Full product description

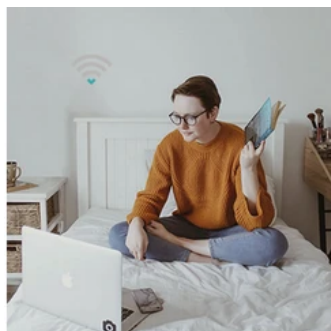

AC1200 extra Wi-Fi MESH unit

Deco M3W is Wi-Fi repeater designed to extend the broadcast range of Wi-Fi systems from the DECO series. Working on two bands 2.4 GHz and 5 GHz and supporting 802.11b / g / n / ac standards it provides speeds for wireless networks of up to **1167 Mbps**. Deco M3W has been equipped with a system, so that the device will indicate the optimal location of the installation with the help of an LED, and the same connection to the active network is done by just one press of a button.

Compact construction and well thought-out design

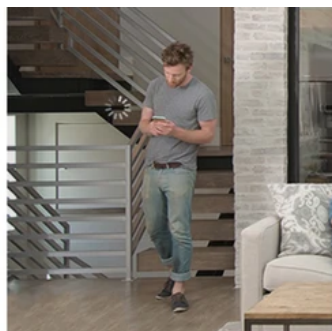

The signal extender is extremely compact, so you can install it wherever you need it.

Sygnał Wi-Fi nie dociera do twojej sypialni?

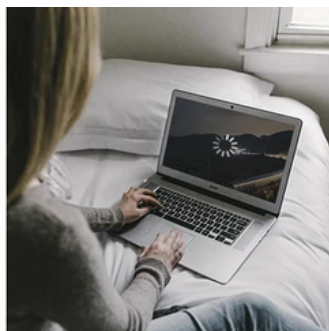

Dodaj urządzenie Deco, aby pozbyć się martwych stref w swoim domu

Tracisz połączenie z siecią, gdy chodzisz po domu?

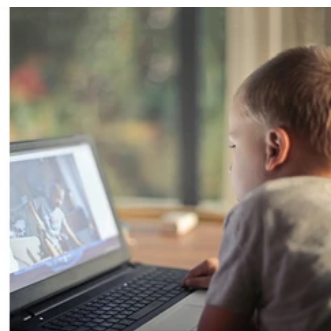

Płynne przełączanie i wspólna nazwa Wi-Fi
