Price: **1,157.28 zł** gross / 940.88 zł net

Manufacturer: TP-LINK

Referention number: DNXGGHIRGRMMHO

Product features

Regulatory Approvals	FCC, IC, NCC, BSMI, IDA, RCM, JPA, JRF, VCCI, KC
Storage relative humidity (H-H)	5 - 90%
Product type	Mesh system
Height	114 mm
Antenna type	Internal
LED indicators	Power
Firewall security	SPI
Width	110 mm
Depth	110 mm
Security algorithms	WPA2-PSK
Storage temperature (T-T)	-40 - 70 °C
Compliance certificates	CE
Package weight	2250 g
Humidity measurement range	10 - 90%
Harmonized System (HS) code	85176990
Networking standards	IEEE 802.11a
Ethernet LAN (RJ-45) ports	2
Ethernet cable	Yes
DC-in jack	Yes
Operating temperature (T-T)	0 - 40 °C
Package depth	276.5 mm
Package height	125 mm

AC adapter included	Yes
Package width	369 mm
Quality of Service (QoS) support	Yes
Reset button	Yes
Number of guest networks (2.4 GHz)	1
Number of guest networks (5 GHz)	1
AC adapter input current	0.4 A
Wi-Fi band	Dual-band (2.4 GHz / 5 GHz)
Parental control	Yes
Wi-Fi standards	802.11a
AC input frequency	50 Hz
AC input voltage	100 V
Top Wi-Fi standard	Wi-Fi 5 (802.11ac)
Processor cores	4
Built-in processor	Yes
AC adapter output current	1 A
Antennas quantity	4
AC adapter output voltage	12 V
Product colour	White
Guest access	Yes
WLAN data transfer rate (first band)	1201 Mb/s
WLAN data transfer rate (second band)	574 Mb/s
Ethernet WAN	Yes
WLAN data transfer rate (max)	1775 Mb/s
DHCP client	Yes
DHCP server	Yes
Sustainability compliance	Yes

Full product description

Mesh System TP-Link Deco X20 2-Pack

TP-Link Deco X20 is an **AX1800** home Mesh system **with Wi-Fi 6 support**, seamless roaming, and **wireless** coverage of **up to 370 square meters**. With support for the latest wireless standard, as well as **MU-MIMO, OFDMA and 1024-QAM** technologies, the Deco X20 significantly improves wireless throughput and performance, especially in high traffic environments.

A wide range of new technologies

A revolutionary combination of OFDMA and MU-MIMO allows Deco **X20** to create a network that **increases throughput up to 4x** for connected devices - especially in the presence of a large number of third-party signal sources. Providing low latency, Deco X20 allows **up to 150 clients** to be connected.

