Versatility and adjustability

The monitors are designed to fit laptops with screen sizes from 13.6 to 17.3 inches. **Each of the three screens can be adjusted:** the left screen from 0° to 180° in the horizontal plane, the right screen from 0° to 225° in the horizontal plane, and the top screen from 0° to 180° in the vertical plane. This versatility allows you to perfectly **adjust the configuration to your needs**, ensuring comfortable and ergonomic work.

Easy installation and use

The Extralink Smart Life S680 **has two USB-C ports**: one for laptop connection and one for power. This makes installation fast and hassle-free - just one cable is needed to connect all monitors. In addition, each monitor is brightness adjustable, allowing you to adjust the settings to suit your individual preferences and working conditions.
