Price: **65.94 zł** gross / 53.61 zł net

Manufacturer: TP-LINK

Referention number: DNXGFNIPGRMMJJ

Product features

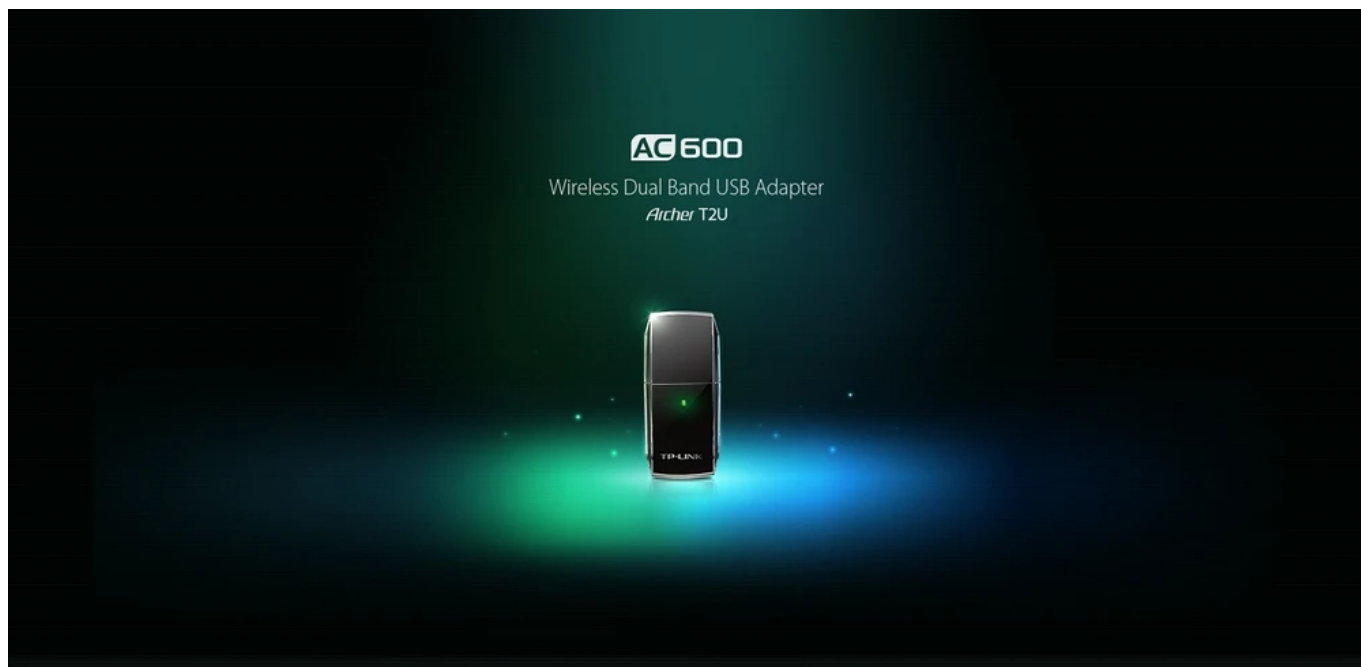

Regulatory Approvals	CE, FCC
Storage relative humidity (H-H)	5 – 90%
Height	10.3 mm
LED indicators	Status
Modulation	16-QAM
Receiver sensitivity	2.4G: 11b(1M-99,11M-91), 11g(6M-94,54M-77), 11n(HT20(M0-95,M7-76), HT40(M0-92,M7-73))dBm 5G: 11a(6M-94,54M-78), 11n(HT20(M0-94,M7-77), HT40(M0-92,M7-74)), 11ac(VHT80(M0-89,M9-64))dBm
Width	40.5 mm
Depth	19.7 mm
Connectivity technology	Wireless
Security algorithms	128-bit WEP
Storage temperature (T-T)	-40 to 70 °C
Compliance certificates	RoHS
Maximum data transfer rate	600 Mb/s
Optical drive required	Yes
Package weight	90 g
Interface	WLAN
Humidity measurement range	10 – 90%
Antenna	Yes
Harmonized System (HS) code	85176990
Quick start guide	Yes

Networking standards	IEEE 802.11a
Operating temperature (T-T)	0 – 40 °C
Package depth	128 mm
Package height	30 mm
Package width	138 mm
Wi-Fi band	Dual-band (2.4 GHz / 5 GHz)
Wi-Fi standards	802.11a
Wi-Fi	Yes
Linux operating systems supported	Yes
Mac operating systems supported	macOS
Windows operating systems supported	Windows 10
Top Wi-Fi standard	Wi-Fi 5 (802.11ac)
USB version	2.0
Antenna design	Internal
Product colour	Black
Host interface	USB
Internal	No
Designation	PC / Laptop

Full product description

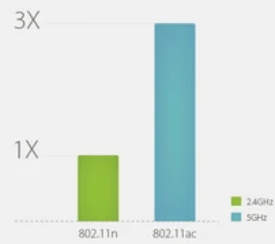

ARCHER T2U AC600 Dual-Band Wireless USB Adapter

The ARCHER T2U AC600 is a **small USB** network card, allowing you to conveniently use the next generation of high-speed wireless connections. The wireless adapter has advanced security features such as **WEP, WPA/WPA2 and WPA-PSK/WPA2-PSK**. Additionally, the equipment reaches speeds of up to **433Mbps** in AC standard in 5GHz band or 150Mbps in 2.4GHz band making work with this device smooth and pleasant.

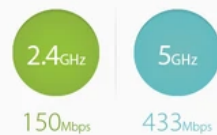

Standard 802.11AC

The Archer T2U TP-LINK network card supports wireless connections in **802.11ac** standard with 3 times higher speed than previously available **802.11n**. This allows older laptop models to benefit from new generation wireless connections. In addition, Archer uses **Soft AP** to easily establish high-speed wireless connections.

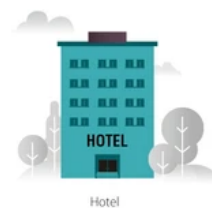

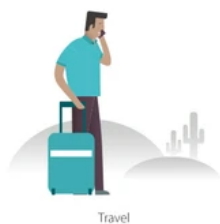

Two 433Mbps and 150Mbps transmission bands

The Archer T2U device gives you the ability to use two transmission bands - the interference-free, smooth **5GHz** band at a speed of **433Mbps** for e.g. HD video streaming or online games, and the usual, traditional **2.4GHz** band at a speed of **150Mbps** for everyday web browsing.

Compact size - ideal for travel

Its pocket-sized size makes it one of the smallest wireless **USB network cards, operating in the 11ac standard**, making it an extremely practical and convenient choice when travelling. The device fits into any USB port, so it is compatible with any commercially available laptop that has this port.

A stylish choice

The advanced shaping technology of the devices has allowed to achieve an even crystalline casing of the Archer T2U, and precise polishing - smooth, soft and pleasant to the touch surface. The device will fit perfectly into any equipment, giving it an elegant design. In addition, the configuration tool included on the **CD** included in the kit makes installation easier. The network card is compatible with all devices working in **802.11 a/b/g/n/ac** standards.
