

TP-Link Archer T4E | WiFi Network Card | PCI Express, AC1200, Dual Band

link to the product:

<https://www.batna24.com/gb/p/routers/tp-link-archer-t4e-wifi-network-card-pci-express-ac1200-dual-band>

Price: **81.49 zł** gross / 66.25 zł net

Manufacturer: TP-LINK

Referention number: DNXGFQPNFRMMNL

Product features

Storage relative humidity (H-H)	5 - 90%
Height	21.5 mm
Modulation	16-QAM
Width	120.8 mm
Depth	115.2 mm
Connectivity technology	Wireless
Security algorithms	128-bit WEP
Operating modes	Infrastructure mode
Bandwidth (second)	5 GHz
Bandwidth (first)	2.4 GHz
Conflict-Free	Yes
Storage temperature (T-T)	-40 to 70 °C
Compliance certificates	CE
Maximum data transfer rate	867 Mb/s
PCI Card form factor	Half-height (low-profile)
Mounting brackets included	Yes
Package weight	300 g
Interface	WLAN
Humidity measurement range	10 - 90%
Antenna	Yes
Harmonized System (HS) code	85176990
Networking standards	IEEE 802.11a

Low-profile bracket	Yes
Operating temperature (T-T)	0 – 40 °C
Quick installation guide	Yes
Package depth	148 mm
Package height	42 mm
Package width	207 mm
Package type	Box
Resource CD	Yes
Wi-Fi band	Dual-band (2.4 GHz / 5 GHz)
Wi-Fi standards	802.11a
Wi-Fi	Yes
Windows operating systems supported	Windows 10
Top Wi-Fi standard	Wi-Fi 5 (802.11ac)
Antenna design	External
Antennas quantity	2
Detachable antenna(s)	Yes
Product colour	Black
Host interface	PCI Express
Internal	Yes
Designation	PC
Sustainability compliance	Yes

Full product description

TP-LINK ARCHER T4E

The wireless network card TP-Link Archer T4E operates in dual-band mode, combining **2.4 GHz and 5 GHz** bands. The device ensures data transmission up to 1300 MB/s and supports 802.11ac standard, which is three times faster than the 802.11n standard. **Archer T4E** is backward compatible with older wireless standards to provide seamless connectivity for all devices.

Dual-band Wi-Fi

Enjoy a fast and stable connection. The adapter operates on two bands and supports combined speeds of up to **1300 MB/s in 802.11ac**.

Increased range

With **Beamforming** technology you get even better coverage, the system assigns the WI-FI signal to connected devices wherever they are. The connection remains stable even over longer distances.

Heat sink for excellent stability

Inside the adapter is a radiator that takes care of heat dissipation. The lower temperature will not only extend the life of the device, but also improve its stability and reliability.

External antennas

Two high-tech external antennas allow you to maintain high speeds over long distances.
