Price: **457.58 zł** gross / 372.02 zł net

Manufacturer: RUIJIE / REYEE

Referention number: DNXXGGLHNKRMMP

Product features

Regulatory Approvals	CE, RoHs
Height	35 mm
Antenna type	Internal
LED indicators	Power
Modulation	1024-QAM
Width	194 mm
Depth	194 mm
Number of WLAN connections (max)	110
Maximum data transfer rate	1267 Mb/s
Whitelist	Yes
Networking standards	IEEE 802.3af
Ethernet LAN (RJ-45) ports	2
Operating temperature (T-T)	0 - 40 °C
Cabling technology	10/100Base-T(X)
VLAN support	Yes
Power over Ethernet (PoE)	Yes
MIMO	Yes
Antenna features	Integrated antenna
Product colour	White
Blacklist	Yes
Throughput data rate	1267 Mb/s
5 GHz	Yes

2.4 GHz	Yes
Product weight	450 g

Full product description

Ruijie Reyee RG-RAP2200(F) high performance Wi-Fi 5 ceiling access point

Meet Ruijie Reyee RG-RAP2200(F), a next-generation ceiling access point. With **Wi-Fi 5** technology, it guarantees lightning-fast and reliable connection in every corner of your home or office. With speeds up to **1775 Mbps** and the ability to support up to **110 devices**, forget about signal quality drops. A built-in **Fast Ethernet port with PoE support** provides the device with data transmission and power at the same time. And with a **2x2 MU-MIMO** radio module, the Ruijie Reyee RG-RAP2200(F) raises communication standards, offering simultaneous transmission to multiple devices and maximizing your network performance.

Key features of Ruijie Reyee RG-RAP2200(F)

