Full product description

Teltonika PR3PXEU3 - Universal Pulsed Power Supply.

Teltonika PR3PXEU3 is a versatile and reliable power supply designed for indoor use. With **a sturdy plastic housing in an aesthetically pleasing black color**, this power supply not only looks stylish, but also provides durability and resistance to daily use.

Wide Input Voltage Range

This model supports an input voltage range of **100-240/90-264 V** and operates in an input frequency range of **50-60/47-63 Hz**. This means that the **Teltonika PR3PXEU3** is versatile and can be used in various electrical environments, both at home and in the office.

Stable Output Power

The **Teltonika PR3PXEU3** provides stable **12/11.4-12.6V and 18W** output power, making it ideal for devices requiring up to **12V 1.5A**. Reliability and stability of delivered power are key features that set this power supply apart from the competition.

Compact and Practical

With compact dimensions of 93 mm wide and 72 mm deep, the **Teltonika PR3PXEU3** is easy to place in a variety of configurations, making it an ideal choice for applications in confined spaces. In addition, the included 1.2-meter cable provides sufficient range for most indoor applications.

Comprehensive Solution in One Package

Each package contains one piece of **Teltonika PR3PXEU3**, which means you get a complete solution for your power needs in one package. This adapter is an effective solution for powering a wide range of compatible devices requiring permanent electrical input.
