Full product description

Teltonika cable PR2PD01B - Excellence in Every Detail

Teltonika PR2PD01B is an innovative cable that has been designed for the highest quality electrical connections. It will be ideal for various applications, guaranteeing stability and reliability of data and energy transmission. Thanks to its unique design, this cable stands out from the competition.

Precision Connectors for Best Performance

Teltonika's PR2PD01B cable features carefully selected connectors for optimal performance in a variety of conditions. Connector 1: DC and Connector 2: 4-pin are a guarantee of durability and safe use. The precision manufacturing of these connectors eliminates the risk of interruptions and signal interference, which is crucial in professional applications.

Compact Design and Versatility

With a cable length of just 0.1 meters, the Teltonika PR2PD01B is extremely handy and easy to use even in the most confined spaces. Its compact design allows it to be used in a variety of devices and systems where space is at a premium.

Reliability and Durability

Investing in **Teltonika PR2PD01B** cable, you are assured of reliability for many years. High-quality materials used in production guarantee resistance to mechanical damage and corrosion. Thanks to this you can be sure that the cable will work flawlessly in all conditions.
