Full product description

TP-LINK ARCHER T1U T1U USB Nano Wi-Fi network adapter

TP-Link Archer T1U is a wireless network adapter that will allow your computer to connect to a Wi-Fi network and access a high-speed Internet connection. The adapter will allow you to transmit in **5GHz** band at **433 Mbps**. This miniature adapter is designed to be as practical and functional as possible.

WPA/WPA2 encryption for advanced security

When it comes to wireless security, **Archer T1U** provides WPA/WPA2 encryption developed by the Wi-Fi Alliance, which promotes the interoperability and security of WLANs to effectively secure the wireless network.

Wireless Internet access

TP-Link Archer T1U allows to create virtual **SoftAP** access point. Thanks to such a device, the computer with the Wi-Fi adapter installed can serve as an **access point**, providing other devices with Internet connection.
