Full product description

Modern air fryer with app - health and convenience in your kitchen

Extralink Smart Life SJ-400 is an innovative **hot air air fryer** that lets you prepare **healthy, crispy dishes** without added fat. Thanks to the **dedicated app**, you can conveniently control the temperature and cooking time, giving you full control over the cooking process. It is the ideal solution for families who care about their health without giving up the taste of their favourite dishes.

4L Air Fryer

Tasty meals without excess fat

8 cooking functions

 Precise control with timer and adjustable temperature

XXL capacity - more space for family meals

The SJ-400 model offers as much as **4 litres of capacity**, making it an **XXL air fryer**, ideal for preparing meals for the whole family or friends. Compared with the SJ-200 model, the appliance provides **twice as much space**, allowing you to conveniently prepare chips, chicken, vegetables, and even doughnuts. Temperature control from 80 to 200 degrees and the touch LED display guarantee perfect results.

Even Cooking:

This technology ensures even distribution of hot air around the food, enabling uniform cooking and crispness on every side.

Better Frying Results:

Thanks to air circulation around the food, it cooks evenly, minimizing the need to turn it during cooking.

Faster Cooking:

More efficient air circulation can reduce cooking time compared to traditional methods, also helping to save energy.

Healthier Meals:

Even frying without the need for large amounts of oil allows you to prepare healthier dishes with lower fat content.
