Full product description

Innovative UPS Technology with TELTONIKA BAT120

The **TELTONIKA BAT120** is an advanced **UPS** unit that uses **line-interactive** technology to provide uninterrupted power and protection for your equipment in the event of sudden power outages. With an actual power of **22 watts** and a sawtooth waveform, this unit effectively maintains power in your home or office.

Powerful Lithium-Ion Battery

Equipped with a **lithium-ion (Li-Ion)** battery with a capacity of **2.3 Ah** and a **voltage of 3.7 V**, the **TELTONIKA BAT120** guarantees a long-lasting and reliable power supply. This state-of-the-art battery technology provides longer life and higher performance compared to traditional batteries, making it ideal for demanding users.

Compact and Durable Design

The **TELTONIKA BAT120** is distinguished by its compact and elegant design. The product measures 100 mm wide, 85 mm deep and 30 mm high, making it easy to install in various locations. The **aluminum** housing **and stainless steel finish** ensure not only an aesthetically pleasing appearance, but also **durability and resistance to mechanical damage**.
