Information:

Extralink SolarEye Pro is a wireless WiFi surveillance camera for home and business monitoring, offering 2.5K image quality with a 4 MP sensor, full horizontal and vertical rotation, and motion detection with alerts sent to a smartphone. The built-in 5200 mAh battery ensures long operating time, while optional solar charging increases autonomy. The camera features a two-way intercom, support for the Extralink Smart Life and Tuya apps, recording to a Micro SD card of up to 128 GB, and IP65 resistance to rain and dust. Two external 2,4 GHz WiFi antennas make for a stable connection and easy installation.

Product features

Storage relative humidity (H-H)	0 - 95%
Antenna type	External
Sensor type	CMOS
Connectivity technology	Wireless
Maximum resolution	2560 pixels
Audio system full duplex	Yes
Mounting kit	Yes
Operating frequency	2400 MHz
Storage temperature (T-T)	-20 - 60 °C
Cables included	Micro-USB
Audio system	2-way
Infra-red wavelength	850
Night mode	Yes

Humidity measurement range	0 - 95%
Number of effective pixels (H x V)	2560 pixels
Networking standards	IEEE 802.11b
Battery included	Yes
Number of cameras	1
Smartphone/tablet remote support	Yes
Number of lenses	2
Wi-Fi data rate (max)	300 Mbit/s
Protection features	Weatherproof
Operating temperature (T-T)	-20 - 55 °C
LED type	IR/White
Number of illumination LEDs	4
Reset button	Yes
PTZ control	Yes
Screws included	Yes
Card reader integrated	Yes
Total megapixels	4 MP
Video formats supported	H.264
Frequency range	2400 MHz
Maximum memory card size	128 GB
Compatible memory cards	MicroSD (TransFlash)
International Protection (IP) code	IP65
Day/night mode	Yes
Wi-Fi standards	802.11b
Wi-Fi	Yes
Preset points	Yes
Bluetooth	No
Ethernet LAN	No
Built-in speaker(s)	Yes
Number of sensors	1
Built-in HDD	No
Power source type	Battery
Built-in processor	Yes
Antennas quantity	2
Night vision distance	25 m
Camera tilt control	Yes
Camera pan control	Yes
Product colour	Black
Mounting hardware type	Ceiling/Wall
Watch case material	Acrylonitrile butadiene styrene (ABS)
Type	IP security camera
Designation	Indoor & outdoor

Full product description

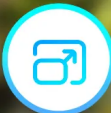

Extralink SolarEye Pro: Rotating WiFi Camera with Rechargeable Battery and 2.5K Resolution

Extralink introduces the **SolarEye Pro**, the latest model in a series of wireless surveillance cameras designed for the highest level of security and convenience. **The camera is completely wireless** and equipped with a 5200 mAh battery. It features **a 4MP sensor with 2.5K**

resolution, two-way intercom, **IP65-rated weather resistance**, Tuya mobile app, **horizontal and vertical rotation**, and solar charging with a [solar panel](#) (sold separately) - these and many other features make the Extralink SolarEye Pro an extremely versatile surveillance device to protect your home or business.

The image shows a white, dome-shaped Extralink SolarEye Pro camera mounted on a light-colored wall. The camera has two external antennas and a lens. To the left of the camera, there is a blurred background of green foliage. Overlaid on this background are six circular icons, each with a blue border and a white icon, representing different features. The text 'Extralink Rotating WiFi Camera with Rechargeable Battery' is written in large, bold, white letters at the top left. The camera itself is on the right side of the image, showing its physical design.

