Price: **174.51 zł** gross / 141.88 zł net

Manufacturer: TP-LINK

Referention number: DNXGFNQRFRMMPPM

Product features

Regulatory Approvals	CE, FCC, RoHS
Antenna included	Yes
Storage relative humidity (H-H)	5 - 90%
Height	27 mm
Output voltage	24 V
Antenna type	External
LED indicators	Power
Width	216 mm
Depth	46 mm
Security algorithms	WPA2-Enterprise
Virtual LAN features	Tagged VLAN
Wi-Fi Multimedia (WMM)/(WME)	Yes
Mounting kit	Yes
Storage temperature (T-T)	-40 - 70 °C
Cables included	AC
Syslog	Yes
Compliance certificates	CE
Maximum data transfer rate	300 Mb/s
Power consumption (max)	3.12 W
Rate limiting	Yes
Package weight	620 g
Humidity measurement range	10 - 90%

Networking standards	IEEE 802.11b
Ethernet LAN (RJ-45) ports	1
Antenna gain level (max)	3 gain
Operating temperature (T-T)	-30 - 65 °C
Package depth	270 mm
Package height	100 mm
Package width	140 mm
Quality of Service (QoS) support	Yes
Package type	Box
VLAN support	Yes
Reset button	Yes
Management protocols	HTTP/HTTPS, SNMP, Telnet
Web-based management	Yes
Service Set Identifier (SSID) features	Multiple SSIDs
Output current	0.6 A
International Protection (IP) code	IP65
Power over Ethernet (PoE)	Yes
PoE adapter included	Yes
Placement	Pole
Wireless isolation	Yes
Power over Ethernet (PoE) type supported	Passive PoE
Antennas quantity	2
Number of SSID supported	8
Antenna direction type	Omni-directional
Antenna features	Detachable antenna
Product colour	White
Access Control List (ACL)	Yes
MAC address filtering	Yes
Automatic channel selection	Yes
Maximum data transfer rate (2.4 GHz)	300
6 GHz	No
5 GHz	No
2.4 GHz	Yes
Operating system	Microsoft Windows XP, Vista, Windows 7, Windows 8, Windows10
Sustainability compliance	Yes

Full product description

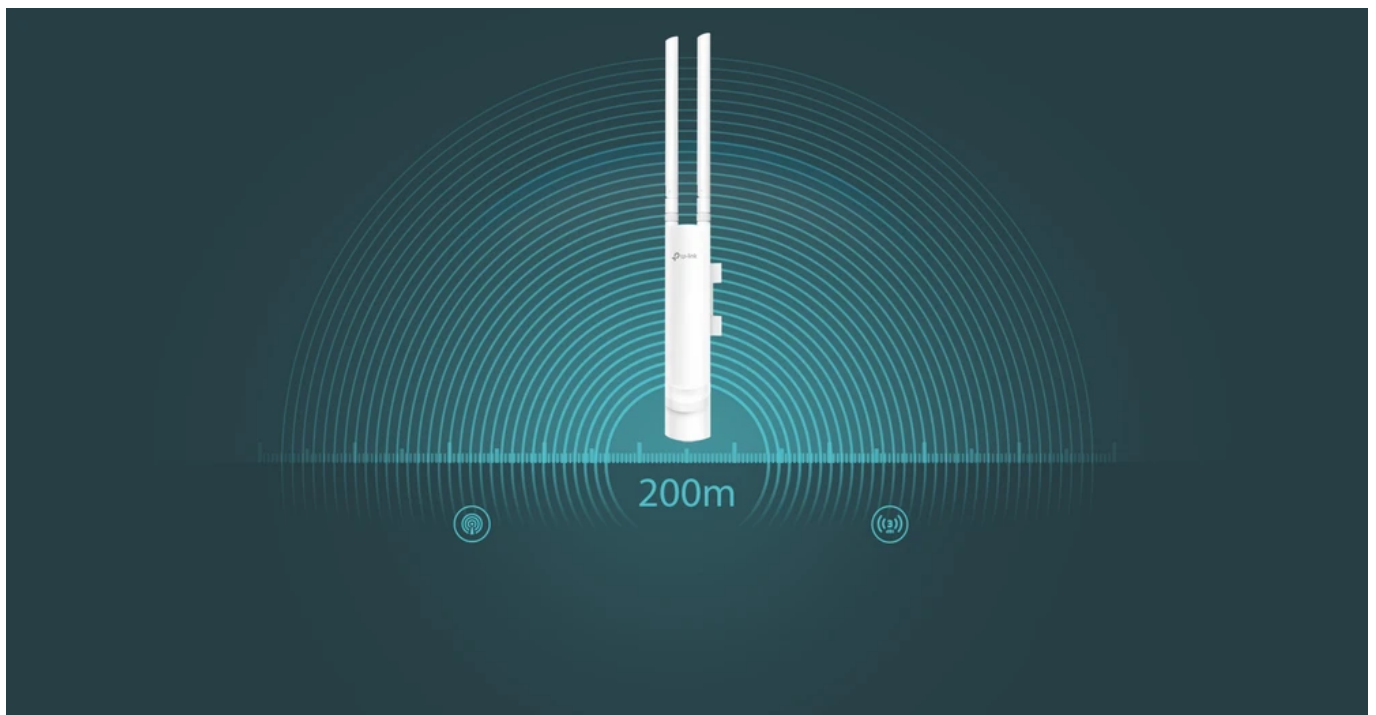

TP-Link EAP 110 Outdoor - an outdoor access point

TP-Link EAP 110 Outdoor is a wireless, outdoor access point. It is a perfect solution for wireless networks, particularly suitable for businesses, hotels and commercial facilities. Thanks to its well-thought-out design, casing, antennas, flexible power and mounting options and size, not much bigger than a smartphone, the EAP110 Outdoor is ideal both inside and outside of any building. It can be easily installed **on a wall or on a pole**, using the included mounting elements, and thanks to the **IP65** certificate, we can guarantee that the EAP110 will survive even the harshest weather conditions. TP-Link EAP 110 Outdoor is managed by EAP Controller Software, which allows to configure and manage many devices of the series. It also has **business class network security**, supports radius 802.1X server, encryption, WPA/WPA2-Enterprise, MAC address filtering and detection of unauthorized access points.

Wireless network range up to 200 m

Thanks to two strong **directional antennas** and the high quality of the EAP110 transmission, you will receive a stable signal in an area with a radius of up to **200 m**.

Use Wi-Fi without limits - the TP-Link EAP110 wireless outdoor access point

- Designed for outdoor use
- Wireless transmission speed up to 300 Mb/s with 2x2 MIMO technology
- System optimized for long-distance transmission
- Environmentally resistant casing
- Passive PoE support
- Central wireless network management from the cloud and the Omada application make it easy and convenient to use
- Many access authentication methods (SMS/ Facebook, Wi-Fi/Voucher), etc.
- Support for VLAN management
