Manufacturer: EXTRALINK

Referention number: DNXXGOQLLRMNHJ

Information:

Extralink Smart Life S9 is a portable laptop screen extender with two additional 15,6" IPS Full HD 1920 x 1080 60 Hz monitors, which improves comfort for work, study and multimedia without constantly switching windows. The hanging design mounted to the laptop saves desk space, while wide viewing angles and good colour reproduction ensure a clear image. The model fits 15,6-17,3" laptops, connects via USB-C or mini HDMI and works with Windows and macOS. The foldable design, low weight and included bag make transport and working at home, in the office and while travelling easier.

Full product description

More workspace with Extralink Smart Life S9

Extralink Smart Life S9 expands a laptop screen with two additional monitors, creating an extended workstation for work, study and multimedia use. It enables simultaneous display of documents, messengers, spreadsheets, websites and other applications without constantly switching windows. The hanging design is mounted directly to the laptop screen, so the whole set takes up less space on the desk.

EXTRALINK S9

WIĘCEJ PRZESTRZENI DO PRACY

Two IPS Full HD 60 Hz screens

Each of the two screens has a 15.6-inch diagonal, an IPS panel and a Full HD 1920 × 1080 resolution. The 60 Hz refresh rate allows convenient display of documents, presentations, video materials and application interfaces. W-LED backlighting, brightness up to 250 cd/m² and a 25 ms response time make these suitable for everyday office and multimedia tasks. The monitors do not have built-in speakers.

Colours and wide viewing angles

72% NTSC colour space coverage helps present photos, videos, charts and other visual content clearly. IPS panels offer a wide viewing range, and the H:89° and V:89° angles given in the specifications correspond to a combined range of around 178°. The pixel pitch is 0.1793 × 0.1793 mm, which, at Full HD resolution, contributes to clear presentation of text and small interface elements.

Fits laptops from 15.6 to 17.3 inches

Extralink Smart Life S9 is designed for laptops with a diagonal of 15.6 to 17.3 inches. The adjustable width of the design ranges from 343 to 462 mm. The laptop screen should be higher than 239 mm, while the thickness of its panel must not exceed 8.5 mm. Before purchasing, it is worth comparing these values with the dimensions of your computer to ensure the set fits properly.

Foldable design and carry bag

The device measures approximately 408 × 239 × 26 mm and weighs about 1.78 kg. The foldable screens and included bag help with storing and transporting the set between home, office or study space. The package also includes a user manual. The model works with Windows and macOS, except for MacBooks equipped with M1, M2 or M3 processors. The operating temperature range is from 5°C to 40°C, and the permissible humidity is from 10% to 70%. Power supply is 5 V / 3 A, input power is 15 W, while standby power consumption does not exceed 4.5 W.
