Price: **150.43 zł** gross / 122.30 zł net

Manufacturer: TP-LINK

Referention number: DNXXGFPNERMMMM

Product features

Storage relative humidity (H-H)	5 - 90%
Product type	Tabletop router
Output voltage	12 V
LED indicators	LAN
USB charging port	No
Firewall	Yes
Memory card slot(s)	No
Universal Plug and Play (UPnP)	Yes
Wall mountable	Yes
Security algorithms	128-bit WEP
WAN connection type	RJ-45
Storage temperature (T-T)	-40 - 70 °C
Cables included	AC
Browser supported	Internet Explorer 11, Firefox 12.0, Chrome 20.0, Safari 4.0
Mac compatibility	Yes
Package weight	800 g
Humidity measurement range	10 - 90%
Ethernet LAN interface type	Gigabit Ethernet
Networking standards	IEEE 802.11a
Ethernet LAN (RJ-45) ports	5
DC-in jack	Yes
Operating temperature (T-T)	0 - 40 °C

Quick installation guide	Yes
Package depth	240 mm
Package height	82 mm
AC adapter included	Yes
Package width	350 mm
Cabling technology	10/100/1000Base-T(X)
Reset button	Yes
Stateful Packet Inspection (SPI)	Yes
Dynamic DNS (DDNS)	Yes
WPS push button	Yes
On/off switch	Yes
Wi-Fi band	Dual-band (2.4 GHz / 5 GHz)
Wi-Fi standards	802.11a
Ethernet LAN	Yes
Linux operating systems supported	Yes
Mac operating systems supported	macOS
Windows operating systems supported	Windows 10
SIM card slot	No
Top Wi-Fi standard	Wi-Fi 5 (802.11ac)
Power source type	DC
Antenna design	External
Antennas quantity	4
Detachable antenna(s)	No
Product colour	Black
Guest access	Yes
Access Control List (ACL)	Yes
DMZ support	Yes
MAC address filtering	Yes
WLAN data transfer rate (first band)	1300 Mb/s
Ethernet WAN	Yes
Port forwarding	Yes
WLAN data transfer rate (max)	1300 Mb/s
DHCP client	Yes
DHCP server	Yes

Full product description

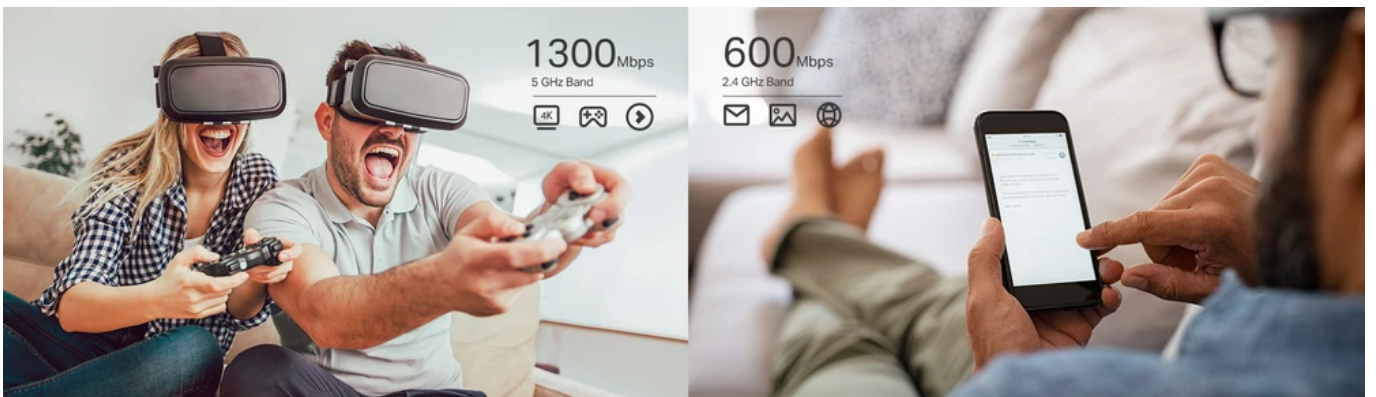

TP-Link Archer C80, dual-band Wi-Fi router

Archer C80 is a dual-band **802.11ac Wave2** home router. The device supports **3x3 MIMO** technology, which can achieve up to 1/3 higher speeds compared to 2x2 MIMO technology. It has four Gigabit LAN ports for connecting devices such as desktop PC, NAS or IPTV and one Gigabit WAN port for network connection.

High performance Wi-Fi in your home

The Archer C80 provides high-performance and affordable home Wi-Fi with aggregate speeds of up to **1900 MB/s**. The device supports simple tasks such as emailing and web browsing in the 2.4 GHz band, while bandwidth-intensive tasks such as online gaming or 4K/8K streaming are supported over the 5 GHz band.

