Full product description

XIAOMI SMARTMI AIR CIRCULATOR FAN - Innovative Solution for Your Home.

The **XIAOMI SMARTMI AIR CIRCULATOR FAN** is equipped with a **graphene conductive battery** for long life. Thanks to this **technology**, **the fan can run continuously for 24 hours**, offering reliable operation throughout the day and night. The innovative battery not only means **long-lasting performance**, but also a **modern approach to everyday comfort in your home**.

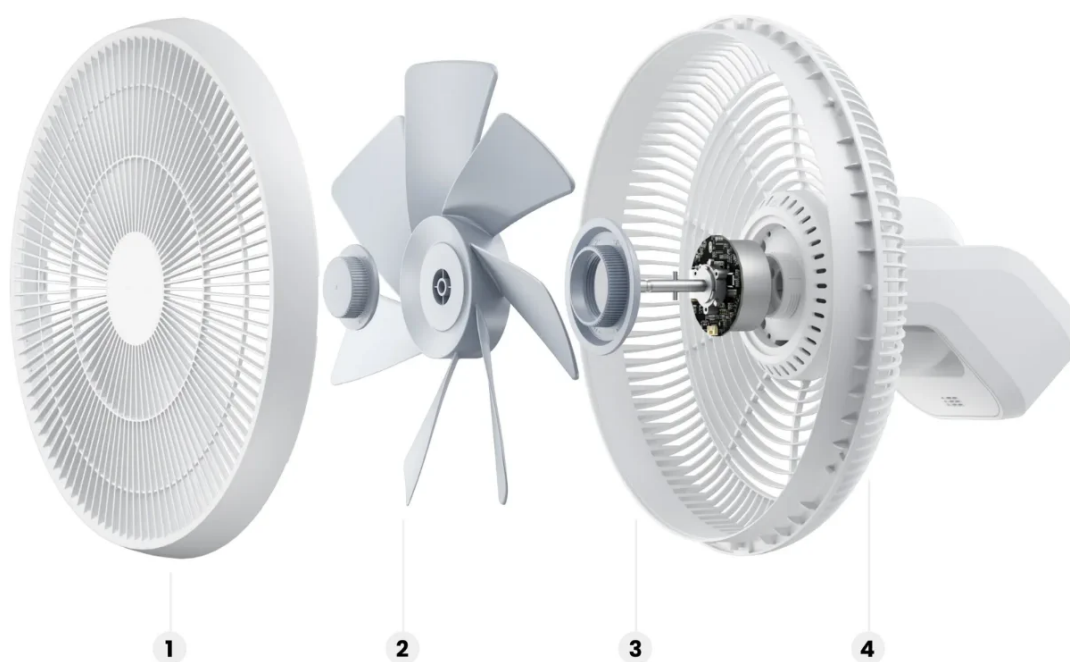

Wireless Work for Your Family's Safety

One of the key advantages of the **SMARTMI AIR CIRCULATOR FAN** is its ability to work wirelessly. **Wireless operation significantly improves safety by** eliminating the risk of tripping and cable-related accidents, which is especially important in homes where there are **children and pets**. This not only makes it **more comfortable to use, but also gives you peace of mind.**

Variable Fan Speed for Constant Comfort

The fan offers variable speed, which allows you to adjust the operation of the device according to your needs. Whether you need a gentle breeze or a stronger one, the **XIAOMI SMARTMI AIR CIRCULATOR FAN** will deliver the right level of comfort. With this feature, you can enjoy fresh air throughout the room, **regardless of the season.**

Intelligent Temperature Sensor for Optimal Performance

A built-in temperature sensor is another advanced feature of this innovative fan. The sensor automatically adjusts the fan speed to the prevailing conditions, **ensuring consistent comfort at all times.** This smart solution means you don't have to **manually adjust the fan settings, which translates into even greater comfort.**

Deliver Fresh Air to the Entire Room

With the XIAOMI SMARTMI AIR CIRCULATOR FAN, you can be sure that fresh air will reach every corner of your home. The fan is designed to distribute air efficiently, making it the **perfect choice for any room.** Get fresh air where **you need it most and enjoy exceptional comfort every day.**