Extralink Rotating WiFi Camera with Rechargeable Battery

-  **Solar charging option**
-  **Weatherproof**
-  **2.5K resolution and 4 MP sensor**
-  **Advanced motion detection**
-  **Dedicated Extralink Smart Life and Tuya app**
-  **Micro SD card suport**

Key features of the Extralink SolarEye Pro camera

- **High image quality:** 2.5K resolution and 4MP sensor provide excellent recording quality, enabling clear and detailed monitoring of your surroundings
- **Full wireless connectivity:** Thanks to 2.4GHz WiFi with two external antennas, the camera works without cables, offering ease of installation and flexibility in site selection
- **Advanced motion detection:** Motion detection technology instantly alerts you to unwanted activity by sending alerts to your smartphone
- **Two-way intercom:** This feature allows you to communicate with people in front of the camera in real time, which is ideal for access control and long-distance communication
- **Long-lasting operation thanks to rechargeable battery:** The built-in 5200 mAh battery ensures long operation without frequent charging
- **Notifications and alerts on the Extralink Smart Life mobile app and Tuya:** The app allows you to receive real-time notifications.
- **Solar charging option:** The camera is compatible with [solar panels](#) (sold separately), which further increases its autonomy
- **Micro SD card support:** Capable of storing recordings on a Micro SD card with a capacity of up to 128 GB
- **Weather resistance:** IP65 rating makes the SolarEye Pro resistant to rain, dust and other adverse weather conditions

- **Full rotation:** The camera offers horizontal and vertical rotation for a wide monitoring range

