Price: **582.91 zł** gross / 473.91 zł net

Manufacturer: TP-LINK

Referention number: DNXXGFOHLHRMMGP

Product features

Regulatory Approvals	CE, RoHs
Storage relative humidity (H-H)	5 - 90%
Height	16 mm
LED indicators	Yes
Width	106 mm
Depth	66 mm
4G standard	LTE
3G standards	DC-HSPA+
2G standards	Edge
Security algorithms	WPA2-PSK
Device type	Cellular network router
Storage temperature (T-T)	-20 - 60 °C
Cables included	Micro-USB
Battery capacity	3000 mAh
Package weight	260 g
Humidity measurement range	10 - 90%
Harmonized System (HS) code	85176990
Wi-Fi frequency	5
Operating temperature (T-T)	0 - 35 °C
Package depth	101 mm
Package height	60 mm
Package width	149 mm

User guide	Yes
Reset button	Yes
Card reader integrated	Yes
Display diagonal	1.44 "
Compatible memory cards	MicroSD (TransFlash)
Wi-Fi standards	802.11a
Wi-Fi	Yes
Display type	TFT
Ethernet LAN	No
Data network	2G
Windows operating systems supported	Windows 10
Power source type	AC
Market positioning	Portable
SIM card type	MicroSIM
Product colour	Black
WLAN data transfer rates supported	867 Mb/s
Built-in display	Yes
DHCP client	Yes
DHCP server	Yes

Full product description

Portable hotspot/ 4G LTE router TP-Link M7650

Using the latest generation of **4G LTE** networks, the M7650 offers two bands to choose from: **5 GHz and 2.4 GHz**, which makes the download speed up to **600 Mb/s**, so that you can **view HD videos without loss of transmission fluidity, download files instantly and have video conversations without interference**. It is an ideal mobile device that will work perfectly in outdoor conditions such as **meetings, picnics, work or relaxing outdoors**.

