Full product description

New battery for Roidmi EVE Plus and Xclea H30 - restore full performance of your vacuum cleaner

Is your Roidmi EVE Plus or Xclea H30 starting to run shorter? This could be a signal that the battery needs to be replaced. Investing in a new 5,000 mAh battery will restore the full power and performance of your cleaning robot. This will make the device work efficiently again, providing longer cleaning cycles and better results in your daily home care.

New battery for Roidmi EVE Plus and Xclea H30

ENERGY

Restore your robot vacuum cleaner's full performance!

The new 5000 mAh battery will ensure longer operating time,
better cleaning results, and full power.

Here are some reasons why you should replace the battery in your cleaning robot:

- **Longer run time** - the new battery allows the robot to run longer without the need for frequent recharging.
- **Full performance** - the robot cleans with maximum power for more thorough cleaning.
- **Safety of the device** - the new battery with safety features protects the robot from overheating, short circuiting and damage.
- **Avoid downtime** - the old battery can cause sudden shutdowns, affecting the continuity of cleaning.
- **Savings** - regular battery replacement extends the life of the robot, avoiding the need to buy a new device.

Benefits of battery replacement

Longer robot
operating time

Full power
and efficiency

Overheat and
short-circuit
protection

Stable and safe
operation

Extends device
life

Stable operation and longer service life

Replacing the old, worn-out battery with a new one guarantees longer vacuum cleaner runtime without the need for frequent recharging. The new Li-Ion battery provides optimal performance, allowing your robot to run without power drops, even on long cleaning cycles. This means less downtime and more time to clean.

EXTRALINK ENERGY

Cell type

Perfect fit for your robot

Safety and security of the device

A worn-out battery can reduce the performance of a vacuum cleaner and even cause technical problems. Choosing a new battery not only extends the life of the device, but also ensures its safe operation.

Safety and reliability

A modern energy management system (BMS) protects the device from overheating, overcharging, and short-circuiting.

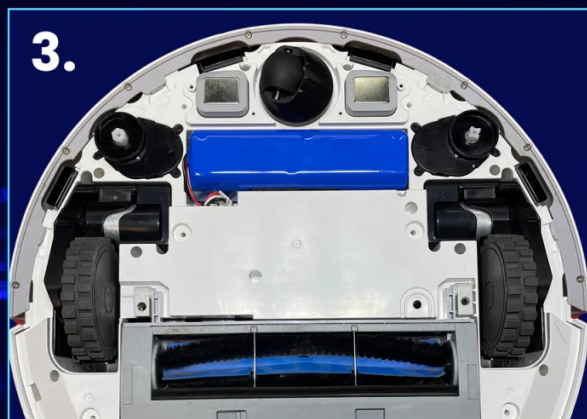

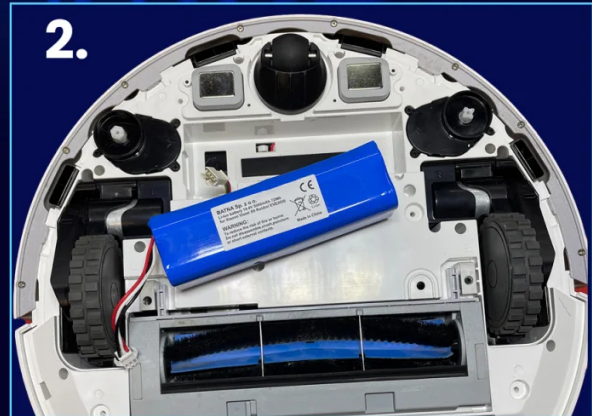

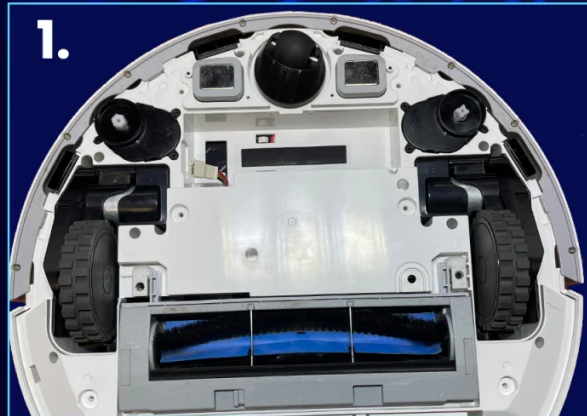

Easy replacement and perfect compatibility

Replacing your old battery with a new one is quick and easy. Our battery is fully compatible with Roidmi EVE Plus and Xclea H30, so your robot can get back to work in full working order.

Easy replacement – quick return to operation

Hassle-free installation – perfect fit.

The battery is also compatible with the following models of vacuum cleaners

- Roidmi Eve Plus
- Roidmi EVA V980MAX V980 plus v980pro
- Viomi A1 pro Viomi 1C Viomi s9 Viomi vxvc11 vxvc12 vxvc13 vxvc14 vxvc1415 JDJZ-Z9H
