Price: **529.34 zł** gross / 430.36 zł net

Manufacturer: TELTONIKA

Referention number: DNXXGNPQDRMMMJ

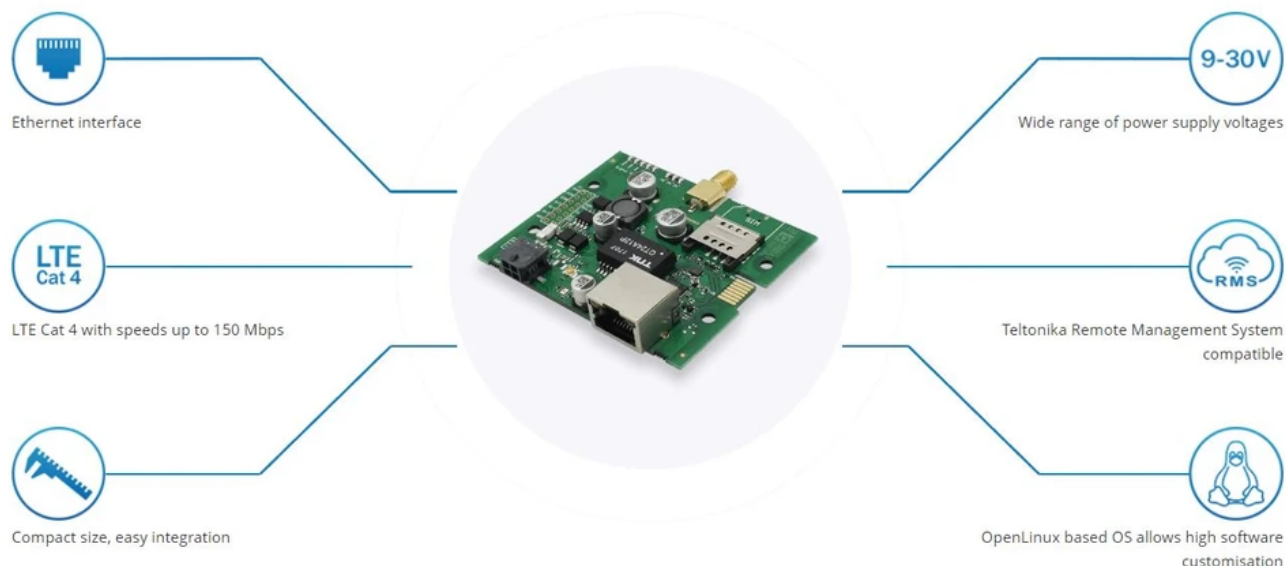

Product features

Relative humidity	0 %
Height	18 mm
Width	70 mm
Depth	60 mm
Storage temperature (T-T)	-45 - 80 °C
Ethernet LAN (RJ-45) ports	1
DC input voltage	9 V
Operating temperature (T-T)	-40 - 75 °C
Supported network protocols	SSH, CLI, NAT, DDNS, OpenVPN
Serial interface type	RJ-45
Linux operating systems supported	Yes
Product colour	Green
Signal direction	Input/output
Module type	Digital & Analog
Product weight	35 g

Full product description

LTE Teltonika TRB140 network card

Teltonika TRB140 LTE network card is a small and fast 4 G LTE Ethernet industrial gateway for IoT solutions. Advanced VPN functions, security options and remote management capabilities make the TRB140 the best solution for LTE connectivity from a single device, with a special focus on industrial advanced uses

Multiple interfaces and a wide range of functions

TRB140 is equipped with one Ethernet port, digital inputs/outputs and microUSB port. This compact size gateway is ideal for applications where a reliable Internet connection is required. Designed for industrial applications, the TRB140 has a wide range of software features including SMS control, firewall, Open VPN, IPsec, RMS (remote management) and FOTA support.

Main features:

- Ethernet interface
- LTE Cat 4 to 150 Mbps
- Wide range of supply voltages
- Compatible with Teltonika's Remote Management System
- Compact size, easy integration
- Open Linux-based operating system for software personalization
