaner** to use a rechargeable lithium-ion battery. Developed especially for this vacuum cleaner, **the lightweight battery** lasts for **90 minutes** in Eco mode and 10 minutes in Max mode.

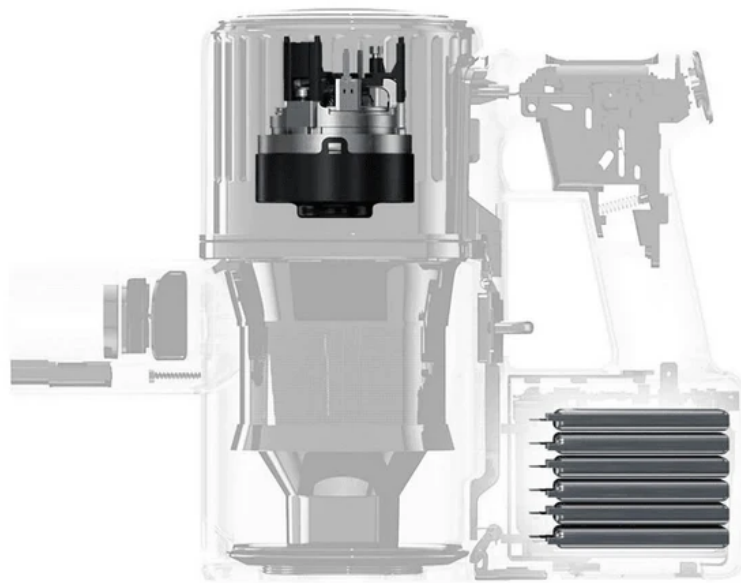

Impressive suction power and dirt removal

The five-stage air filter system **filters up to 99.97% of particles down to 0.3 microns**. Only clean air is released. The multi-level working turbine, powered by a **420W brushless motor**, generates a maximum **suction power of 150AW**. Enough to extract small particles and dust mites from deep within carpets, beds and car upholstery.

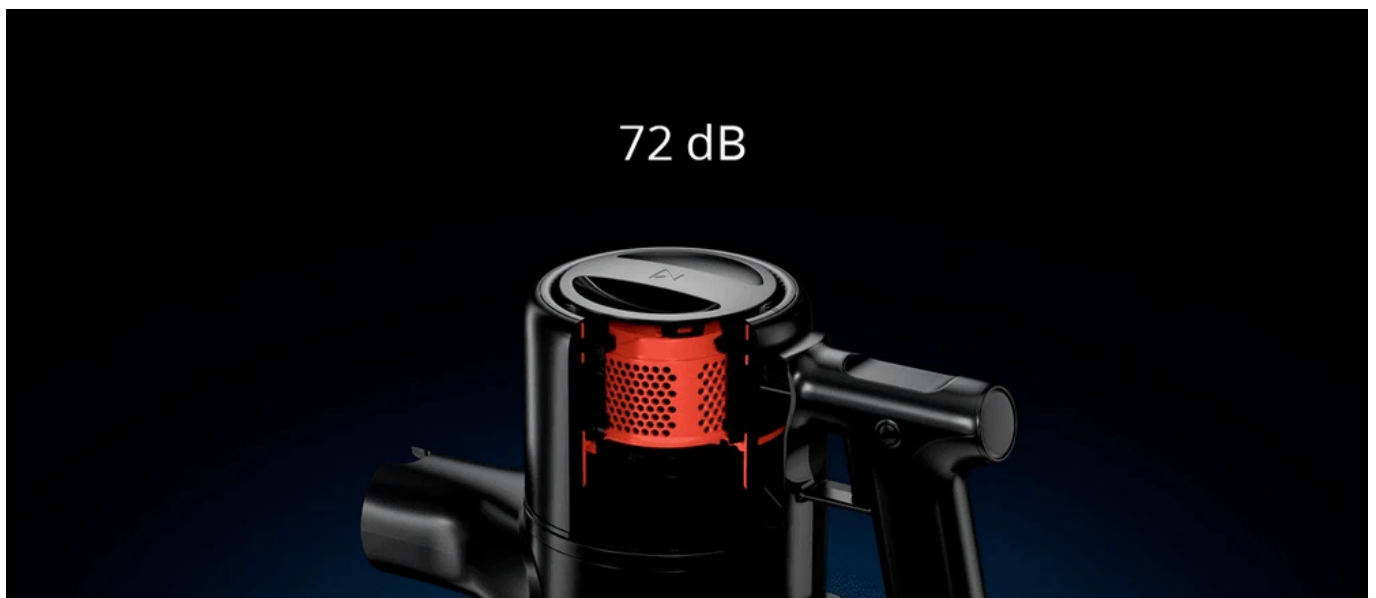

Designed for long-term use

The Rorobrock H6 is made of **high quality materials** to clean even the hardest to reach places. The built-in battery ensures **long life**, and all parts have been perfected through various quality tests. You don't have to worry about the remaining cleaning time anymore. The bright, easy-to-view **OLED screen** shows all the information you need, including **battery level**, remaining run time, mode selected, maintenance warnings and more.

Clean without interference

Uncomfortable noise is minimized by a **noise dampening chamber** and advanced airflow management, and further reduced by filter action.

Set of large nozzles:

- Floor brush
- Carpet brush
- DustBrush
- Mini brush with motor
- Scrubbing brush
- Flexible tube
