Price: **199.00 zł** gross / 161.79 zł net

Manufacturer: EXTRALINK

Referention number: DNXGGLPLDRMMHM

Information:

The modern Extralink massager for the neck, shoulders and back provides a deep, comfortable massage thanks to two heads with a total of 8 massage balls. The gentle heating function increases comfort, and 3 intensity levels allow the operation to be adjusted to individual needs. Automatic shut-off after 15 minutes helps protect against overheating. The breathable mesh fabric and soft PU leather are pleasant to the touch and easy to clean. Hand pockets make it easier to control pressure and stabilise the device. The set includes two power cables, so the massager is suitable for use at home and in the car.

Product features

Battery voltage	12 V
Power	24 W

Full product description

Modern Extralink massager

The Extralink **neck, shoulder and back** massager features **two heads, each with 4** deep massage **balls**, which can cover a wide area for a more comprehensive massage, providing a smooth and comfortable massage.

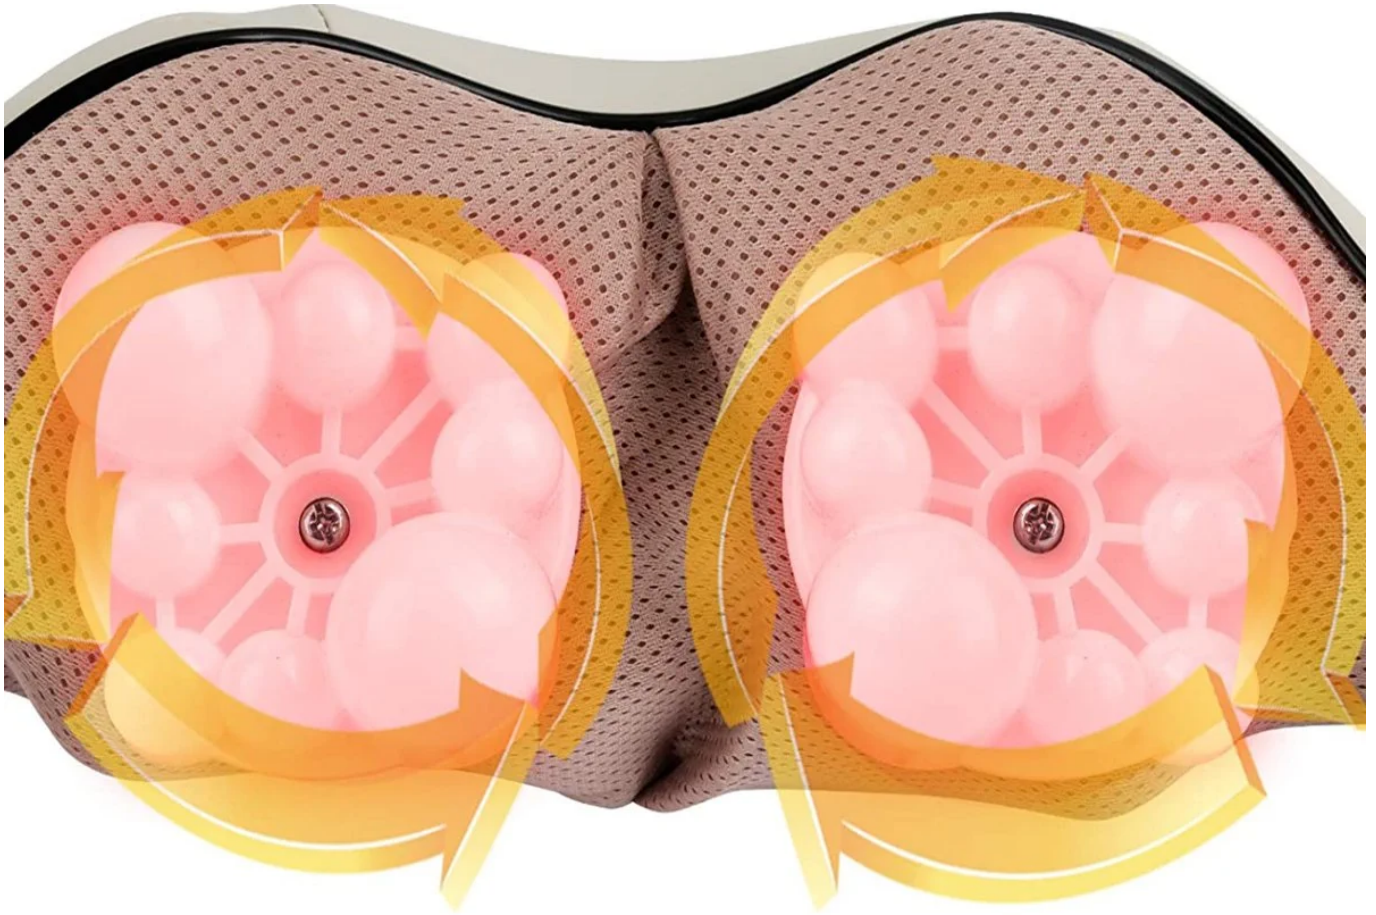

Heating and intensity control function

The neck massager with **heating function** emits gentle heat during the massage process and makes it more comfortable. The neck massage cushion has **3 intensity levels** (slow, medium and fast), so you can adjust the appropriate massage intensity to suit your needs. In addition, it is equipped with **an automatic 15-minute switch**, which will protect the device from overheating.

Easy maintenance

The neck massager is made of breathable mesh fabric and **high-quality PU leather**, which is skin-friendly, breathable, soft and comfortable. The PU material is very **easy to clean**, just wipe it with a damp towel to restore it to perfect condition. At the same time, the design with pockets for both hands allows you to control the intensity of the massage and stabilize the massager so that it works exactly where you need it to.

Always where you are

Two power cords are included, so you can use the massager at home or in your **car while traveling**. Just plug the device into your car's cigarette lighter socket to make any trip more pleasant.
