Price: **47.50 zł** gross / 38.62 zł net

Manufacturer: EXTRALINK

Referention number: DNXXGHONMRMMON

Information:

The replacement parts set for iRobot Roomba S series (s9, s9+, s9150, s9550) ensures efficient and long-lasting operation of the robot. The set includes 2 five-arm side brushes, 2 filters and 2 main rollers, which help thoroughly remove dust, dirt, hair, allergens and pollen. The side brushes reach corners and edges, the filters improve air quality, and the main rollers effectively collect debris from various surfaces. This is a practical set for maintaining a high standard of cleaning and for regular replacement of consumable parts.

Full product description

Set of Replacement Parts for iRobot Roomba S Series (S9 / S9) - Replacements.

This set of replacements is specially designed to ensure long-lasting and effective operation of your **iRobot Roomba S-series** robot. The kit includes key consumable parts that will help maintain the high quality cleaning of your **iRobot Roomba s9, s9 , s9150 and s9550**.

Included are:

- **2 x 5-arm side brush:** Effectively sweeps debris from corners and edges, directing it toward the main brushes.
- **2 x Filter:** High-quality filters capture fine dust particles, allergens and pollen for cleaner air in your home.
- **2 x Roller - Main Brush:** Two main rollers work together to effectively pick up dirt, dust and dander from a variety of surfaces.

Compatibility:

- iRobot Roomba S-series: s9, s9 , s9150, s9550
