Price: **284.57 zł** gross / 231.36 zł net

Manufacturer: TP-LINK

Referention number: DNXXGGMOPDRMMKN

Product features

Regulatory Approvals	FCC, CE, RoHS
Antenna included	Yes
Storage relative humidity (H-H)	5 - 90%
Product type	Desktop/pole router
Height	41 mm
Antenna type	2x2
USB charging port	Yes
Firewall	Yes
Universal Plug and Play (UPnP)	Yes
Firewall security	SPI Firewall
Width	261.1 mm
Depth	134.5 mm
Security algorithms	WPA
NAT functionality	• Port Forwarding • Port Triggering • DMZ • UPnP
WAN connection type	RJ-45
Storage temperature (T-T)	-40 - 70 °C
Cables included	LAN (RJ-45)
Humidity measurement range	10 - 90%
Ethernet LAN interface type	Gigabit Ethernet
VPN support	OpenVPN, PPTP, L2TP
Networking standards	IEEE 802.11a
Ethernet LAN (RJ-45) ports	5

Built-in FTP server	Yes
Operating temperature (T-T)	0 – 40 °C
Quick installation guide	Yes
AC adapter included	Yes
Quality of Service (QoS) support	Yes
Indication light	Yes
Reset button	Yes
Media server	Yes
Stateful Packet Inspection (SPI)	Yes
Dynamic DNS (DDNS)	Yes
Number of guest networks (2.4 GHz)	1
WPS push button	Yes
VPN server	OpenVPN, PPTP, L2TP
USB sharing	Yes
Support Samba (storage)	Yes
On/off switch	Yes
Number of guest networks (5 GHz)	1
Wi-Fi band	Dual-band (2.4 GHz / 5 GHz)
Parental control	Yes
Wi-Fi standards	Wi-Fi 6 (802.11ax)
Ethernet LAN	Yes
SIM card slot	No
Port triggering	Yes
Top Wi-Fi standard	Wi-Fi 6 (802.11ax)
Power source type	DC
Antenna design	External
Antennas quantity	4
Product colour	Black
Guest access	Yes
Network address translation (NAT)	Yes
USB 3.2 Gen 1 (3.1 Gen 1) Type-A ports quantity	1
DoS attack prevention	Yes
DMZ support	Yes
WLAN data transfer rate (first band)	2402 Mb/s
WLAN data transfer rate (second band)	574 Mb/s
Ethernet WAN	Yes
Port forwarding	Yes
WLAN data transfer rate (max)	2402 Mb/s
DHCP client	Yes
DHCP server	Yes
3G/4G USB modem compatibility	No
DSL WAN	No

Full product description

TP-Link Archer AX55 Pro

Discover new internet capabilities with the **TP-Link Archer AX55 Pro**. With **WiFi 6** technology and speeds of up to 3.0 Gbps (2402 Mbps in the 5 GHz band and 574 Mbps in the 2.4 GHz band), you can enjoy seamless streaming, online gaming and lightning-fast downloads. The 160 MHz channel width in the 5 GHz band doubles the available bandwidth, allowing you to watch 8K content without lag.

Superb Speed with multi-gigabit wired connections

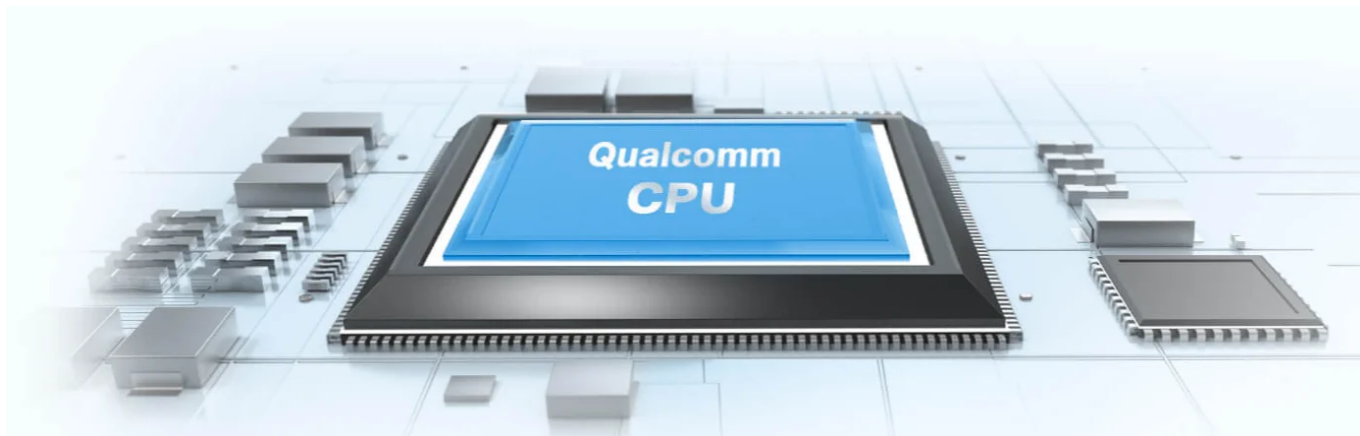

The **Archer AX55 Pro** also offers stunningly fast wired connections. A **2.5 Gigabit port** and a **1 Gigabit port** allow you to take full advantage of the gigabit speeds offered by your ISP.

Long Wi-Fi Range

Four external high-gain antennas combined with **Beamforming** technology ensure access to a reliable wireless network throughout the house and smooth and stable connections for all users.

More network capacity and less buffering

OFDMA technology quadruples network capacity, allowing simultaneous data transmission to more devices. Gaming, watching video and working are possible at the same time without worrying about buffering. **Qualcomm's advanced processor** and fast memory ensure stable connections and low latency even during heavy network loads.

Improved cooling system performance

The larger heatsink and improved housing of the **TP-Link Archer AX55 Pro** means better cooling of the chipsets, which translates into higher performance of the entire network. As a result, the router works reliably and efficiently, regardless of the conditions.

Easy VPN access and flexible connections

Devices on your home network can access remote VPN servers without having to install VPN software on each of them. **The Archer AX55 Pro** can simultaneously support both VPN and regular Internet connections for security and flexibility.

Compatibility with Alexa and TP-Link HomeShield

With **Amazon Alexa compatibility**, you can control the router with voice commands, making daily network management even easier. **TP-Link HomeShield** provides enhanced protection against the latest threats, giving you peace of mind and network security. An ideal router that is perfect for the home. It provides fast and stable Internet.
