Price: **141.12 zł** gross / 114.73 zł net

Manufacturer: TELTONIKA

Referention number: DNXXGGMQKGRMMKO

Product features

Power source	mains electricity
Height	28 mm
Input voltage	7 V
Width	113 mm
Depth	50 mm
Rack mounting	No
Power consumption (max)	1.5 W
Power consumption (typical)	1 W
Humidity measurement range	10 - 90%
DIN rail mounting	Yes
Switching capacity	10 Gb/s
Networking standards	IEEE 802.3
Switch type	Unmanaged
10G support	No
Full duplex	Yes
Auto MDI/MDI-X	Yes
Operating temperature (T-T)	-40 to 75 °C
Jumbo frames	9216
Jumbo frames support	Yes
MAC address table	2048 entries
International Protection (IP) code	IP30
Power supply included	No

Power over Ethernet (PoE)	No
Fast Ethernet (copper) ports quantity	5
Product colour	Black
Basic switching RJ-45 Ethernet ports type	Fast Ethernet (10/100)
Watch case material	Aluminium
Basic switching RJ-45 Ethernet ports quantity	5
Stackable	No
Product weight	142 g

Full product description

Teltonika TSF010 - the perfect solution for companies in need of a robust and reliable switch for industrial applications.

Equipped with 5 Fast Ethernet ports, this switch offers not only high performance, but also exceptional durability thanks to its aluminum housing and IP30 protection. Simple [DIN-rail](#) installation makes the Teltonika TSF010 an ideal choice for network management in demanding environments.

Flat design and DIN rail mounting

The Teltonika TSF010 features a flat design, allowing it to be easily placed in even the most confined spaces. The integrated DIN-rail mounting allows you to quickly and securely mount the device in control cabinets and other industrial installation locations. Thus, you can save space and minimize installation time.

Reliable connectivity and performance

Equipped with 5 Fast Ethernet RJ45 ports, this unmanaged switch provides stable **network connections at speeds of up to 100Mbps per port**. With support for IEEE 802.3, 802.3u, 802.3x and 802.3ab standards, the unmanaged switch guarantees high performance and compatibility with a variety of network devices. It's the ideal solution for keeping your network running smoothly in industrial environments.

Durability and energy savings

The aluminum housing and **IP30 rating** make the Teltonika TSF010 **resistant to mechanical damage** and harsh environmental conditions. The switch features low power consumption, with a maximum of 1.5W, which translates into energy savings and lower operating costs. Ideal for applications requiring reliability and durability.