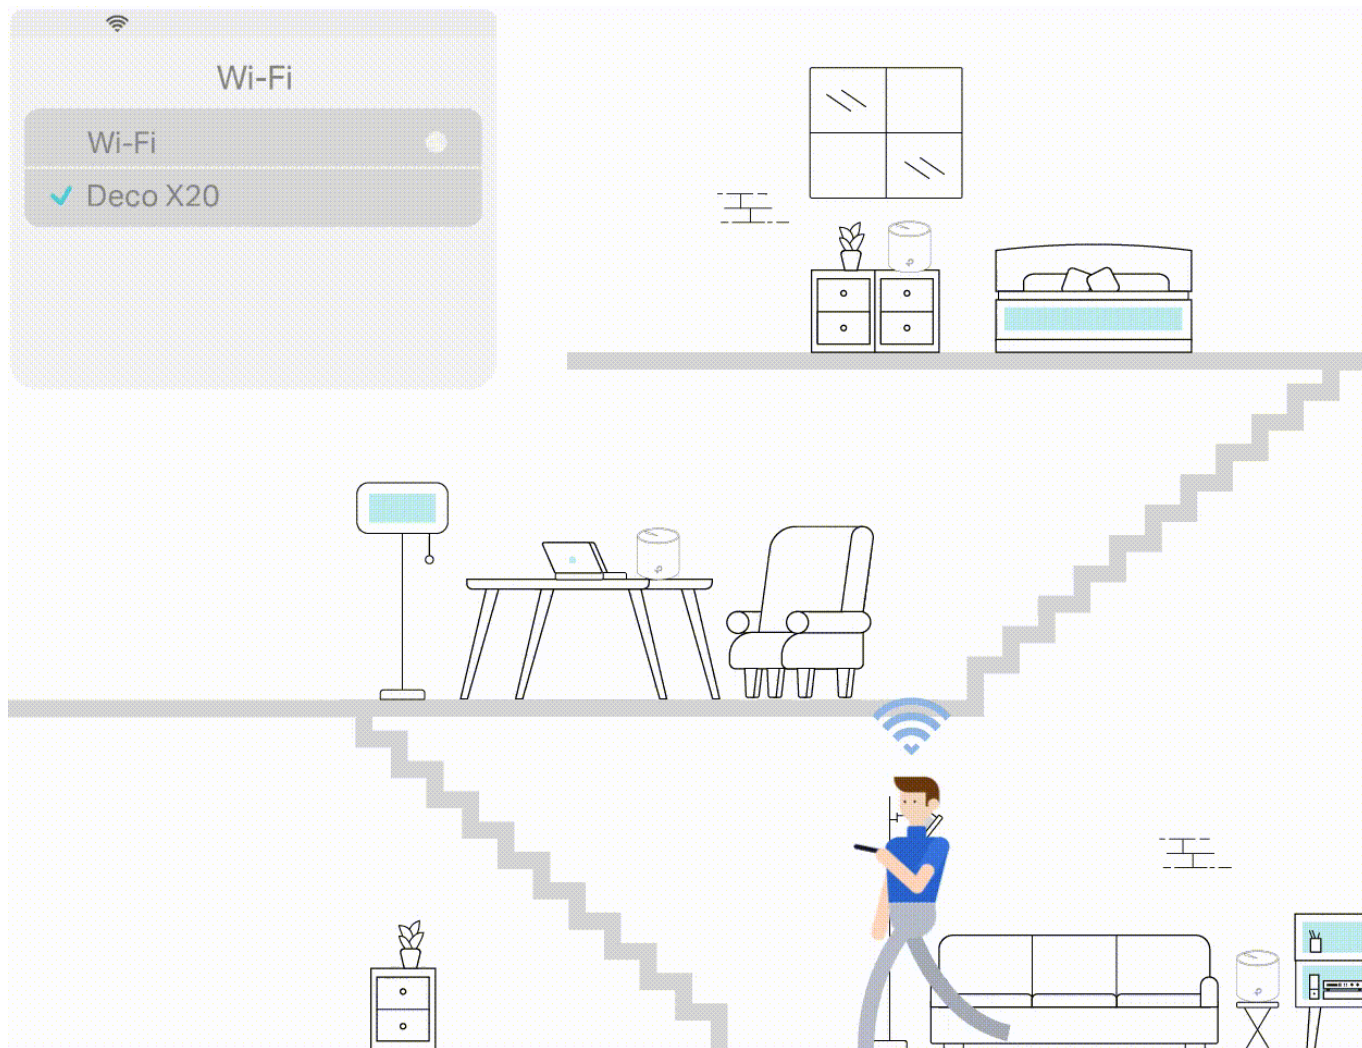

Amazing Wi-Fi speeds 6

With 1024-QAM and long sign support, the **Deco X20 provides up to 1.8 Gbps total through put** (1200 Mbps at 5 GHz and 574 Mbps at 2.4 GHz), which is great for resource-intensive tasks such as **online gaming and HD video**.