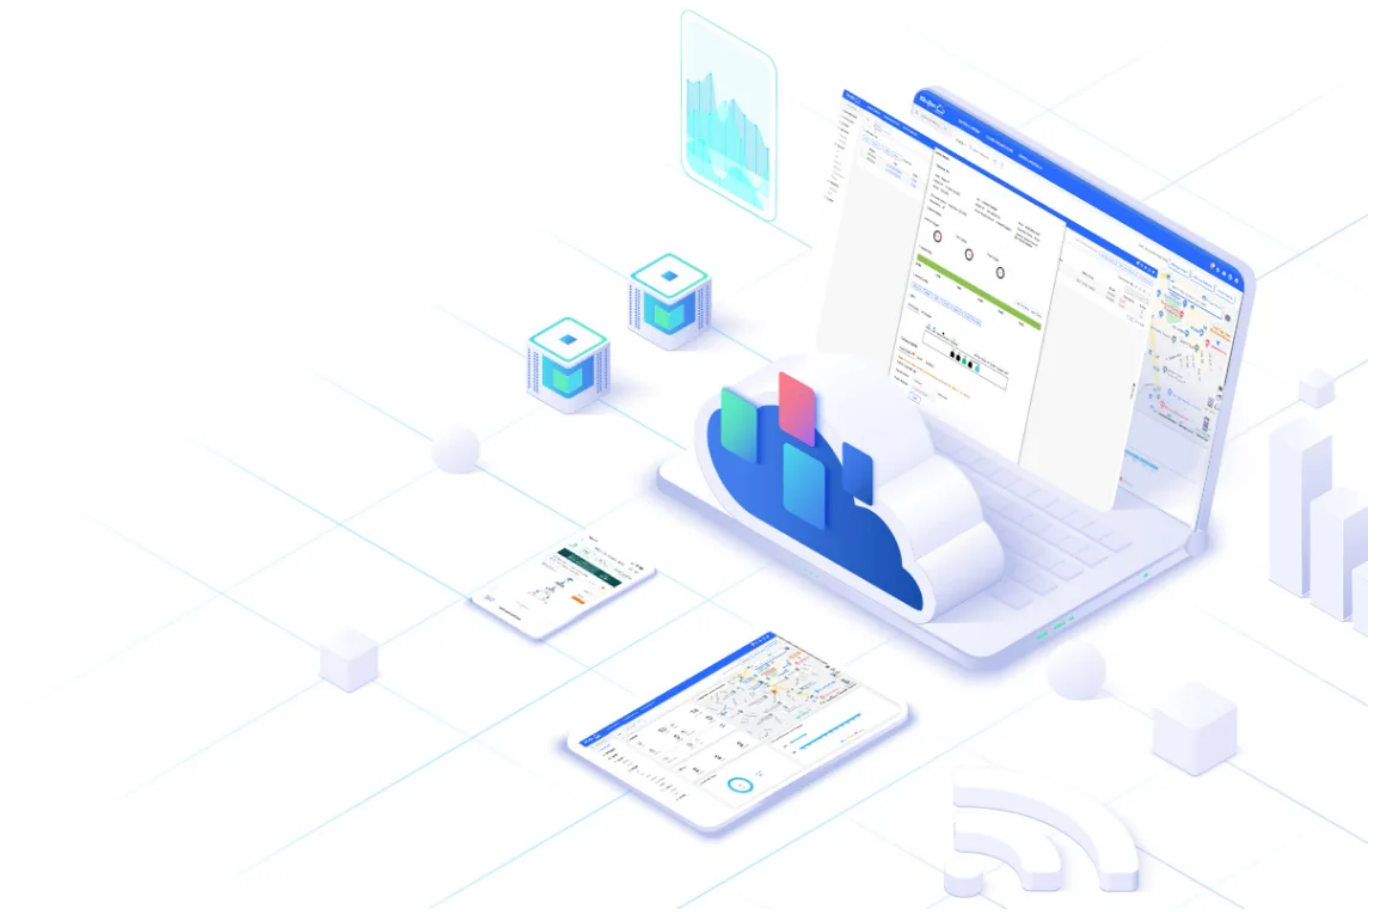

- Dual radio, up to 1.267 Gbps performance
- Improved performance with MU-MIMO 802.11ac wave 2 technology
- Supports one-click optimization of the entire wireless network
- Easy Wi-Fi network setup with the Ruijie Cloud app in 3 minutes
- With Ruijie Cloud, you can easily manage your network remotely

Management via Ruijie Cloud and mobile app

Experience a new dimension of network management with the Ruijie Reyee RG-RAP2200(F)! With the integration of the Ruijie **Cloud** platform **and the Ruijie Reyee mobile app**, managing your network becomes simple and intuitive. Ruijie Cloud, one of the world's leading network management platforms, **offers free, secure and reliable solutions**. Monitor, configure and analyze the performance of your network devices from anywhere, create detailed reports, and stay up to date with notifications of any alerts and updates. Open yourself to innovation with Ruijie!

Ruijie Reyee on your smartphone is the key to instant wireless network deployment. All it takes is **a minute and a scan of a QR code to get your network up and running**. With the app, you can easily add devices, configure Wi-Fi and keep a constant eye on the status of your network - all straight from your phone or tablet. Whether you use Android or iOS, download the app for free from **Google Play or the App Store** and experience innovation in network management.

Easy installation on the wall or ceiling

The Ruijie Reyee RG-RAP2200(F) product is easy to install and manage, requiring no specialized knowledge or tools. The product has compact dimensions of 194mm x 194mm x 35mm and weighs only 450g, meaning it can be easily mounted on the ceiling or wall.

SON (Self-organizing Network) technology

The **Ruijie Reyee RG-RAP2200(F)** uses advanced **SON (Self-organizing Network)** technology, which allows the network to regulate and adjust parameters such as channel, power and roaming on its own. Setting up a Wi-Fi network has never been easier, thanks to the intuitive Ruijie Reyee app.

WIO (Wi-Fi Intelligent Optimization) technology

The Ruijie Reyee RG-RAP2200(F) is equipped with advanced **Wi-Fi Intelligent Optimization (WIO) technology**. With it, the device autonomously recognizes and cancels out interference from other Wi-Fi sources, guaranteeing users a reliable and seamless connection.

Practical and elegant design

The **Ruijie Reyee RG-RAP2200(F)** has a **simple and elegant design** that fits into any interior. The product has a white housing with rounded edges and a small Ruijie logo on the front. At the bottom of the product there is an **LED** indicator that indicates the operating status of the device. On the back of the product are **Fast Ethernet network ports** (including one with PoE input), a connector for the power cable, a Reset button and also mounting hardware.

Smooth roaming for uninterrupted connectivity

The **Ruijie Reyee RG-RAP2200(F)** also supports the **seamless roaming** function, which allows users to automatically switch between different Wi-Fi access points without losing connection. This allows users to roam freely in a Wi-Fi covered area without worrying about data or signal quality interruptions. Seamless roaming is made possible by the 802.11k/v/r protocol, which ensures fast and seamless Wi-Fi access point changes. Seamless roaming is especially useful in places where there is high user mobility, such as hotels, schools, offices and shopping malls.
