Price: **104.99 zł** gross / 85.36 zł net

Manufacturer: TOTOLINK

The Smartest Network Device

Referention number: DNXFMMMSKRMNKM

Product features

Storage relative humidity (H-H)	5 – 95%
Power source	mains electricity
Height	45 mm
Input voltage	9 V
LED indicators	Activity
Width	227 mm
Depth	127 mm
Input current	0.8 A
Storage temperature (T-T)	-40 to 70 °C
Cables included	DC
Rack mounting	No
Power consumption (typical)	7.2 W
Humidity measurement range	5 – 95%
Switching capacity	3.2 Gb/s
Networking standards	IEEE 802.3
Switch type	Unmanaged
10G support	No
IFU / User manual	Yes
Auto MDI/MDI-X	Yes

DC input voltage	9 V
Operating temperature (T-T)	0 – 50 °C
Package type	Box
MAC address table	4096 entries
Power supply included	Yes
Power over Ethernet (PoE)	No
AC input frequency	50 Hz
AC input voltage	110 V
Fast Ethernet (copper) ports quantity	16
Product colour	White
Power connector	DC-in jack
Switch layer	L2+
Number of power supply units	1
Basic switching RJ-45 Ethernet ports type	Fast Ethernet (10/100)
Watch case material	Plastic
Basic switching RJ-45 Ethernet ports quantity	16
Stackable	No

Full product description

Desk switch - Totolink SW16D 16-port 10/100 Mbps

Totolink SW16D is a Fast Ethernet switch designed for use in homes, small and medium businesses (SMB) and workgroup users. The 16 ports support auto MDI/ MDIX, so you don't have to worry about the cable type, plug in the device and use it right away. The compact, wall-mountable plastic housing makes this device ideal for both home and office use.

Features:

- 16 RJ45 10/100 Mbps ports with authentication
- Compatible with 802.3x full duplex Ethernet and half duplex
- MAC board for 4K entries, with autolearning option
- Auto-MDI/MDIX eliminates the need for crossover cables
- Store-and-Forward switching scheme
- Performs full wire speed without blocking
- Supports IGMP Snooping
- Wall-mountable

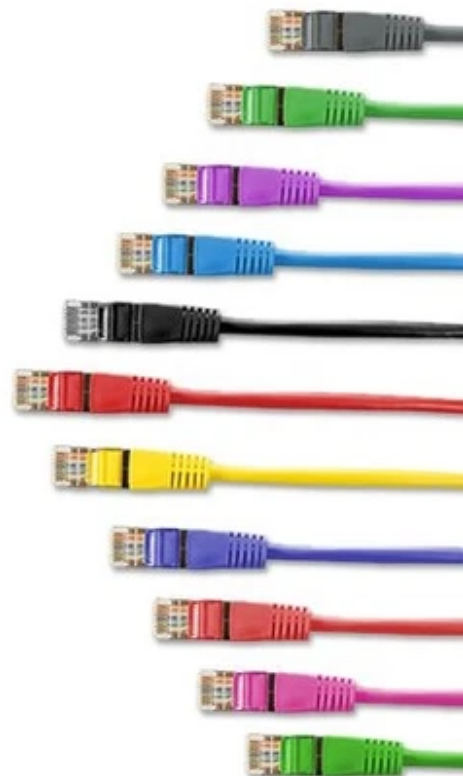

Speed with Ethernet

The SW16D desktop switch provides **16 RJ45 10/100 Mb/s** ports, which can significantly increase network throughput and simplify cable installation. All ports detect network speed and automatically negotiate (10 or 100 Mbps) to ensure maximum speed for each device connected to the network.

Automatic MDI/MDIX

No configuration required, just plug and play. With an Ethernet cable you can extend your wired network by up to 16 devices.

Environmental protection

The SW16D can significantly expand your network with less power, thus ensuring a longer product life. If no device is connected, the switch automatically switches off the ports and thus reduces power consumption.
