Price: **269.53 zł** gross / 219.13 zł net

Manufacturer: TP-LINK

Referention number: DNXGFMMODRMMHQ

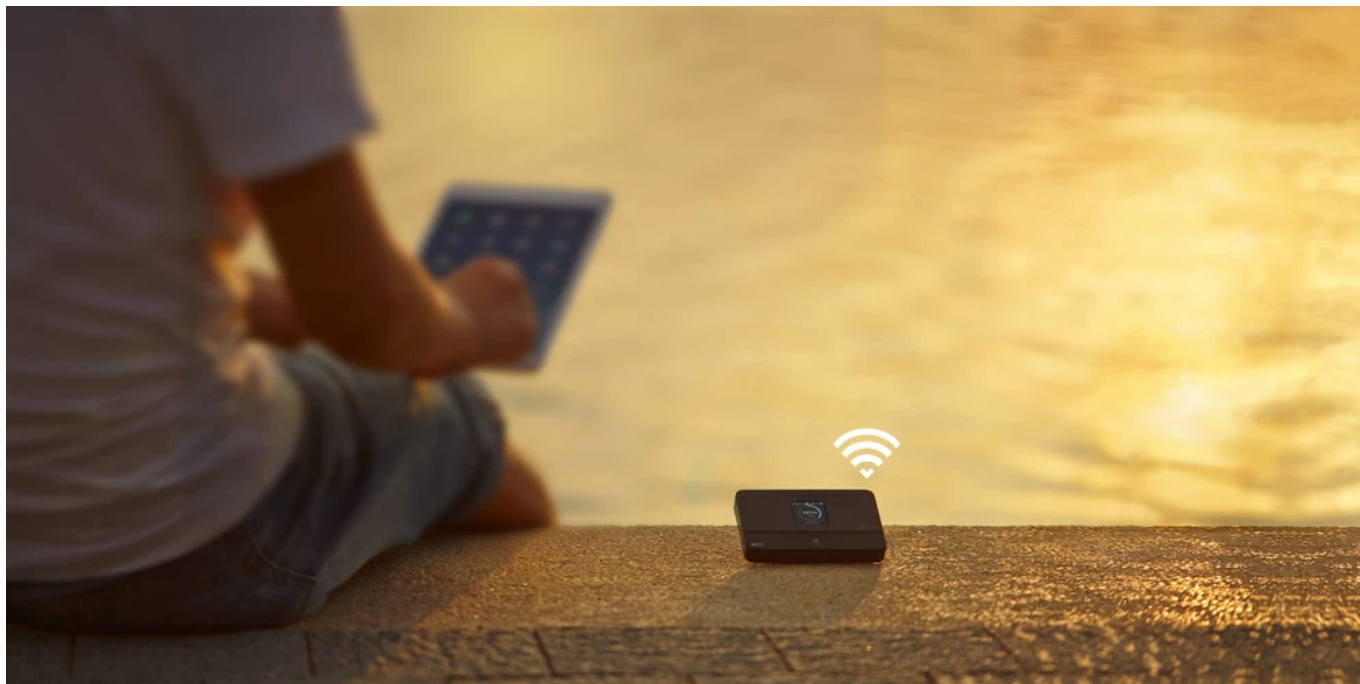

Product features

Height	16.7 mm
Width	106 mm
Depth	66 mm
Battery capacity	2000 mAh
Package weight	200 g
Package depth	95 mm
Package height	50 mm
Package width	135 mm
Maximum memory card size	32 GB
WLAN data transfer rates supported	150 Mb/s

Full product description

Portable hotspot TP-Link M7350 4G LTE

The M7350 is a portable 4G hotspot. It allows you to download data at speeds of up to **150 Mb/s**, and thus **watch HD movies without loss of smoothness in transmission, download files instantly and hold video calls without interruption.**

Share your network

With **Plug and play**, simply insert a **SIM 4G** card to create a reliable **internet hotspot**. The **4G/ 3G** connection can be instantly shared with tablets, mobile phones, laptops, game consoles, and up to 10 devices at once.

A quick overview of network status and an intuitive application for managing the device.

The display on the device makes it easy to control the download/upload limit and prevents it from being exceeded. Thanks to **tpMiFi** application, dedicated to **iOS** and **Android** devices, you can set data limits, control which devices can connect to your network, send messages, transfer media files from and to the **Micro SD** card.

Portable hotspot/ 4G LTE router TP-Link M7350

- Supports 4G LTE cat11 technology, with download speeds up to 150 Mbps and upload speeds up to 50 Mbps
- Supports up to 10 wireless connections at once
- All network information is shown on the screen
- Battery lasts for up to 8 hours at 2000 mAh capacity
- Device equipped with a micro SD slot, with the possibility of using cards with a capacity of up to 32 GB
