Manufacturer: TELTONIKA

Referention number: DNXXGFNPRGRMMPO

Product features

Storage relative humidity (H-H)	5 - 95%
Height	18.9 mm
LED indicators	Status
USB charging port	Yes
Memory card slot(s)	No
Sleep mode	Yes
Width	56 mm
Depth	65 mm
Battery life (max)	0 h
Electronic compass	No
USB connector type	Micro-USB
Storage temperature (T-T)	-40 - 85 °C
Built-in memory capacity	0.128
Rechargeable battery	Yes
Humidity measurement range	5 - 95%
Quick start guide	Yes
Protection features	Dust resistant
Operating temperature (T-T)	-40 - 85 °C
International Protection (IP) code	IP41
Built-in memory	Yes
Bluetooth	Yes
SIM card slot	Yes

USB version	2.0
Product colour	Black
Built-in display	No
Watch case material	Plastic
SIM card capability	Single SIM
Designation	Car
Product weight	50 g

Full product description

Teltonika FMB110 - professional GPS tracker

Teltonika FMB110 is a professional tracker of small size, with internal GSM and GNSS antennas, which collects device coordinates and other useful data and sends them to the server via GSM network.

Use of FMB110 tracker

This device is ideal for applications where it is necessary to acquire locations of distant objects. It is very useful for fleet management in various companies, e.g. car rental companies, taxi corporations, public transport companies, logistics companies, etc.

A small device offering many possibilities

The FMB110 Tracker can perform tasks on remote objects, such as engine condition monitoring or truck door control.

Main features:

- Digital input/output for remote monitoring and control
- 1-Wire® interface for monitoring temperature data and RFID/ iButton tags
- Collision detection function based on accelerometer data
- Bluetooth for data exchange over short distances
