Information:

Extralink Smart Life S500 14" is a set of two portable monitors that significantly expands a laptop's workspace and makes multitasking easier. The IPS panel, 1920x1200 resolution, 16:10 aspect ratio and wide 178° viewing angles ensure a clear image and accurate colour reproduction. The monitors are ideal for office work, graphic design, programming and finance. The lightweight design, carry bag, power supply via a single USB-C cable and adjustable expandable frame for 15-17,3 inch laptops guarantee convenience and mobility. Screen rotation and a stable stand increase user comfort.

Full product description

Extralink Smart Life S500 14" - two portable monitors for greater efficiency

Extralink Smart Life S500 14" is a set of two portable monitors that easily expand your laptop's workspace. Thanks to the **IPS panel**, **1920x1200 resolution** and **16:10** aspect ratio, the image is sharp and work is more comfortable.

14-calowy FHD 16:10

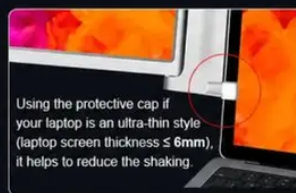

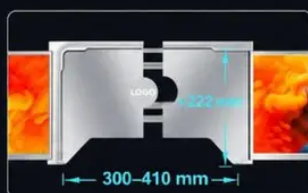

Przenośny monitor trójekranowy

Two additional screens - more room to work

By connecting the **Extralink Smart Life S500 14"**, you gain two additional monitors, which allows for multitasking without the need to switch tabs. You can **view documents, hold video conferences and edit content at the same time**. This solution works well both in office work and for people involved in graphics, coding or finance.

Zastosowanie do laptopów 15" – 17.3"

Adaptacyjny wymiar laptopa
15-17.3 inch

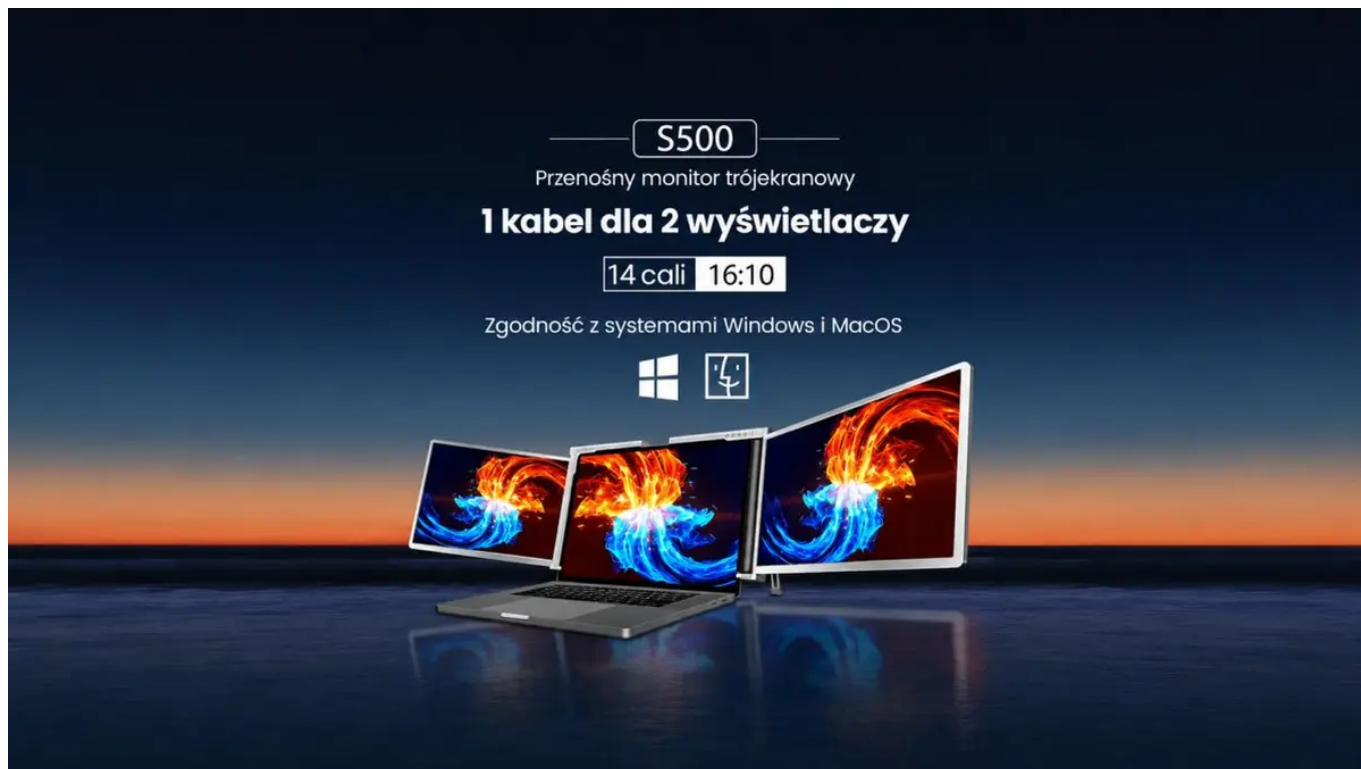

Długość (od lewej do prawej)
300-410 mm

Szerokość (od góry do dołu)
> 222 mm

Grubość (panel wyświetlacza)
< 8.5 mm

IPS - wide viewing angles and better image quality

The **IPS panel** provides **178° viewing angles**, so the image remains clear from every side. The **1920x1200 resolution** and **1000:1 contrast** ensure accurate colour reproduction and sharp details. **220 cd/m² brightness** allows comfortable work in various lighting conditions.

Mobility - easy installation and transport

The monitors are equipped with an **adjustable frame (300 mm - 410 mm)**, so they fit laptops **from 15 to 17.3 inches**. The lightweight design and carrying bag make transport easy, and the ability to **power them via a single USB-C cable** means you do not need any extra leads. The set includes all the necessary accessories, allowing for quick connection.

Versatility - modes tailored to different needs

The ability to **rotate the monitors (left: 0°-235°, right: 0°-180°)** increases ease of use. The **adjustable stand** provides stability and eliminates vibrations, making the monitors more comfortable to use.