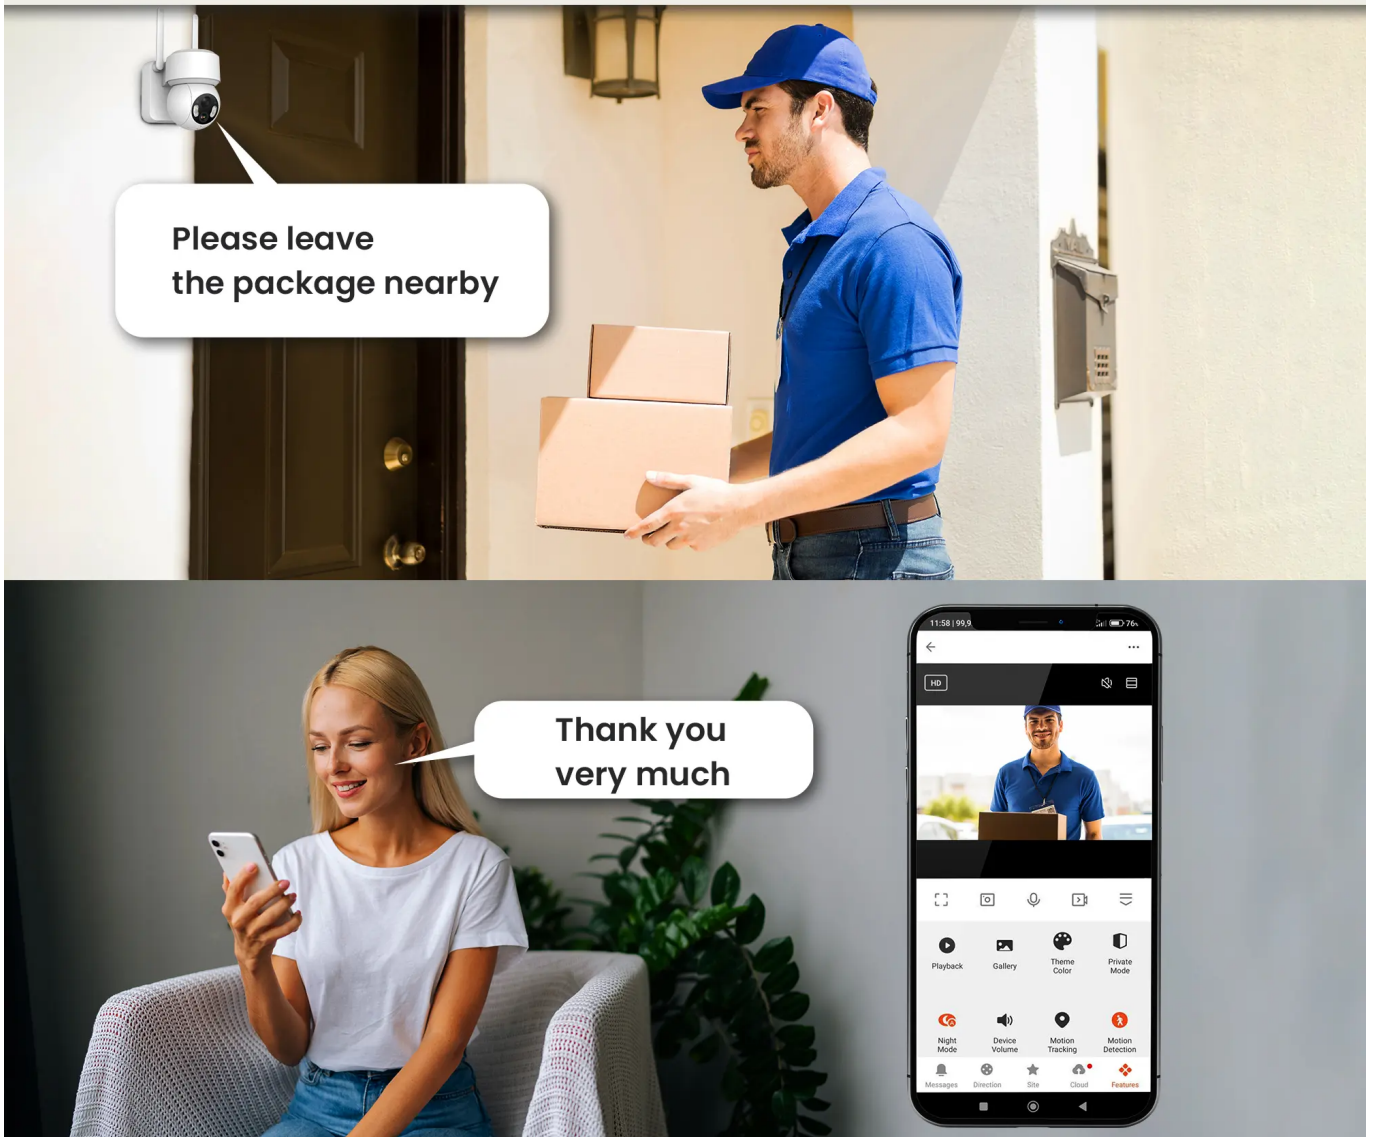

The camera is compatible with solar panels (sold separately), which further increases its autonomy

4MP matrix with 2.5K resolution and intercom function

The Extralink SolarEye Pro camera has a 2.5K resolution sensor, providing high image quality and detail in the recorded footage. This results in clear and crisp recordings that make it easy to identify people and events. In addition, the camera has a **two-way intercom function** for real-time communication between the user and the person present in front of the camera. This is a useful tool for remote monitoring and communication.

TWO-WAY INTERCOM

This feature allows communication with people in front of the camera in real time, which is ideal for access control and remote communication

Weather resistance IP65

The **Extralink SolarEye Pro** is also rugged and weatherproof thanks to its **IP65 rating**. This means that the camera is protected from rain and dust, allowing it to be installed outdoors without fear of damage.

Weatherproof camera

Dedicated Extralink Smart Life and Tuya app

A dedicated **Extralink Smart Life and Tuya mobile app** is used to manage the **Extralink SolarEye Pro** camera. The app allows you to remotely access the camera's video and settings from anywhere using a smartphone or tablet. You can easily check recordings, adjust camera settings and receive notifications when motion or other events are detected.

Micro SD card support

Recording on up to 128 GB Micro SD card possible

An effective tool for securing homes and businesses

Extralink SolarEye Pro is a **comprehensive monitoring solution** that offers many advantages and useful features. Thanks to the built-in rechargeable battery, [solar panel](#) (sold separately), high-quality images, two-way intercom, weather resistance and an intuitive mobile app, this wireless camera is an effective tool for securing homes and businesses.

ADVANCED MOTION DETECTION

Motion detection technology immediately alerts the user to unwanted activity by sending alerts to a smartphone
