Product features

Height	173.4 mm
Width	57.8 mm
Depth	18 mm
Maximum data transfer rate	600 Mb/s
Package weight	140 g
Antenna gain level (max)	5 gain
Package depth	148 mm
Package height	42 mm
Package width	207 mm

Full product description

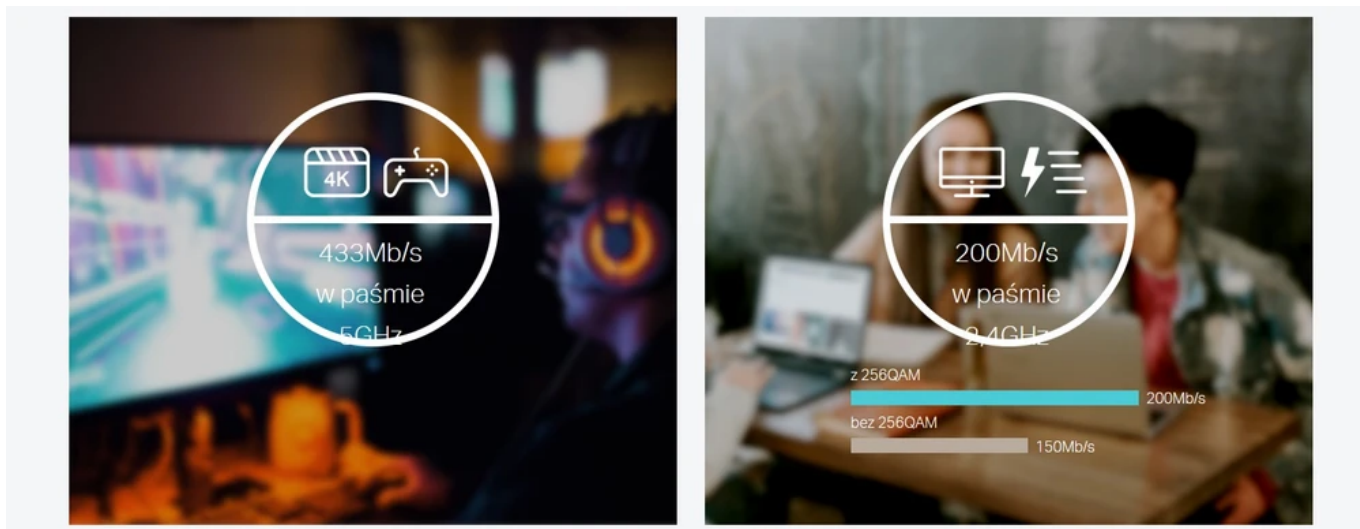

Two-band USB network card

TP-Link Archer T2U Plus is a **double-band wireless USB** card that supports **256-QAM**, and increasing the data transfer rate from **150 Mb/s** to **200 Mb/s** in the **2.4 GHz** band. Thanks to this, we have at our disposal **200 Mb/s** in the **2.4 GHz** band and **433 Mb/s** in the **5 GHz** band, which gives us a guarantee of effective use of the wireless network in the AC standard and the ability to connect with dual-band Wi-Fi routers. The antenna with 5 dBi gain is fully compatible with Windows 10/8.1/8/7/XP and Mac OS X.

