Full product description

Quick 5-port switch

The Tenda TEF1005D is a **fully automatic switch** that requires no configuration to operate, just plug in the power supply and Ethernet cable and the **TEF1005D** takes care of everything. **It has 5 RJ45 ports at 10/100/1000 mbps** with auto-negotiation support for high-speed transmission. The switch has support for Store-and-Forward node switching, 802.3x full duplex data flow control, and half duplex control in Back-Pressure mode, the maximum capacity of the switch is 1 Gb/s.

Highly efficient heat dissipation

The **Tenda Switch TEF1005D** has been designed with a special **0.8 mm thick galvanized steel**, which provides excellent durability and heat dissipation performance. The applied design significantly affects the lifespan of the switch.

Be connected 24/7

5 10/100/1000 Mbps RJ45 10/100/1000 Mbps auto-negotiation ports, supporting high-speed transfer and high cache capacity, **for fast transfer of large files and stable 7/24 video**

User-friendly design

The Tenda TEF1005D switch is a minimalist device designed to reduce installation space. The RJ45 ports and LED lights are positioned so that the user enjoys a more intuitive panel.

Other functions

- Full-duplex mode
- Auto MDI/MDIX
- Wall-mounting
- Plug and play
