Ruijie

Manufacturer: RUIJIE / REYEE

Referention number: DNXGGLHKFRMLMQ

Product features

Storage relative humidity (H-H)	5 - 95%
Power source	mains electricity
Height	23 mm
Width	144 mm
Depth	85 mm
Auto-negotiation	Yes
Input current	0.6 A
Storage temperature (T-T)	-40 to 70 °C
Fanless	Yes
Power consumption (typical)	6.5 W
Humidity measurement range	10 - 90%
Switching capacity	16 Gb/s
Quick start guide	Yes
Networking standards	IEEE 802.3
Switch type	Unmanaged
10G support	No
Full duplex	Yes
IFU / User manual	Yes
Auto MDI/MDI-X	Yes
DC input voltage	9 V
Operating temperature (T-T)	0 - 40 °C
Package type	Box

Reset button	Yes
Half duplex	Yes
Flow control support	Yes
MAC address table	4000 entries
Power over Ethernet (PoE)	No
Product colour	Black
Basic switching RJ-45 Ethernet ports type	Gigabit Ethernet (10/100/1000)
Watch case material	Plastic
Basic switching RJ-45 Ethernet ports quantity	8

Full product description

Ideal for small businesses and companies

Ruijie Real-easy desktop switches, including the RG-ES08G model, are carefully designed **for small business, small-scale monitoring and SOHO environments**. The series consists of four different models to meet the diverse network requirements of small business customers. The switch is easy to use thanks to a **plug-and-play** feature that eliminates the need for configuration. In addition, its **compatibility with a wide range of devices**, such as network cameras, printers and PCs, ensures quick and easy installation.

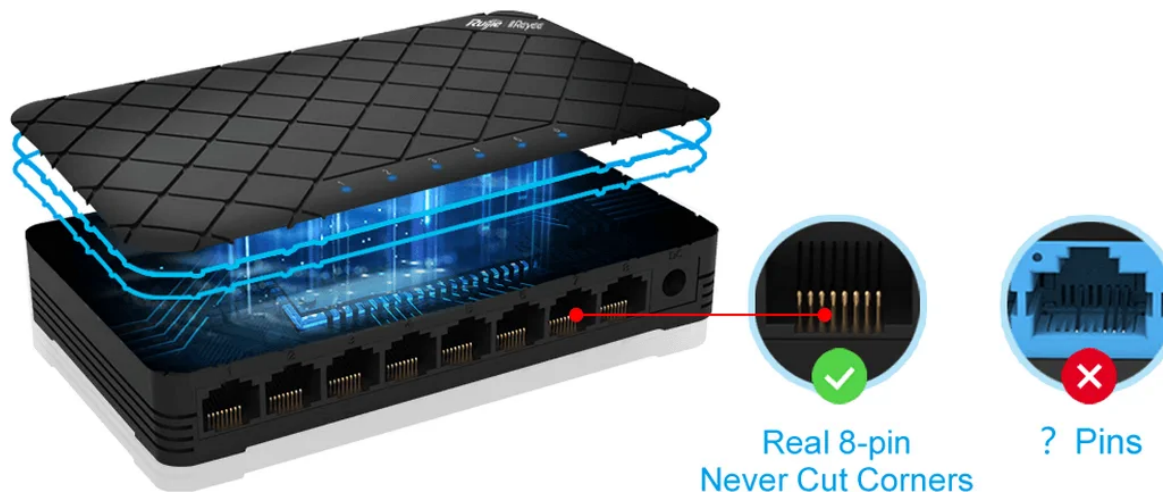

Superb design and excellent performance

- 1. **Diamond pattern with matte finish:** RG-ES08G features a matte diamond finish that adds a sophisticated look
- 2. **Honeycomb heat dissipation:** Innovative honeycomb heat dissipation holes in the base ensure efficient heat management
- 3. **User-friendly design:** Built-in feet and hidden hanging holes provide convenience and ease of installation for any user
- 4. **Gigabit Ports:** 1000Mbps data transmission for connected devices

Unmatched enterprise-class quality

Built using **enterprise-grade materials**, the RG-ES08G provides unparalleled performance. The **8-pin RJ45 ports** provide support for network cables of varying quality. **High-quality components** eliminate packet loss or delay during data transmission.

Reliability through rigorous testing

A series of rigorous tests were carried out in the manufacturing process, including an anti-drop test, an anti-collision test, a heat resistance test and a moisture resistance test to ensure trouble-free operation.

Simplicity and energy efficiency

The **self-adaptation function** is supported for network ports. The device requires no configuration and can operate immediately after connection. The **power saving function** can automatically reduce the power consumption of non-functioning ports, and **the fanless design** allows the device to operate quietly.

Ability to adapt to different network requirements

Whether for small businesses, school dormitories, SOHO or home use or monitoring, the Ruijie Reyee RG-E508G proves to be an optimal choice thanks to its adaptability to various network requirements.
