Full product description

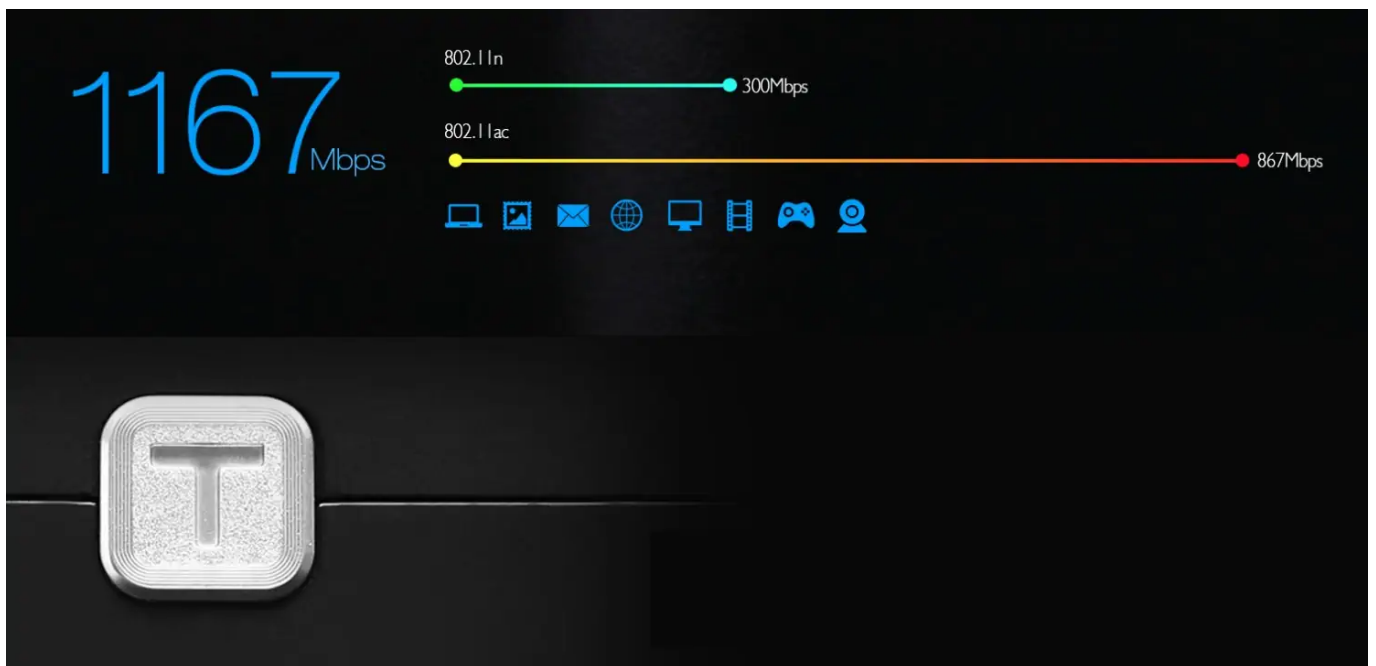

Totolink T8 WiFi Router

Totolink T8 is specially designed to create **a smart home Wi-Fi system**. With a dual-band Wi-Fi speed of **1167Mbps** and one-click auto-connect function, the T8 easily and efficiently realizes **Wi-Fi coverage even in large apartments** with multiple floors, etc. Meanwhile, the wireless roaming function helps you swap to better signal sources to ensure Wi-Fi connectivity and high speed throughout your home. Basically, **Totolink T8s** are designed for medium-sized homes with increasing demand for a long-range Wi-Fi network.

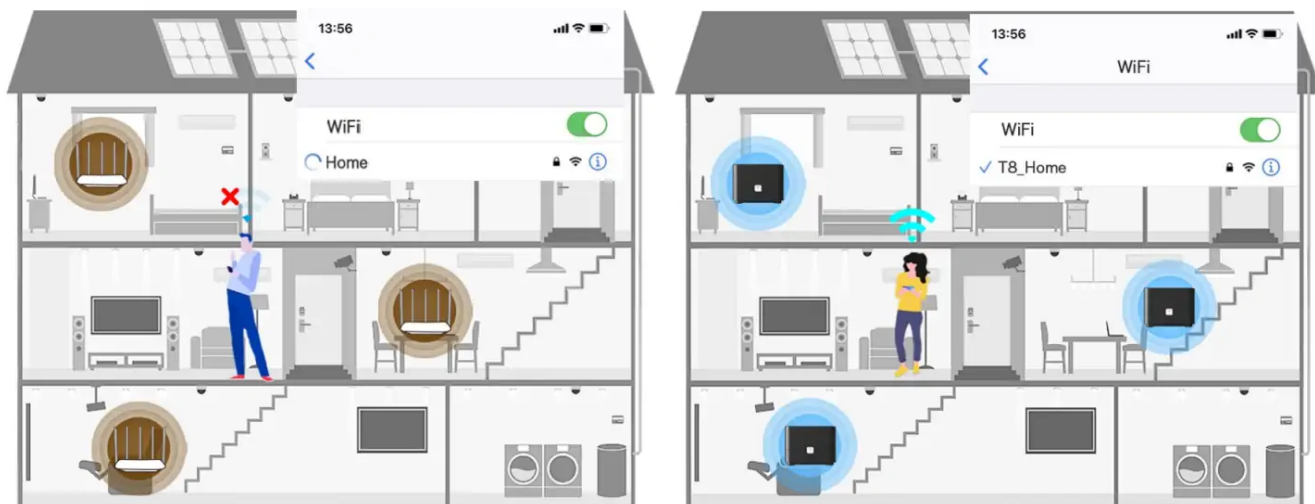

Incredibly fast Wi-Fi speeds and ease of use

Installation is incredibly easy and fast, you just press the WPS button once - and from then on, everyone can enjoy their favorite media throughout the house. **Totalink T8** operates on two frequency bands (2.4 and 5 GHz) and is compliant with the latest **IEEE 802.11ac standard**. It allows for a bandwidth of up to **1167 Mbps**.

The **Totalink T8 router** has an **intriguing design**, reminiscent of an elegant handbag. **Mesh WiFi** networking is becoming an increasingly popular solution to help create a home network, so this router is sure to come in handy in every home.

Main features

- IEEE 802.11ac wave2 Wi-Fi Standard compliant
- 867Mbps on 5GHz and 300Mbps on 2.4GHz simultaneously, and dual-band speeds up to 1167Mbps
- Mesh function for easy Wi-Fi network extension and seamless roaming