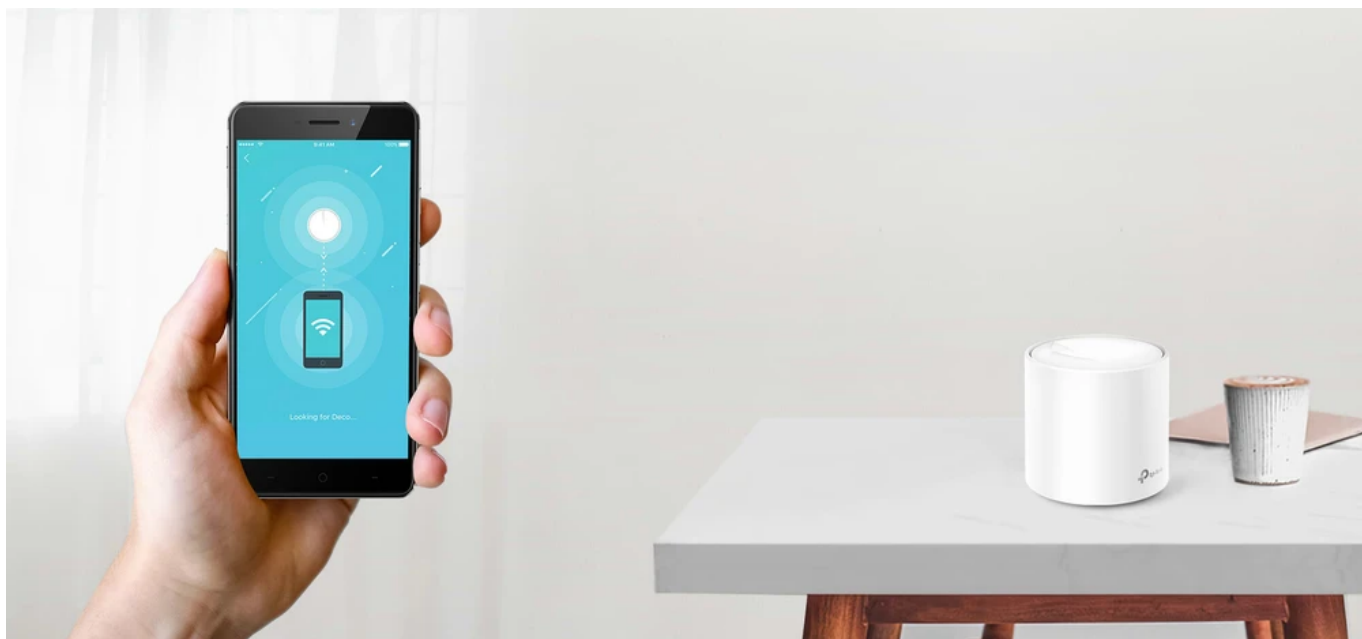

Smooth switching without information loss

Deco X20 also supports technologies such as **BSS Coloring** and **Beamforming** for more reliable, long-range wireless coverage, while **seamless roaming** allows you to switch from module to module while maintaining connectivity.

Easy management and strong security

With **WPA3 encryption** support and TP-Link HomeCare™, the **Deco X20** is one of the most secure wireless devices available today. Setup and management is quick and easy with the **Deco mobile app**.

Main features and benefits

- Faster connections: Wi-Fi 6 speeds of up to 1800 Mbps - 1201 Mbps in the 5 GHz band and 574 Mbps in the 2.4 GHz band.
- More connected devices: The use of OFDMA and MU-MIMO technology translates into four times better performance and the ability to

transmit to even more devices at the same time.

- Enhanced Wi-Fi signal: Network coverage throughout your home and a strong Wi-Fi signal in every room thanks to Wi-Fi 6 technology.
- Latency reduced to a minimum: A marked reduction in transmission offsets gives you a significant advantage over your opponents during online games and ensures the stability of video calls.
- Unified Networking: Based on the integrated operation of the home Wi-Fi system units, connected devices automatically switch as they move around the home to take advantage of the fastest speeds available.
- Comprehensive protection: WPA3 encryption and TP-Link HomeCare™ provide access to fully customizable features, including parental control, antivirus, and QoS to keep your Internet experience safe.
- Setup easier than ever before: The Deco app takes you step-by-step through the entire setup process.
