Full product description

Ultrafast Mesh WiFi 6

Equipped with **Wi-Fi 6** technology, the **TP-LINK Deco X50** home **Wi-Fi** system is a revolutionary solution that provides comprehensive home coverage, faster speeds and higher performance. Experience the capabilities of the latest Wi-Fi Mesh technology, connecting more devices and transferring data faster than ever before. Let the network of the future come to your home now.

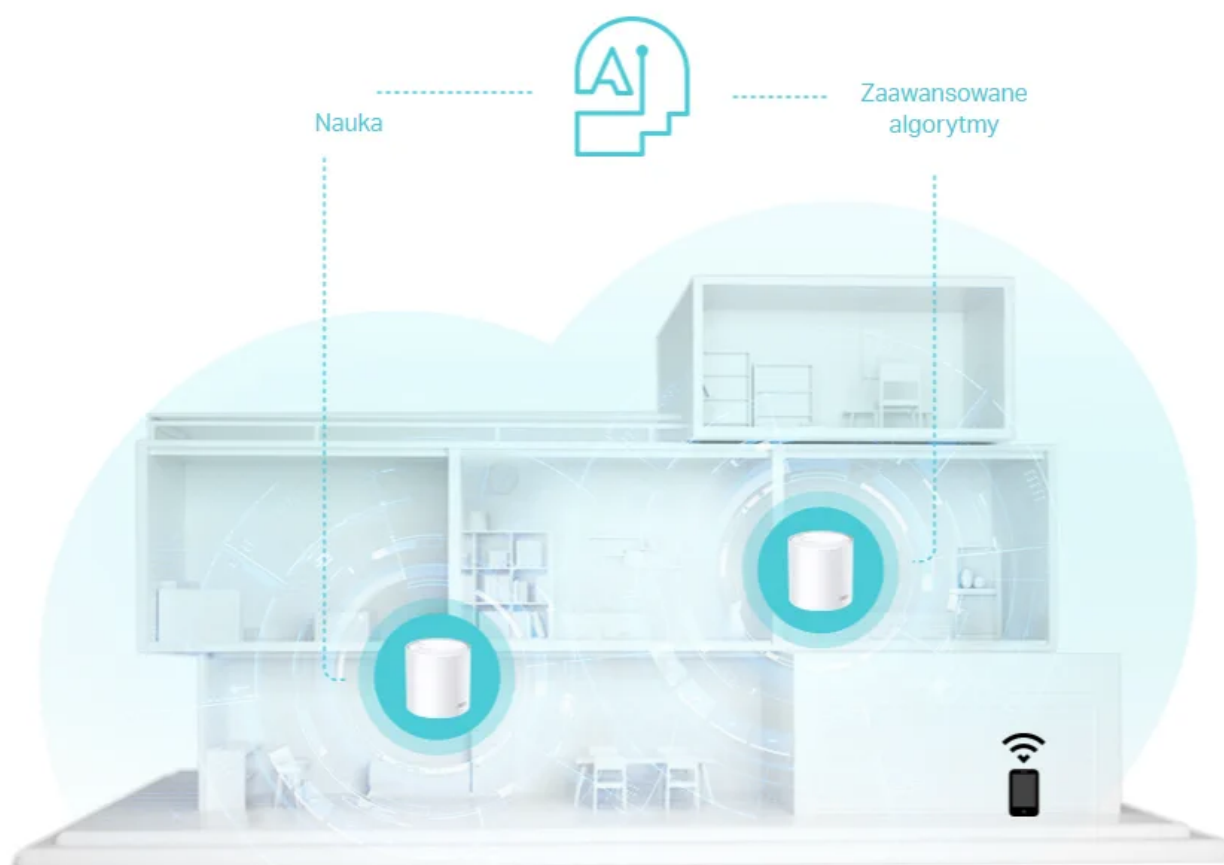

Up to 4x more capacity for more efficient streaming

With **Wi-Fi 6** enhancements, **OFDMA-equipped** and **MU-MIMO** technologies , **the Deco X50** allows you to connect more than **150 devices**. Enjoy an efficient network without compromising performance. Now you can enjoy smooth **streaming**, regardless of the number of connected devices.

AI-based mesh network: always learning, constantly optimizing

Equipped with Artificial Intelligence, **the Deco X50** delivers **WiFi** that follows you wherever you go, without interruption. It automatically learns your network environment, device quality and user behavior. Sophisticated algorithms take many factors into account to ensure **Deco X50** provides the perfect WiFi Mesh, unique to your home. Take full advantage of smooth **streaming** at the highest possible speed as you move through your home.

Smooth switching means smooth operation and entertainment

TP-Link Mesh technology makes **Deco routers** work together to create a unified **Wi-Fi network**. As you move around the house, your phone or tablet will always connect to the Deco router that offers it the best connection, without interrupting the transfer.

Self-configuration? It's easier than you think

Take the Deco devices out of the box, install the app and follow the displayed instructions. The rest will be taken care of by the Deco app - after just a few minutes you will gain access to the network. You'll be surprised how easy it is! The Deco app will guide you step-by-step through the entire setup process, ensuring a fast and hassle-free network launch.

Gigabit wired connections

The Deco X50 is equipped with **3 gigabit ports** that provide the fastest possible wired connections. Now your devices can enjoy unmatched speed, which is ideal for gaming and 4K streaming.
