Full product description

Experience the power and versatility of the Ruijie Reyee RG-ES105GD

The **Ruijie Reyee RG-ES105GD** is a gigabit unmanaged switch with visibility into the **Ruijie Cloud APP**. Designed for superior reliability, it offers a large buffer for smooth data transmission and unmatched stability without frequent reboots. Its high-quality design and energy-efficient features make it ideal for a variety of scenarios - from home offices and cafes to retail setups and outdoor monitoring. Get ready for seamless connectivity like never before!

Unmanaged switch with cloud visibility Ruijie

Ruijie Reyee RG-ES105GD is an unmanaged switch that is conveniently visible in the Ruijie Cloud app. With plug functionality

Large buffer capacity

With a large buffer, the Ruijie Reyee RG-ES105GD switch ensures smooth data transmission by preventing latency. The RG-ES105GD will meet your needs for handling large amounts of data without compromising on speed.

High reliability and network stability

Ruijie Reyee RG-ES105GD provides high network reliability, ensuring stable connections for longer periods of time. Enjoy uninterrupted productivity with a network you can trust.

Top quality and energy-efficient design

Built with attention to detail, the Ruijie Reyee RG-ES105GD boasts high-quality components. Thanks to rigorous standards in PCB design and component selection, you can be sure of its durability and longevity. In addition, thanks to its fanless and quiet design, it not only runs quietly, but also provides energy efficiency, contributing to a greener environment.

Adaptable to multiple scenarios

Whether you're setting up a home office, coffee shop, retail outlet, or even an outdoor surveillance system, the Ruijie Reyee RG-ES105GD seamlessly adapts to a variety of scenarios. Its versatile nature makes it a perfect fit for many environments, providing robust and reliable network performance anywhere.
