Information:

Extralink Smart Life S350 13.3" is a set of two portable monitors that increases the comfort of work, study and entertainment. The Full HD 1920x1080 IPS panel provides a clear image, vivid colours and wide viewing angles, and the 13.3" diagonal makes the screens light and easy to transport. Two additional displays make multitasking, editing documents, photos and video, and holding video conferences easier. USB-C connection simplifies installation, while the option to mount them on a laptop helps keep things tidy. Low power consumption and a built-in power supply increase ease of use.

Fits	13.3"-16.5"
Ilość ekranów	2
Obsługiwane platformy i systemy operacyjne	Windows/MacOS
Rozdzielczość ekranu	1920x1200

Full product description

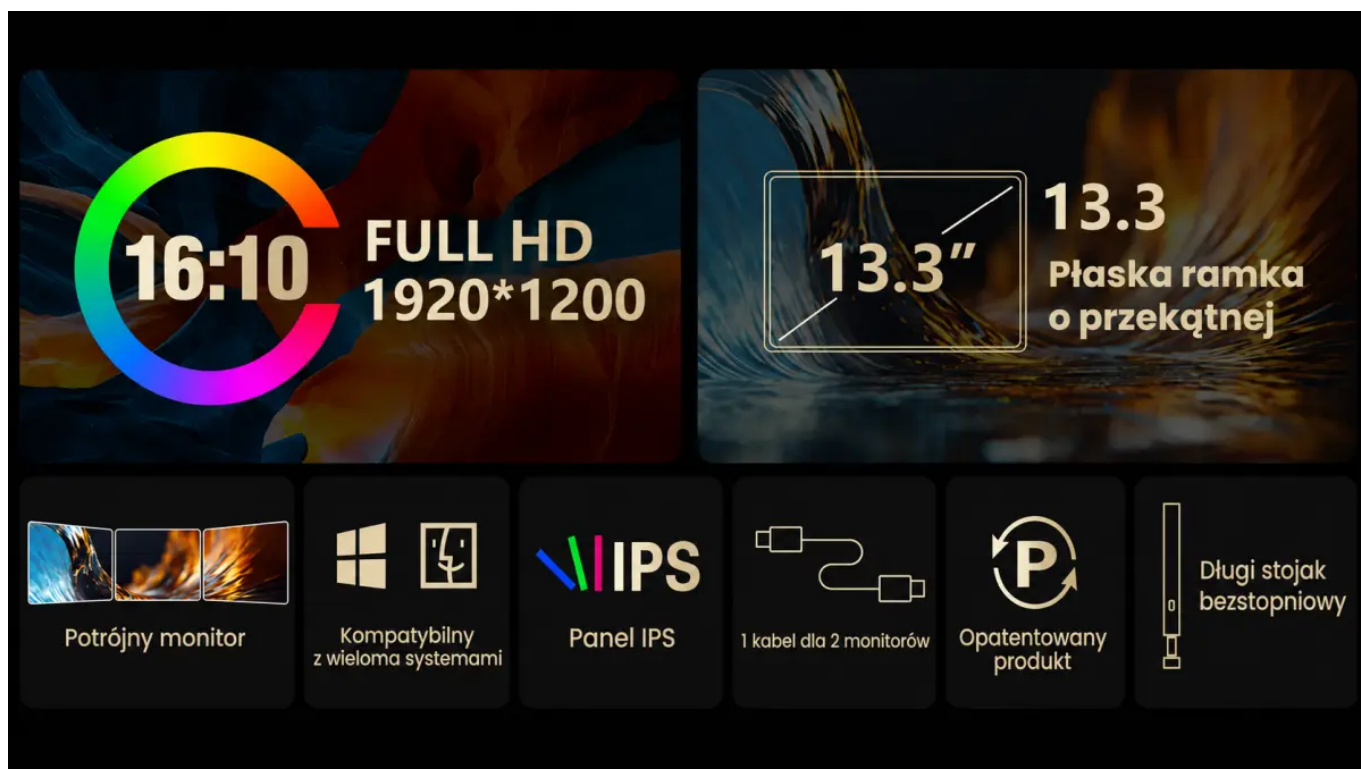

Two portable monitors for even better productivity

Extralink Smart Life S350 13.3" is a set of two portable monitors that allow for more efficient work, study and entertainment. Thanks to the **IPS panel** and **Full HD 1920x1080 resolution**, the image is clear and the colours are well reproduced, making every task more comfortable.

Two monitors - more possibilities on screen

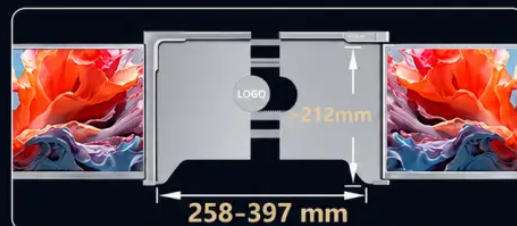

With **two additional screens**, you can work more efficiently with several applications open at the same time. **Extralink Smart Life S350 13.3"** allows convenient document management, photo editing or video editing without the need to constantly switch windows. It is also a great solution for gamers and people hosting video conferences.

IPS panel - better image quality

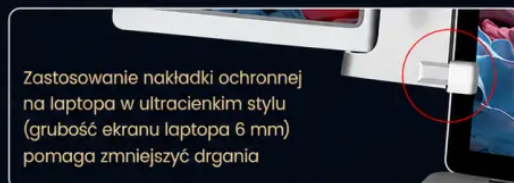

The **LED IPS** technology provides wide viewing angles and well-reproduced colours, which is crucial for long hours of computer work. The **1920x1080 pixel** resolution guarantees image sharpness, regardless of the content displayed on the screen. The **16:9** format makes the monitors ideal for watching films and giving presentations.

Zastosowanie do laptopów 13,3 – 16,5"

Adaptacyjny wymiar laptopa
13.3-16.5 inch

Długość (od lewej do prawej)
285-397 mm

Szerokość (od góry do dołu)
>212 mm

Grubość (panel wyświetlacza)
< 8.5 mm

Mobility - lightweight and easy to transport

Thanks to the **13.3-inch diagonal** and low weight, the monitors are easy to carry and do not take up much space. **USB-C connection** eliminates the need for additional power cables, making setup easier. The set can be mounted directly on a laptop, keeping your desk tidy.

Innowacyjny monitor trójekranowy Monitor

Low power consumption - savings during use

Extralink Smart Life S350 13.3" uses only 6.8 W in SDR mode, making it energy-efficient even during prolonged use. Standby mode limits power consumption to **0.5 W**, resulting in **lower energy use**. The built-in internal power supply means the monitors are ready to use without additional adapters.
