Price: **472.32 zł** gross / 384.00 zł net

Manufacturer: TELTONIKA

Referention number: DNXGFNPQERMMNI

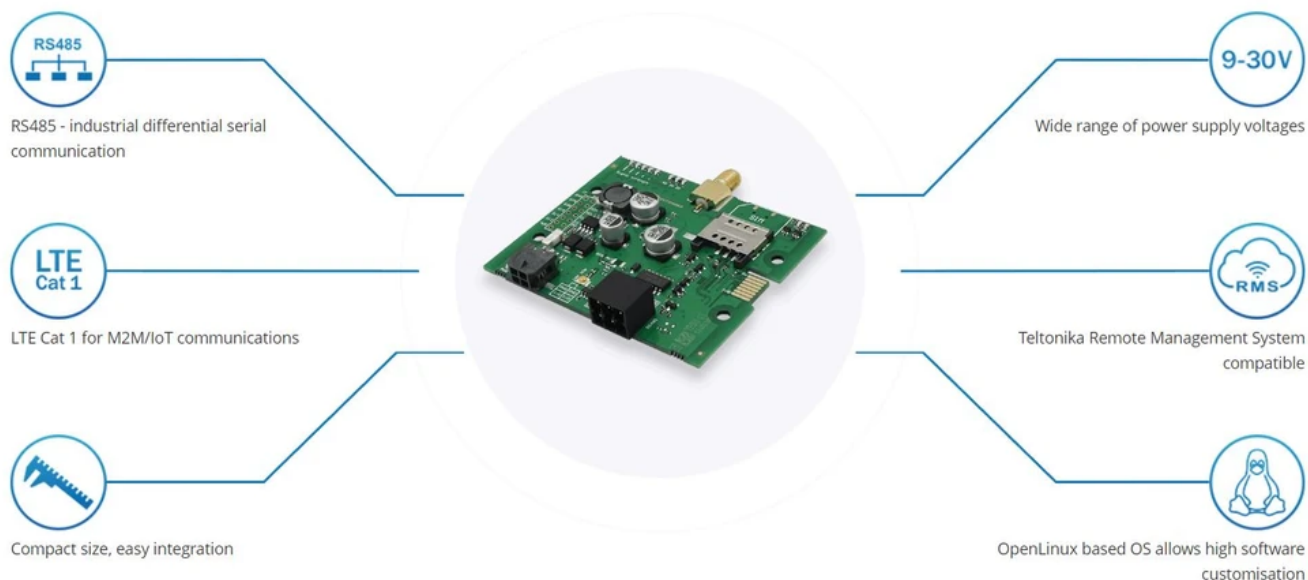

Product features

Relative humidity	0 %
Height	18 mm
Width	70 mm
Depth	60 mm
Storage temperature (T-T)	-45 - 80 °C
DC input voltage	9 V
Operating temperature (T-T)	-40 - 75 °C
Supported network protocols	SSH, CLI, NAT, DDNS, OpenVPN
Serial interface type	RS-485
Linux operating systems supported	Yes
Product colour	Green
Signal direction	Input/output
Module type	Digital & Analog
Product weight	30 g

Full product description

Industrial network card Teltonika TRB145

Industrial network card (gateway) LTE Cat.1 **Teltonika TRB145** is equipped with a RS485 interface, digital inputs/outputs and a microUSB port. The TRB145's compact design makes it ideal for applications where remote control via RS485 interface is required. Designed for industrial applications, the TRB145 has a wide range of software features such as SMS, firewall, Open VPN, IPsec, RMS and FOTA support. The operating system is based on Linux.

Main features of RS485:

- Industrial serial communication
- Wide range of supply voltages
- LTE cat 1 to 10 Mb/s
- RMS compliance - Teltonika Remote Management System
- Compact dimensions, easy integration
- Based on OpenLinux, an operating system that allows for a high degree of software personalization
