Information:

The Extralink Smart Life USB Type-C to Type-C cable is a solid and convenient solution for charging, data transfer and synchronising devices with USB-C ports. The reversible connectors make it easy to plug in, while the nylon braid increases durability, protecting against damage and twisting. It supports charging up to 15W (5V, 2.4/3A), providing fast and efficient power for smartphones, tablets and other devices. The 120 cm length ensures comfortable use at home, at work and while travelling.

Product colour	Black
USB Power Delivery up to	15 W
Connector 2 form factor	Straight
Connector 1 form factor	Straight
Connector 2 gender	Male
Connector 1 gender	Male
Connector 2	USB C
Connector 1	USB C

Full product description

Reliable connection for modern devices

The Extralink Smart Life **USB Type-C to Type-C** cable provides a reliable connection between devices **equipped with USB-C ports**, **enabling charging, data transfer** and **synchronisation** regardless of the direction the plug is inserted.

The advertisement features a black USB Type-C to Type-C cable with a braided nylon exterior and a blue and black connector housing. The cable is coiled and set against a dark blue background with glowing light rays. Large white text '15V' is prominently displayed in the center. In the top left corner, there is a circular icon of a USB Type-C connector next to the text 'Kabel USB Type-C to Type-C'. In the top right corner is the 'EXTRALINK' logo. At the bottom, the Polish phrase 'Szybkie ładowanie' (Fast charging) is written in large white letters.

Durable nylon braided construction

Designed with **durability and longevity** in mind, the cable features a **nylon braid** that protects against kinks and mechanical damage, while also providing an attractive appearance. It is an ideal solution for those looking for a product resistant to intensive use.

Fast and efficient charging

The cable supports a maximum charging power of **15W, at 5V and 2.4/3A**. This ensures fast charging of devices compatible with **USB-C technology**, which is crucial for **smartphones, tablets, laptops and other mobile devices**.

Nylonowa plecionka
nie tylko zapewnia estetyczny wygląd,
ale również zwiększa odporność na
zginanie i ścieranie.

Practical 120 cm length

The cable has an optimal length, providing **freedom and flexibility when charging from different sources**, without needing to be close to a socket.