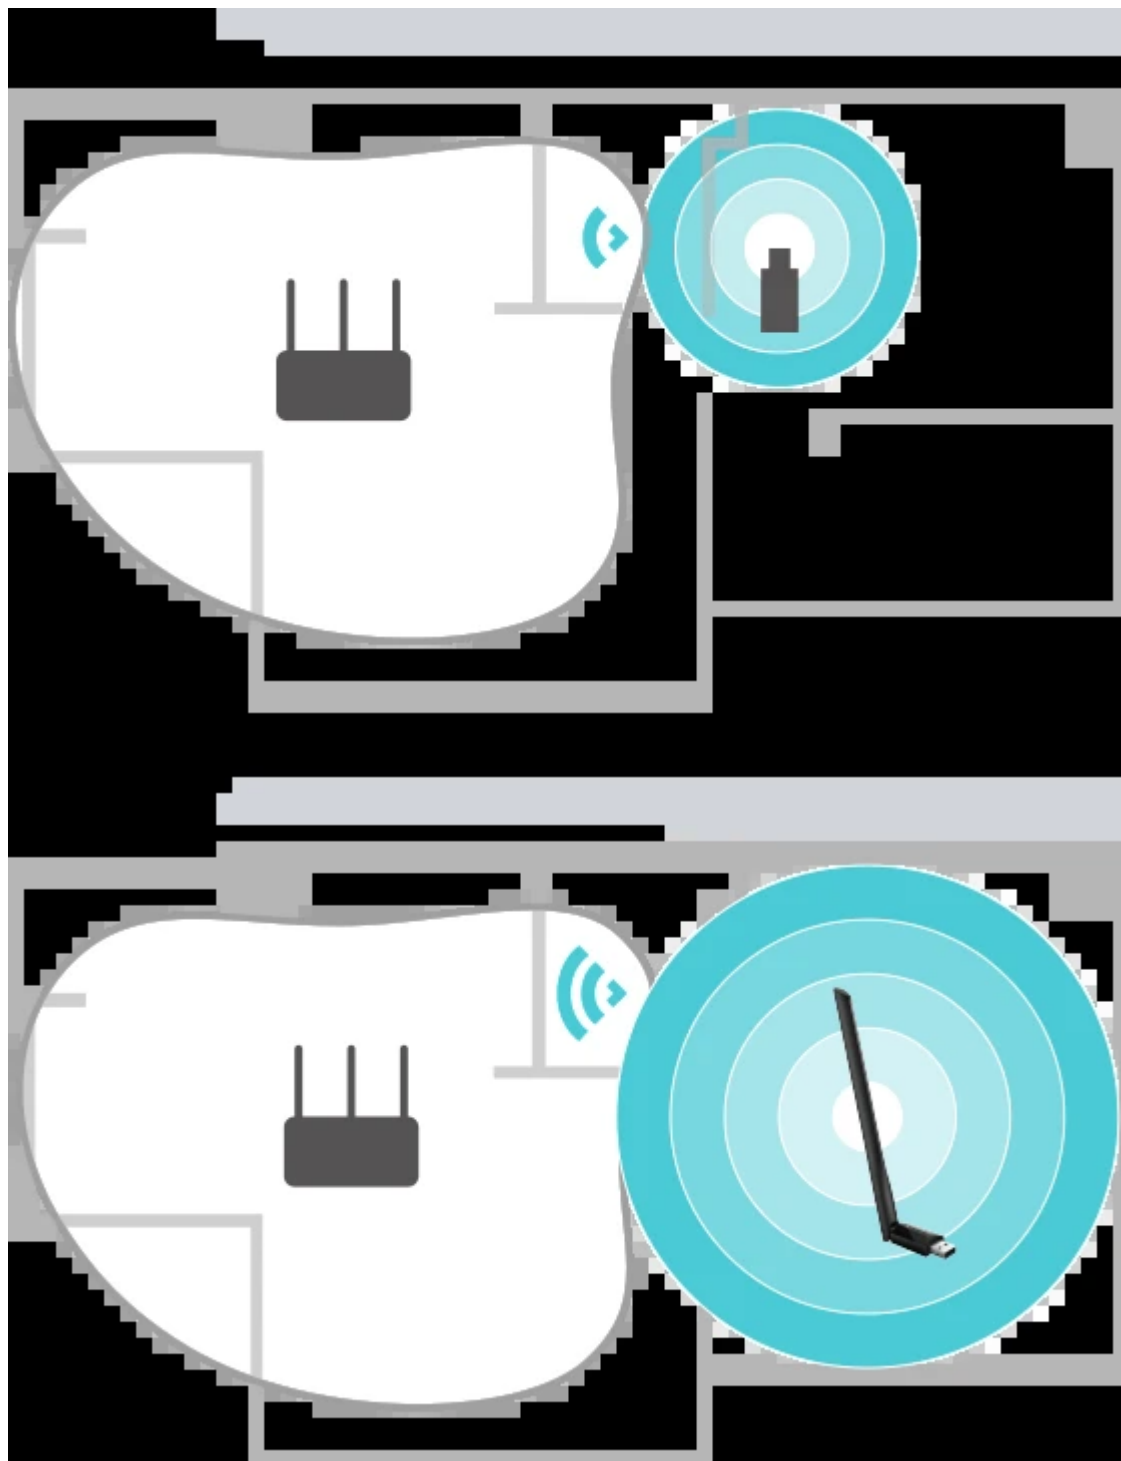

Better wireless connections

With its dual-band **Archer T2U Plus** signal reception, it is ideal for both daily network searches in the **2.4 GHz** band and for more demanding applications such as video streaming or delay-sensitive online gaming in the **5 GHz** band.

Larger range

Archer T2U Plus is equipped with an external long-range **5 dBi** antenna, which guarantees better signal transmission and reception and stable Wi-Fi connection throughout the house.

Adjustable antenna

Comfort of use is provided by an adjustable antenna, which can be freely rotated in many directions to increase the performance of the device.
