**Full product description**

**EXTRALINK SMART LIFE WALL SOCKET is a modern smart wall socket that brings convenience and security to your home.**

With Tuya's built-in WiFi module, **you can control the device remotely using the Extralink Smart House app**, without the need for an additional hub.

## Control via app

The outlet can be managed via the Extralink Smart House app on a smartphone, allowing you to **remotely turn appliances on and off and** monitor energy consumption.

Also, the outlet has options to set on/off schedules and countdown timers to automate daily activities and help reduce electricity consumption and **lower electricity bills.**

## Security

A built-in on/off button provides additional safety by allowing the power supply to be quickly cut off when needed. This is especially useful in emergency situations. **A parental lock function** prevents children from accidentally turning appliances on or off, making your **home safer**.

## Support for various systems

Support for popular systems such as **Google Home, Siri and Amazon Alexa** provides versatility and integration with existing smart home ecosystems. This allows the nest to be easily managed with voice commands for added convenience.

# VOICE CONTROL FUNCTION

Hands-free voice control

Alexa, turn on the entryway light

Okay, turn on the entryway light

SnapEdit

Easy installation

The socket is **compatible with European round and square mounting boxes**, allowing it to be installed in most standard outlets in European homes.