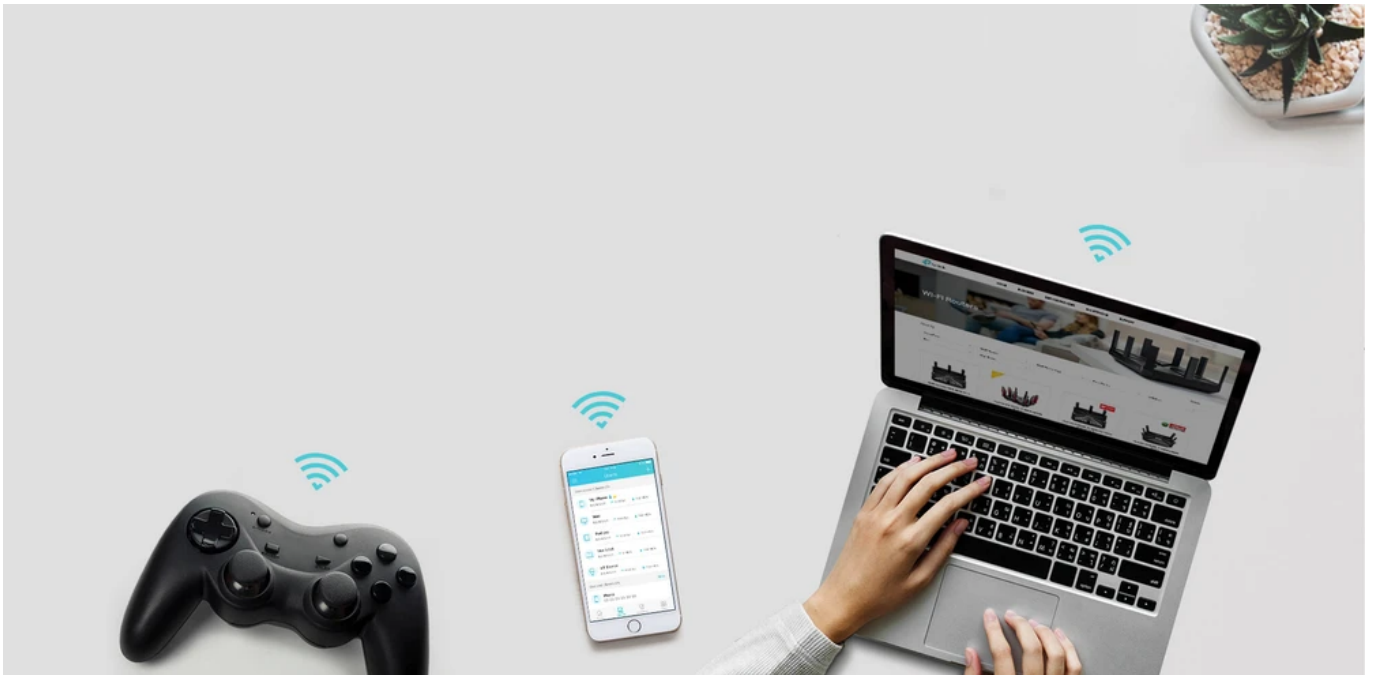

Beamforming

The Router has four external antennas with **Beamforming** technology, which detects the connected devices and focuses the signal in the right direction. So you can enjoy wireless coverage over even longer distances.

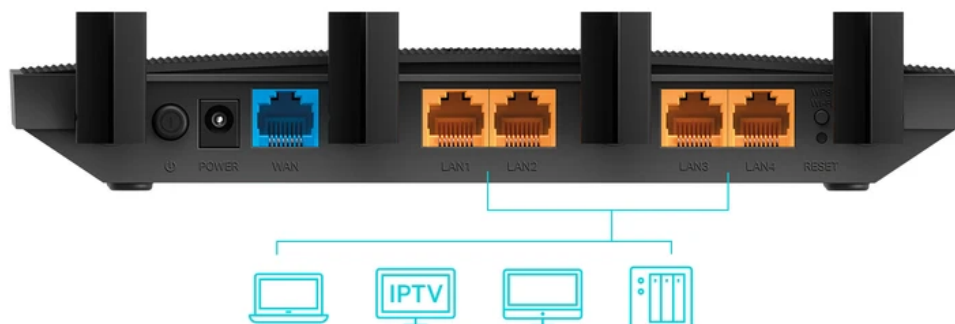

MU-MIMO

The **MU-MIMO** technology used in Archer C80 allows it to communicate with multiple devices simultaneously, so you can fully enjoy the performance of your home network. The **Smart Connect** feature is responsible for properly connecting the device to the correct radio frequency, while the Airtime Fairness feature prevents older devices from slowing down your network.

Full Gigabit ports

Gigabit Ethernet ports (1 WAN + 4 LAN) provide maximum connection speed.

Easy management with the Tether app

Set up the Archer C80 in just minutes by using the intuitive web interface or the powerful Tether app. **Tether** lets you manage your network settings from any Android or iOS device.
