Price: **243.49 zł** gross / 197.96 zł net

Manufacturer: TP-LINK

Referention number: DNXIJNPMOHTLM

Product features

Regulatory Approvals	CE, FCC, RoHS
Storage relative humidity (H-H)	5 - 90%
Product type	Tabletop router
Height	32.7 mm
Output voltage	12 V
LED indicators	LAN
USB charging port	Yes
Firewall	Yes
Universal Plug and Play (UPnP)	Yes
Firewall security	DoS, SPI Firewall, IP and MAC Address Binding
Wall mountable	Yes
Width	243.5 mm
Depth	160 mm
4G	No
Security algorithms	128-bit WEP
Wi-Fi Multimedia (WMM)/(WME)	Yes
WAN connection type	RJ-45
Storage temperature (T-T)	-40 - 70 °C
Cables included	LAN (RJ-45)
Mac compatibility	Yes
VPN Passthrough	Yes
Package weight	900 g

Humidity measurement range	10 - 90%
USB 2.0 ports quantity	1
Ethernet LAN interface type	Gigabit Ethernet
VPN support	PPTP, L2TP, IPSec
Networking standards	IEEE 802.11a
Ethernet LAN (RJ-45) ports	4
DC-in jack	Yes
Built-in FTP server	Yes
Operating temperature (T-T)	0 - 40 °C
Quick installation guide	Yes
Package depth	240 mm
Package height	80 mm
AC adapter included	Yes
Package width	330 mm
Cabling technology	10/100/1000Base-T(X)
Quality of Service (QoS) support	Yes
Supported network protocols	IPv4, IPv6
Reset button	Yes
Media server	Yes
Stateful Packet Inspection (SPI)	Yes
Dynamic DNS (DDNS)	Yes
Number of guest networks (2.4 GHz)	1
Wireless Distribution System (WDS) bridge	Yes
WPS push button	Yes
USB sharing	Yes
Support Samba (storage)	Yes
On/off switch	Yes
Number of guest networks (5 GHz)	1
Output current	1.5 A
Wi-Fi band	Dual-band (2.4 GHz / 5 GHz)
Parental control	Yes
Wi-Fi standards	802.11a
Ethernet LAN	Yes
Linux operating systems supported	Yes
Mac operating systems supported	macOS
Windows operating systems supported	Windows 10
SIM card slot	No
Port triggering	Yes
Top Wi-Fi standard	Wi-Fi 5 (802.11ac)
Power source type	DC
Antenna design	External
3G	No
Antennas quantity	3
Detachable antenna(s)	Yes
Product colour	Black
Guest access	Yes
Network address translation (NAT)	Yes
Access Control List (ACL)	Yes

DoS attack prevention	Yes
DMZ support	Yes
WLAN data transfer rate (first band)	1300 Mb/s
WLAN data transfer rate (second band)	450 Mb/s
Ethernet WAN	Yes
Port forwarding	Yes
WLAN data transfer rate (max)	1300 Mb/s
DHCP client	Yes
DHCP server	Yes
3G/4G USB modem compatibility	No
DSL WAN	No

Full product description

Gigabit Wireless Router Archer C7 - for smooth operation and entertainment

The Archer C7 wireless router boasts an impressive total throughput of up to 1750 Mbps. It supports 802.11ac wireless connections. Broadcasts two separate wireless networks in **2.4GHz and 5GHz** bands, providing high performance wireless connections. Thanks to this we have the possibility to simultaneously use two dedicated wireless networks, with speeds that satisfy even the most demanding users. It manages the use of less demanding activities in the **2.4 GHz** band, such as **E-mail** and **browsing websites**, while using the **5 GHz** band for demanding, delay-sensitive applications such as **online games** or **video streaming** in high quality. Another advantage of the Archer C7 router is also its excellent range. It is an excellent router for the home, where everyone can enjoy their favorite entertainment or work in peace.

"The best router for most users." - The New York Times

From a compilation of dozens of wireless routers carried out by **The New York Times** and **The Wirecutter** editors, the Archer C7 is the best choice for most users.

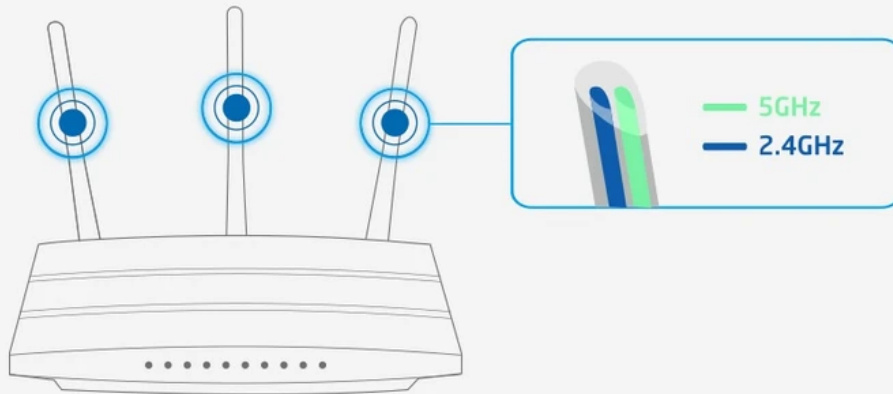

New generation of wireless connections

The Archer C7 is a **fast router** with excellent range, supporting wireless connections in the **802.11ac** standard. It outclasses routers twice as expensive from other manufacturers. **Wi-Fi of the new generation** makes the device support wireless connections with speeds 3 times higher than previously available in the **802.11n** standard.

Extend your Wi-Fi range with a dual-band connection

Three external antennas combined with **advanced antenna technology** guarantee high speeds. With antennas that support both bands (2.4 GHz and 5 GHz), you can be sure that the Archer C7 will easily cover a **large house** or **office** with wireless network coverage.

Universal USB connection and ultra-fast, gigabit data transfer

- Thanks to the USB 2.0 port, Archer C7 users can share external drives over the local network and, using FTP server functions, over the Internet.
- With a Gigabit WAN port and four Gigabit LAN ports, the speed of wired connections is up to 10 times faster than with traditional Ethernet connections. The Archer C7 has the power to maintain a stable wired network with fast transmission speeds.
