Tenda[®]

Manufacturer: TENDA

Referention number: DNXGFPJPGRMMLI

Product features

Regulatory Approvals	QA
Storage relative humidity (H-H)	5 - 90%
Input voltage	220 V
Connectivity technology	Wired
Power management	AC 9V, 600mA
Storage temperature (T-T)	-40 to 70 °C
Maximum data transfer rate	1 Gb/s
Power consumption (typical)	2.7 W
Humidity measurement range	10 - 90%
Harmonized System (HS) code	85176990
Networking features	Ethernet, Fast Ethernet
Networking standards	IEEE 802.3
Switch type	Unmanaged
Auto MDI/MDI-X	Yes
Operating temperature (T-T)	0 - 40 °C
Supported data transfer rates	10/100 Mbps
MAC address table	1000 entries
Power over Ethernet (PoE)	No
Wi-Fi	No
Copper ethernet cabling technology	100BASE-TX
Product colour	White
Power connector	DC-in jack
MAC address filtering	Yes

Basic switching RJ-45 Ethernet ports quantity	5
Stackable	Yes
Connectivity LEDs	Y

Full product description

Small and smart switch

The Tenda S105 switch has been designed to perform best in small and medium networks. It offers simplicity through the **plug-and-play standard**, making it fast and easy to use. The device complies with IEEE802.3, IEEE802.3u and IEEE802.3X standards and **has 5 RJ45 10/100 Mbps ports with full duplex autonegotiation up to 200 Mbps**. The switch is made of plastic and is compatible with computers, printers, smart TVs, game consoles and IP cameras. Thanks to its **minimalist form** Tenda S105 will find fit in just about every corner of your desk or house.

Plug-and-play mode

Thanks to the **Plug-and-Play** standard, installation and configuration of the Tenda S105 is very easy and intuitive even for the amateur. Network connection is immediately available when you connect a device with an Ethernet cable. **Installation is quick and easy** so you can enjoy the fastest Internet access possible.

Interesting appearance and minimalism

The device has passive cooling (no fan), which **ensures completely quiet operation**, making it ideal for offices, libraries or conference rooms. The device is powered from an external 5V power supply (included), and its compact dimensions allow it to be mounted anywhere.