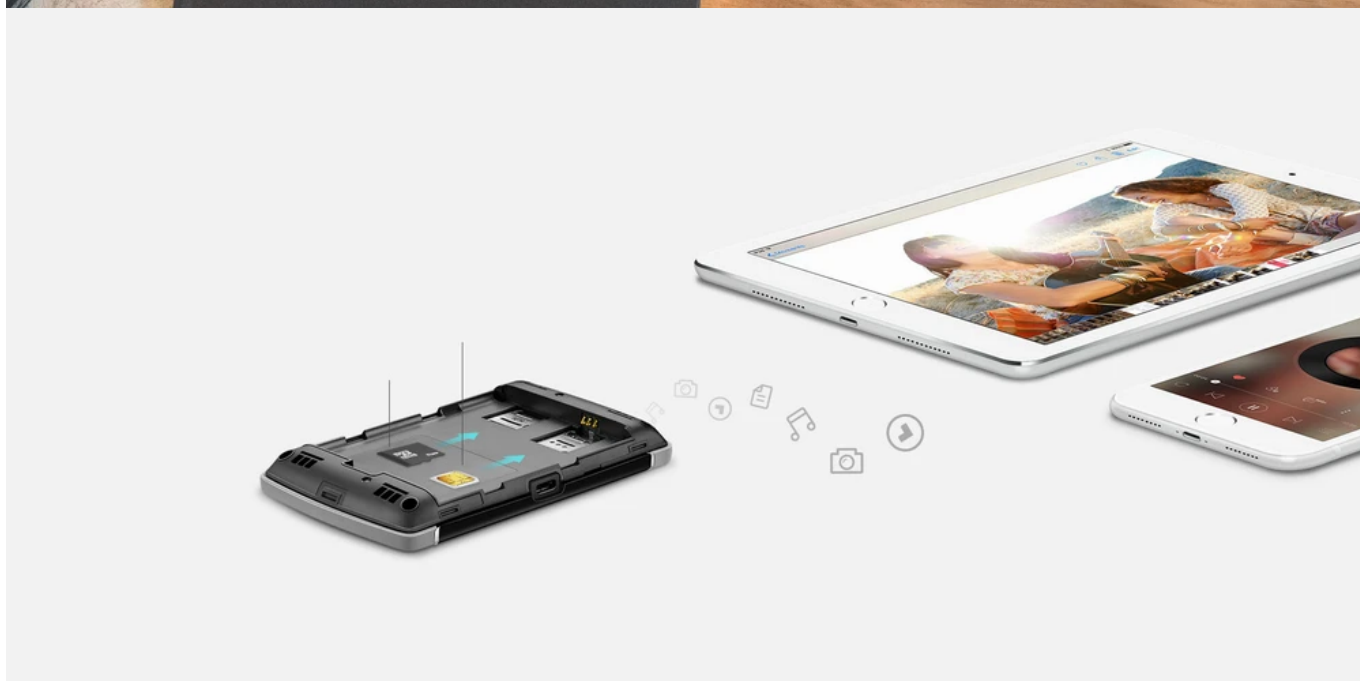

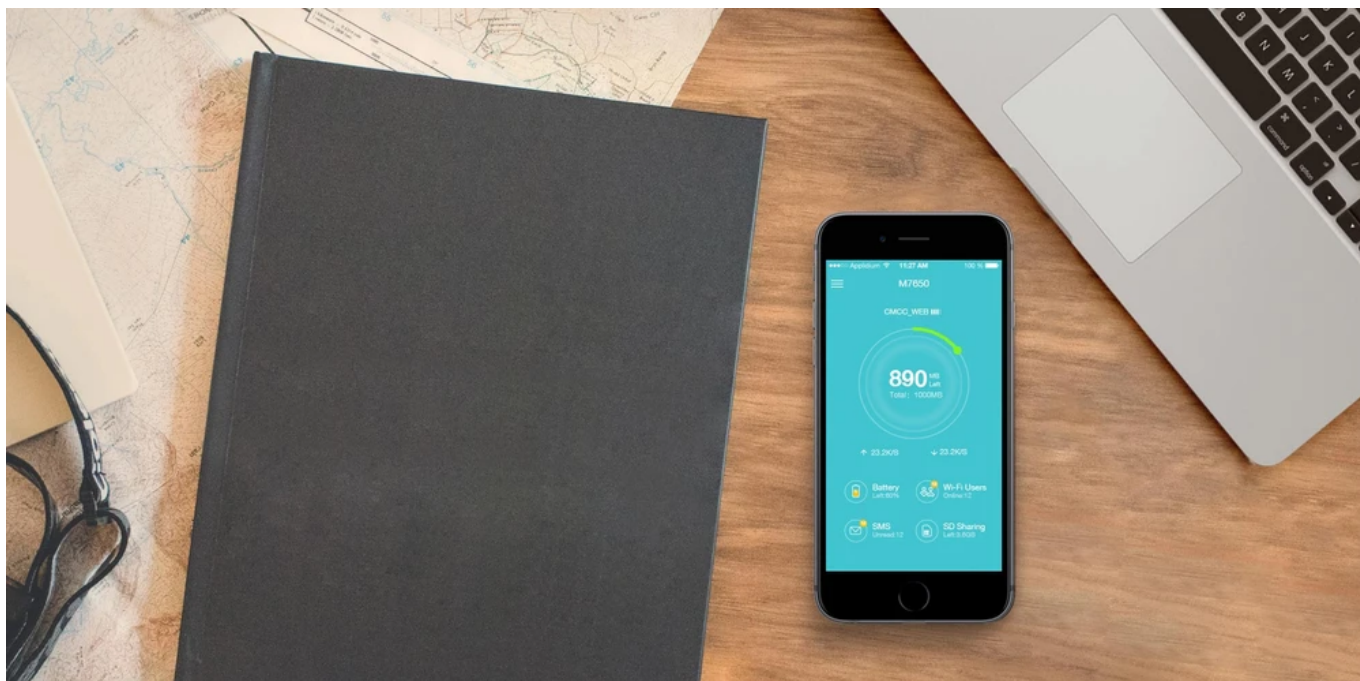

Share your network

With the **Plug and Play** system, just insert a **4G** SIM card to create a **reliable, online hotspot**. The **4G/ 3G** connection can be instantly made available to tablets, mobile phones, laptops, game consoles, up to 32 devices simultaneously. The M7650 can also be connected via **USB cable**.

A quick overview of network status and an intuitive application for management.

The display on the device makes it easy to control the download/upload limit and prevents it from being exceeded. However, thanks to the **tpMiFi** application for phones with **Android** and **iOS** you will check which devices can connect to your network, send messages, send media files to or from your Micro SD card and set data limits.

Portable hotspot/ 4G LTE router TP-Link M7650

- Supports 4G LTE cat11 technology with download speeds up to 600 Mbps and upload speeds up to 50 Mbps
- Supports up to 32 simultaneous connections
- All network information is shown on the screen
- Dual-Band Wireless - Choice of 2.4 GHz or 5 GHz bands
- Device equipped with a micro SD slot with the possibility of using cards with a capacity of up to 32 GB
- Battery operating up to 15 hours at 3000 mAh capacity
